Motor Car Collisions. The necessity for the exercise of great precaution by motorists at street intersections was shown during the past week, two accidents having occurred that might have been very serious. The Motor Vehicles Act provides against such dangerous occurrences, by making it a punishable offence to rush past an intersection where the side streets cannot be clearly seen, at a greater rate than ten miles an hour. Why can the motorists not observe this regulation, and make the street traffic safer for all concerned?

Loitering at the Station. A member of the Investigation Department of the Canadian National Railway paid a visit to Mildmay last Wednesday, to look into certain complaints that have been made concerning the alleged loitering about the depot by young boys and girls each evening. The parents of the young folks were called upon and notified, and if the nuisance is continued, legal action will be taken by the Department to punish the offenders. Parents will be well advised to keep their children away from the station after this notice.

The re-organization of the Association was effected, with the following executive officers:—Hon. President—R. E. Truax; President—Wm. Connell; Vice-Pres.—I. Shoemaker; Secretary—J. A. Johnston; Treasurer—M. A. Halliday. The matter of fixing the date of the nominating convention came in for considerable discussion, and it was finally decided to hold the convention on Friday, May 29th at the town hall, Walkerton. It is thought in many quarters that the Federal election will be held in the early fall. Hon. Duncan Marshall, Liberal organizer for Ontario, delivered a fine address. Mr. J. J. Hunter of Kincardine spoke briefly.

Fine Program. The recital of Sacred music, presented in the Evangelical Church last Friday evening, was greeted with a large audience. The program was furnished by the combined choirs and male choruses of the Hanover and Mildmay Evangelical churches, and many very fine numbers were rendered. "Were You There," rendered by the male chorus was an exceptionally good number, being rendered with splendid expression and perfect harmony. The choirs handled several very difficult anthems in fine style. Miss Klemmer's recitation is also worthy of special mention, as was also the duet by Mr. Graff and Miss L. Hamel of Hanover. Rev. E. D. Becker delivered a short message on a subject appropriate to the Easter season. The program was repeated at Hanover on Sunday evening.

Sneak Thieving. Messrs. Jacob Palm and Louis Dahms have been troubled recently with sneak thieves, who pay nocturnal visits to their barns and carry off grain and other articles. The tracks of the guilty parties were followed through the field and they have now ascertained who has been doing the thieving, and if any more of these depredations are committed in that neighborhood, some drastic punishment will be meted out to the offenders.

Mildmay Enters Two Teams. Mr. Chas. E. Wendt and Dr. E. J. Weiler represented Mildmay at the annual meeting of the Western Football Association at Kitchener last Friday. Mildmay will have both intermediate and junior teams in the Association this year. Mr. B. L. H. Bamford of Listowel has been elected President of the Association. Lightning Hits Farm Buildings. During the thunderstorm on Monday evening, lightning struck Michael Beitz's house and barn, doing a good deal of damage. Just about midnight there was a vicious stroke, which hit both buildings. It awakened Mr. Beitz and the other occupants of the house, who made a hurried examination of the premises to see if ignition had taken place. Quite a hole was punched into the foundation wall of the house and several windows were smashed. At the barn the current seemed to follow the eavetrough down to the front of the stable, where it connected with the litter carrier track, and was carried into the stable, where the fat cattle are tied. At the end of the track it jumped to a stall killing a three month old calf, and starting a small fire in the straw and chaff. Michael was fortunate in reaching the stable before the fire had gained dangerous headway, and was able to extinguish the flame. The insurance company adjuster was on hand promptly the following day and fixed the loss at \$45.00.
