The Price Goes Up!

Ranger and Burburnett Oil Co. No. 2 is a Great Success in every way. The first issue of stock at par, is all sold out and the price advances to \$1.25 Per Share on Sept. 1st

It is certain the Company will be fully financed and the Stock off the market and soaring skyward by the end of the month. My reservation is going fast. I wired an order in Saturday for 1000 Shares and not many remain. I will continue to sell at the Old Price

\$1.00 Per Share AS LONG AS THEY LAST.

Better get your Order in at once, else you'll sure be too late. No. 1 Well is expected to strike the Oil any day, and it will be a Gusher that will immediately send the stock jumping. Hoffman Acts Swift, but this time he has put all previous records in the shade. He's a Wizard Sure, and always makes Big Money for everyone who invests with him. He has promised this time to Beat all records, and he will. Dividend cheques have already been received by all investors in No. 1 Company and in a week or two No. 2 Dividends will be paid and it will be a startling and a pleasant surprise to all Stock Holders. Dividends from Oil Sales in No. 2 Company, I believe, will be paid in October and as No. 1 Well is in the Desdemona Pool and likely to be a 10,000 Barrel Gusher the Dividend will be a Big One.

Let me have your Orders for every share you can handle and DO IT NOW. Those who follow Hoffman must "Act Swift" if they want the BIG PROFITS.
