THE ROB ROY MINES.
ARE YOU SATISFIED WITH

3%

ON YOUR MONEY?

If not, do as others have done who have made money—invest in a sound, substantial Mining Company, where the risk is no greater than in the business you are engaged in, and the profits larger.

One British Columbia stock (Le Roi) was sold here for a few cents a share, and is now worth over \$40 a share.

There are many opportunities for making money in mining if judgment is used.

Co-operation is necessary in mining, and those who co-operate on a good thing get rich. If you are interested, drop me a postal (only cost you a cent), and I will give you full particulars. You don't have to invest, and investigation is cheap and profitable.
