You may want something of this nature. Let us build it for you. You will find our prices as reasonable as our service is excellent.

Farmer's Advocate of Winnipeg, Limited

HOW TO FEED CATTLE

A very costly mistake, often made by farmers and cattle-feeders, is failure to maintain the digestive function of their feeding animals at a healthy, normal activity. Ignorance lies at the bottom of this more often than carelessness. No one purposely chooses a course likely to diminish profits.

Yet it is a fact, capable of demonstration, that many a thrifty steer or good milch cow loses, through too heavy feeding and an over-taxed digestive system, the power of healthy assimilation, and "goes back" until the gain of months is lost.

One course alone promises immunity from such disaster—a regular, daily tonic-dose, composed of elements proven beneficial, for each animal.

This is "The Dr. Hess Idea." Prosperous feeders follow it, and their success is teaching others to do so. In fact, "The Dr. Hess Idea" is the only common-sense rule for the care of farm animals.

The heartiest steer with the best appetite can't take an extra heavy ration every day—such as a feeder always gives when hurrying a "bunch" to market—without getting "off feed" sooner or later; it isn't possible. Now, then, to begin right, start with the first mess of grain and give a little of Dr. Hess Stock Food (a tonic) with it. Follow this course right up to the finish, and you will market fine animals at a satisfactory profit.

The reason is plain when you know the nature of the preparation. Dr. Hess Stock Food (a tonic) contains elements which strengthen digestion.

Dr. Hess Stock Food makes a cow increase her milk flow, for the same reason. It helps a hog to fat in the shortest time possible, and it puts all domestic animals in prime condition, curing many of the minor stock ailments.

Beyond a doubt, "The Dr. Hess Idea" is the foundation on which successful stock husbandry rests. If you try it and fail of good results, your money will be refunded.

MULTIPLE CYLINDER ENGINES

The Temple Pump Company, of Chicago is the pioneer in the manufacture of the Multiple Cylinder Gasoline Engine. The Master Workman, a double cylinder gasoline engine was the first in the field. Now, the whole course of progress in the making of gas engines is towards the multiple cylinder type, engines of two, four, six and eight cylinders being made. The Temple Pump Company are now manufacturing two and four cylinder engines for general farm use.

The advantages of the two and four cylinder engines for the farm are: Economy in the use of fuel, greater certainty of continuous running, quick and easy starting, less cumbersomeness and adaptation not only for stationary use but for portable and traction use. Sooner or later the need of an engine for traction purposes as well as for stationary will be felt by every agriculturist.

This is the fifty-fifth year of the Temple Pump Company.

SEARCHING FOR WATER OR MINERALS

The American Well Works, Aurora, Ill., have accomplished wonders in their forty years' experience. Every land owner can have the advantage of this experience in developing his mineral resources or in search of water. A club or a company of men may make up a good purse or form a corporation for the purpose of ascertaining the mineral resources of a community. By this method a persistent policy insures returns on the investments. The manufacturers named above have an inexpensive drilling machine which is superior to any other. The cost of operation is also the lowest. They publish a catalogue of 196 pages which describes 59 regular styles of drilling machines besides their centrifugal and other pumps and scores of other appliances in common demand. This catalogue will be sent free to parties who mention this publication when writing for it to the American Well Works, Aurora, Ill.

TWO IN ONE ALBERTA FAMILY

Cured of Eczema by D.D.D. Prescription. Mrs. D. McGillivray of Nanton, Alta., tells of her experience last spring.

She wrote us on March 9th, 1908:

"I am glad to say I received the three One Dollar Bottles of D.D.D. and two cakes of Soap safely, and am delighted with the result of both Prescription and Soap. The Soap is all that is required to complete the treatment. The little boy of two years and a half is to all appearances cured of the dreadful Eczema."

"My baby girl at two months broke out with the same rash and I treated her with the D.D.D. and am perfectly satisfied she is cured, to our great joy. I feel sure it is a splendid remedy for all skin diseases and I can highly recommend it. I shall always try and keep a bottle as a household remedy, for we feel thankful to you for it. I shall be glad to recommend it to any one suffering with skin trouble."

Why let the little ones suffer tortures from horrid, itching skin diseases? Why upset their stomachs with vile drugs when D.D.D. Prescription, applied externally, will give instant relief and a speedy cure?

TRIAL BOTTLE FREE

If you have never tried D.D.D. Prescription write us to-day, enclosing only 10c to help pay postage and packing and we will send you free a trial bottle of this wonderful remedy. Let us prove its merits to you—SEND RIGHT NOW FOR THE FREE TRIAL BOTTLE.

23 Jordan Street, Dept. J14, Toronto, Ont.

Left Fat ; Back Slender

By "FOOTLIGHTS."

Glau and his overweight chorus from the "Aeroplane" company have returned to New York in what may be described as greatly reduced circumstances. Not as to finances, let it be said, nor yet in numbers, glory be, but in avoidupois—that is to say, gross flesh. The entire galaxy has lost out in this respect, much to its advantage.

It seems the people out west will support slim ballerinos, and no other, and our famous "balloon chorus" carried, so to speak, no weight with them. They treated that prize collection of fat New York beauties with an unprecedented coldness. Consequently, Glau faced the problem of reducing the entire front and rear rows at once, or shipping them back—"excess" baggage. It was a terrific job, as all who saw the "Aeroplane" before it left this tolerant town will admit but our ingenious townsman tackled it and succeeded—broke all records, in fact. And thereby hangs a tale worthy of any fat lady's attention.

Glau didn't rehearse his flock into shape, nor starve them into line, nor yet worry them, verbally, into shadows. He paid salaries regularly and let them eat and drink as they listed. He simply hung up a new rule in the dressing-rooms to the effect that every lady less than five foot seven who weighed in excess of 150 pounds must take a teaspoonful after each meal and at bedtime (or about where her bedtime ought to be), of the following: One-half ounce Marmola, 1 ounce Fluid Extract Cascara Aromatic, and 41 ounces Peppermint Water.

They did it and in a month averaged a loss of a pound a day apiece. "That's a dandy receipt," says Glau. "Simple, pleasant, harmless and a worker from the word 'go.' Wish I could get a railroad rate reducer half as good."

EE A MOTHER'S EE HAPPY THOUGHT.

A lady writing from Ireland says:—"I went to see my sister's baby, who was very ill indeed. She had been up for nights with him without undressing; he was crying all the time as with some internal pain. The doctor told her he could do nothing except put him in a warm bath, which gave him a little ease for the time being."

"I thought of STEEDMAN'S SOOTHING POWDERS which I used for my own children; and next day I sent some to my sister, when she gave the child half a powder according to directions. For the first time for a fortnight she and the baby, and, in fact, all the household, had a good night's sleep, and the little fellow has continued to improve ever since."

These powders do not contain poison, nor are they a narcotic; but they act gently on the bowels, thus relieving feverish heat and preventing fits, convulsions, etc.

Please notice that the name is STEEDMAN is always spelled with EE.
