GOSSIP.

At a draft sale of Shire horses, Feb. 19th, from the stud of P. A. Muntz, M. P., Dunsmore, Rugby, England, the highest price of the day was 600 guineas for the brood mare, Lockinge Belle, by Prince Harold. Brood mares averaged 231 gs.; four-year-old mares, 190 gs.; three-year-old fillies, 211 gs.; two-year-old fillies, 195 gs.; yearling fillies, 133 gs.; stallions, 179 gs.; two-year-old stallions, 984 gs.

The Aberdeen-Angus spring sale at Aberdeen, Scotland, was held Feb. 21st. There was an entry of 222 bulls and 30 females. Two hundred and eight bulls sold at an average of £24 9s. 2d., and 25 females an average of £17. The highest price made was 67 guineas, paid by Mr. Craw, Morlich, for Palgrave, the first-price bull calf shown by Mr. J. Macpherson, Mains of Mulben.

THE NICHOLSON-TAYLOR SHORTHORN SALE.

Remember the great auction sale of Shorthorn cattle, property of R. & S. Nicholson, Sylvan, and W. H. Taylor, M. P., Park Hill, Ont., to be held at the Nicholson farm, "Sylvan Lodge," five miles from Park Hill, G. T. R., on March 20th. See review of the stock in March 1st FARMER'S ADVOCATE, page 167. You will certainly find good cattle at this sale.

TALLY ONE FOR THE HOLSTEIN-FRIESIAN—ANOTHER GREAT DAIRY COW.

The official test of the Holstein-Friesian cow, Lilith Pauline DeKol 4343, owned by H. D. Roe, Augusta, N.J., was conducted in January last, by members of the Cornell University faculty, and the record made was 28.25 lbs. of butter, 80 per cent. fat, in 7 days. The milk yield was 6334 lbs., which averaged 3.48 per cent. butter-fat, an average of 93 lbs. per day. Her largest yield of milk in one day was 100.85 lbs., and the largest yield of fat, 3.37. The highest per cent. of fat in any one milking was 4.1 per cent. This, it is claimed, is the largest official record of any Holstein cow yet tested.

LAST CALL FOR D. A. GRAHAM'S SHORTHORN SALE.

We recall the attention of farmers and stockmen to the advertisement elsewhere in this paper of the dispersion sale on April 3rd of the herd of useful Shorthorns and high-grade Shorthorns, the property of Mr. D. A. Graham, of Ivan, Ont., six miles from Iderton, G. T. R., and fourteen miles from London. In our last issue, page 167, a review of the breeding of the registered cattle is given, which shows that they are soundly bred from the ground up, with top crosses of Scotch-bred bulls of excellent character. The grades will also be found of exceptional merit, as many of them are bred straight from cattle that were registered in the old Canadian Herdbook, registered bulls having been used continuously, and a good class of bulls, so that these are really as purely bred as those in the books of the present day. The dual-purpose cow is well represented in this herd, nearly all being bred from deep-milking families, and a number closely related to a cow that made 163 lbs. butter in a week. The cow that will give a large flow of milk and will fatten rapidly when dry, that will make good money in the dairy and raise on her skin milk a calf that will grow into a \$70 steer at 24 years old at little cost of keeping, is the kind that suits the average Canadian farmer. See the advertisement of this sale and send for the catalogue.

Queenston Cement.

The demand for our cement in 1900 justified us in adding largely to the capacity of our cement works. The indications are that this year's business will be still greater. We start the new century with an equipment which for the manufacture of natural rock cement is not excelled in America.

We shall be glad to assist you in making plans for new farm buildings or for remodelling old ones. Our experience should be of value to you. It will pay you to investigate our system of ventilation.

Write us for prices or for estimate of cost of any kind of concrete work.
