SUPREME COURT

Percy Guthrie, of Crocket & Guthrie, Appointed Clerk of the Court

FREDERICTON, N.B., June 1.—The first term of the Supreme Court opened this morning, the Chief Justice presiding, and the other justices present being Justices Landry, McLeod, and White. Owing to the non-arrival of commissions the newly appointed justices did not take their seats upon the bench. Judge Landry now sits at the Chief Justice's right, while Judge McLeod occupies the seat formerly occupied by Judge Landry. Judge White sits at the Chief's left and Messrs. Barry and McKeown will sit to his left.

When the judges had taken their seats the Chief Justice spoke as follows: "Before we proceed to the regular business of the court it is appropriate that some reference should be made to the loss which this court has sustained since we met here in April last. During that short period two vacancies have been made in the bench one by the death of Mr. Justice Hanington, the other by the resignation of Mr. Justice Gregory.

"The late Mr. Justice Hanington occupied a seat on this bench for upwards of sixteen years with a physical energy which no strain seemed to weaken and a capacity for work which no emergency seemed to disturb. With a mind which had been exceedingly well trained in his studies, days and a judgment which had been matured by the experience of a long and varied practice, he came to the bench with qualifications especially well adapted for so distinguished and responsible a position.

"Mr. Justice Gregory was appointed to the bench on the 9th of October, 1909. He also has qualifications of the very best for the position. His professional attainments were of the highest order, and his experiences had been wide and varied. He brought to the consideration of matters before him a mind entirely open to argument and singularly free from bias or prejudice. It was with great regret that the other members of the court realized some months ago that his health was unequal to the strain upon it caused by his judicial work.

"There are none who can estimate the loss which this court has sustained by the death of these two eminent and distinguished jurists. It is with great regret that the other members of the court realized some months ago that his health was unequal to the strain upon it caused by his judicial work.

PRESSES KEY, PRESTO! EXPO. DECLARED OPEN

Taft Touches Gold Key in Washington SEATTLE FAIR

Opening Exercises Carried Out Without a Hitch

SEATTLE, Wash., June 3.—President Taft in the White House at 1 o'clock this afternoon pressed a telegraph key of Alaska gold and sent a spark across the continent that put in motion the wheels of the Alaska-Tukon-Pacific exposition and evoked universal rejoicing from all Seattle which has toiled for years to bring about this day.

WASHINGTON, June 1.—The ceremony of pressing the gold key in the east room of the White House by which President Taft today formally opened the Alaska-Tukon-Pacific exposition was simple. There was a delay of fifteen minutes at Seattle in completing the arrangements, and it was 2:15 p. m. (Washington time) when President Taft touched the golden telegraph instrument. Two wires were working through from the exposition grounds at Seattle to the White House.

After the president had touched the key there was a wait of a few moments, during which there was complete silence. Then came the ticking of the instrument to tell that the starting flash had done its work. The president also made a brief speech in which he said: "We are here to go through a ceremony that symbolizes the close relationship in this country between the eastern seaboard and the western seaboard, and to express in this way the interest of the whole country in the position that affects Alaska, the northwest and the Philippines, all parts of the country. In the development of which we are especially interested, and towards the future of which we look forward with every hope that there shall be a successful development."

Back Strained By Heavy Lifting

Lay Helpless in Bed for Four Days, Crippled Suffering Agony and Torture

"While engaged with a large construction company," writes Amos E. Wilbur, from Concord, "I wrenched my back while lifting a steel beam. I realized at once that I was hurt, but finished the day out. I was so lame when I reached home that my wife insisted on my going to bed. I applied poultices, hot water bags and other remedies, but at the end of the fifth day my suffering was more intense than at first. A fall workman brought me a bottle of NERVINE and rubbed my back twice during the evening. This gave me relief. Rubbing with NERVINE was continued the next day, and by the third day I was much improved. NERVINE must have penetrated right into the muscles that were sore, because it took out the stiffness, cured the pain, and had me well in four days' time. Of course, I strengthened my back. I put on a Nervine Porous Plaster and find it a wonderful help to a working man."

HOPES CONSOLIDATED SCHOOL WILL BE BUILT

Dr. Inch, who recently announced his intention of resigning the office of superintendent of education, came to the city yesterday for the purpose of taking part in the demonstration in honor of Sir Robert Perks. When seen by The Sun last night, Dr. Inch stated that he had placed his resignation in the hands of the provincial secretary just previous to his leaving Fredericton. He would not be so unopinionated as to who his successor would be concerning his plans for the future. Dr. Inch stated that he had decided upon nothing definite as yet. He would, however, make his home at Sackville, where a number of his relatives now live. His subsequent plans would depend to a very great extent upon the conditions of the health.

Dr. Inch returns to Fredericton this morning for the purpose of attending the meeting of the board of education. At this meeting will be decided the future of the Consolidated School, at Kingston, recently destroyed by fire. Three of the same districts are opposed to the rebuilding of the school, but it is hoped that some of them will change their minds. The meeting was attended by the members of the Inter-colonial Railway board were on the car that ran over the boy.

Some of the members of the Inter-colonial Railway board were on the car that ran over the boy.
