Sir Wilfrid's Return Kills for 100 Years People's Own Railway.

Liberal-Conservative Party Believes That what the People Pay for the People Should Own and Control.

Montreal, Oct. 25.—The leader of the Conservative party, R. L. Borden, has issued the following message: TO THE PEOPLE OF CANADA: Parliament is now dissolved and po

Parliament is now dissolved and political parties must submit themselves, their actions and their policy, to the judgment of the people.

Since my election to the leadership of the Liberal-Conservative party, it has been my privilege to address audiences in every province and territory of the Dominion, the Yukon excepted, and with my colleagues to discuss in parliament many subjects affecting the public weal. Our policy has been clear, defined and consistent, the same in every quarter, alike to every class. The records of Parliament show where we stand on the public questions which have been before the country since the last elections. These cannot all be discussed in this message, but in regard to some of the principal issues involved in this contest, I submit in a few words the platform on which we appeal for your judgment. your judgment.

TRANSPORTATION. The subject of most immediate cor

ern is transportation. Having regard to the enormous obligations which would be imposed upon the people by the government's rash transcontinen-tal projects; to the certainty that its adoption by you would shut out for a century government ownership of railways, and to the vital importance o fcontrolling our own traffic and commerce, this question is the most momentous and far-reaching that has ever been submitted to the elector-ate of Canada. The immense territory and ever-increasing products of Canada demand the best and most economical transportation. We know that the people are willing to provide that the people are willing to provide generously whatever money may be necessary for the development of the Dominion and our policy is to extend and improve its transportation facilities by land and by water. But we insist that what the people pay for, the people should own and control; that public money should be used for Canada and for its people and not to promote the trade and wealth of foreign ports.

COUNTRY'S NEEDS.*

We fully realize the country's need for increased facilities of transporta-tion. Efficient service and reasonable rates must be assured. In utilizing rates must be assured. In utilizing the public credit for these purposes we must thoroughly guard against the diversion of our trade into the hands of foreign competitors. The government seeks to impose upon the people liabilities amounting to at least \$150,000,000, for the construction of a transcontinental railway under least \$150,000,000, for the construction of a transcontinental railway under conditions which absolutely fail to steam of the sum of the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was a cyclone; Elisha as gentle rain or dew; but both the approved servants of the Law of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was like the Gostier of God to condemn and destroy sin, and the sinner; Elisha was a cyclone; Elisha as gentle rain or dew; but both the approved servants of the Living God. we affirm that the management of the Intercolonial Railway and of other railways operated by the government should be freed from partisan interference and from party political control.

EXTEND INLAND WATERWAYS. We also affirm the necessity of thoroughly equipping our national ports and of developing and extending our system of canals and inland wat-erways. The principles upon which Sir John A. Macdonald based his fiscal policy in 1878 guide us to-day. We maintain and we will develop that policy for the advancement of the whole Dominion. It is a stable the whole Dominion. It is a stable policy avowed openly without reserve. It is a practical business policy adjustable to the needs of the time. Our aim is so to apply it for the common good of the people and for the conservation of the Canadian market for the Canadian producer, that honest industry in every legitimate calling may receive a just reward: honest industry in every legitimate calling may receive a just reward; that the toiler may enjoy in his own land full employment under conditions which ensure a just wage; that capital may be attracted to and may be safely invested in our industries, and that articles and commodities required for the use of our people may be produced as far as is reasonably possible in this country. We believe that any extension of our markets by means of reciprocal trade arrangements should be sought among those within the empire who are our chief customers, rather than in foreign countries. A preference for our products in British markets would lead to an immediate enormous development of our resources. Such a preference the Conservative party will endeayor to obtain on favorable terms.

offices we shall place personal character and capacity above considerations of party service and such additional safeguards will be provided as may be found necessary for the full protection of the public treasury.

More efficient means will be devised to guard against corrupt practices at elections and to protect the

electorate from fraudulent devices by which the will of the people has been so often thwarted and the name of

Canada degraded.

Inspired by an abiding faith in the justice and wisdom of our policy, and with an earnest confidence that it will prevail ,we now submit it for your consideration, believing that it merits and that it will receive your approval.

FOR THIRTY YEARS

Congressman Meekison Suffered With Catarrh-Read His Endorsement of Pe-ru-na.

Hon. David Meekison is well known, not only in his own State but throughout America. He began his political career by serving four consecutive terms as Mayor of the town in which he lives, during which time he became widely known as the founder of the Meekison Bank of Napoleon, Ohio. He was elected to the Fifty-fifth Congress by a very large majority, and is the acknowledged leader of his party in his section of the State.

Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peruna came to the rescue, and he dictated the following letter to Dr. Hartman as the result:

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encour-aged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David

Over fifty members of Congress endorse Peruna as a catarrhal tonic. Men of The Hartman Sanitarium, Columbus, cominence the world over praise Peruna.

A TONIC is a medicine that gives tone to some part of the system. There are different kinds of tonics, but the tonic most needed in this country, where catarrh is so prevalent, is a tonic that operates on the mucous membranes. Peruna is a tonic to the mucous membranes of the whole body. It gives tone to the capillary circulation which constitutes these delicate membranes.

upon the mucous membrane. It is a tonic that strikes at the root of all catarrhal affections. It gives tone to the minute blood vessels and the terminal nerve fibres. Catarrh cannot exist long where Peruna is used intelligently, Peruna seeks out catarrh in all the hidden parts of the body.

A. M. Ikerd, an employe of the C. B.

& Q. R. R., West Burlington, Ia., writes: "I had eatarrh of the stomach and small intestines for a number of years. I went to a number of doctors and got no relief. Finally one of my doctors and got no relief. Finally one of my doctors sent me to Chicago and I met the same fate. They said they could do nothing for me, that I had cancer of the stomach and there was no cure. I almost thought the same, for my breath was something awful. I could hardly stant it, it was so offensive. I could not eat anything without great misery, and I gradually

I took five bottles of Peruna and two of Manalin, and I now eel like a new man. There is nothing better than Peruna, and I keep a bottle in my house all the time."—A. M. Ikerd. Catarrh of the stomach is usually called dyspepsia. Catarrhal dyspepsia cannot be cured by pepsin powders or any other temporary relief. The only cure for real dyspepsia is a removal of the catarrh from the mucous membrane of the stomach. This Peruna will do. This Peruna has done thousands and
