No. 11

THOS. J. PETERS

*Fresh
Florida*

*Ripe
Tomatoes*

Grown Right

Our seed is specially selected by the Best Seedsmen in the world. We pay more for it than does any other grower in Florida. Our Fertilizer is made as we want it, out of the ingredients that from 26 years' experience we have learned, our soil requires to give keeping quality and solidity of Fruit.

Picked Right

Constant watching the maturing of the fruit by thoroughly experienced picking and field men enables us to gather them at the **Right time**. Every vine is so trained that winds do not mark and scar the fruit. Every Tomato can be seen. Every tomato is bleached in the shade. Spring carriers haul our fruit to the packing house.

Packed Right

All packing and packing house work is looked after by our men whom we keep in our employ the year round. Thus ensuring efficient service. All tomatoes are carefully handled and when packed for shipment we carefully stack them on their sides to prevent bruising on the top. All cars are strapped to protect the top layers.

" THOS. J. PETERS BRAND "

is worth more—is cheaper than any other pack at any price because they are the Best Tomatoes grown in Florida—put up the **Very Best Way**.

Handle only "Thos. J. Peters" pack of Ripe, Fresh Florida Tomatoes—Packed in 6 Basket Crates.
