MARKETS AND FINANCE

Saturday, June 19.—Central market Saturday, June 19.—Central market presented a busy appearance this morning, with the large number of farmers and buyers that were present. Although the produce was plentiful, the prices remained firm in most lines. New strawberries were offered in fairly large quantities and sold at 14 to 15c wholesale and 17 to 18c retail. On the grain market buckwheat was a little firmer. The standard prices at 8 a, m. were The standard prices at 8 a. m. were

dian wool season, it may interest those in the trade to know that by a recent decision of the Customs appraiser at the Port of Philadelphia, the duty on Canadian washed combing wool has been declared to be 22c per pound, and under this ruling two carloads of Canadian wool are being returned to Canada, the importer declining to pay the increased duty, as this wool has hitherto been admitted into the United States at a duty of 12c per pound.

Should this ruling be approved by the Board of Appraisers for the United States, it will put an end to the large exportation of Canadian wool to that country, which has been going on for years.

This would force us to find a market

This would force us to find a market in Britain for our surplus wool, which, owing to distance and other causes, would not be such a desirable market as the United States.

OUR BANKS.

Toronto Saturday Night: It will surprise a great many to learn that the number of "going" banks in Canada is exactly the same as the number in operation at Confederation in 1867. Of exactly the same as the number in operation at Confederation in 1867. Of course, there is a large increase in the capital of the banks doing business at present. The failures and consolidations in the past forty-two years account for the fact that only fourteen of those in existence at Confederation appear on the lists to-day. The total paid-up capital then was only \$32,000,000, while now it is \$97,150,000. The Bank of Montreal has in the meantime increased its capital has in the meantime increased its capital from \$6,000,000 to \$14,400,000. The Bank from \$6,000,000 to \$14,400,000. The Bank of British North America has remained stationary as fan as capital is concerned, but it is nevertheless one of the most progressive and substantial institutions. Its capital, which is chiefly British, is \$4,806,000, the same as in 1867. Then is was second in capitalization, now it. is was second in capitalization; now it is fifth. The Canadian Bank of Com

is fifth. The Canadian Bank of Commerce was a small affair in early days, with a capital of \$384,181; it took in the Gore Bank, and since then has increased its capital to \$10,000,000, becoming the second largest banking institution in the Dominion. The Merchants' Bank now ranks third largest in capital stock. BRADSTREET'S TRADE REVIEW

BRADSTREET'S TRADE REVIEW

Montreal—Generally business here continues to move towards more astisfactory conditions, although the increase in the volume of trade is by no means surprisingly large. Cool weather generally has to some extent acted against a rush of sorting orders in the drygoods trade although business in this connection has been fairly good.

Toronto—The outlook for future business continues excellent. Wholesalers in nearly all lines report some continues accellent single caution in makine commitments.

As stocks in most lines that accellent sign. Lessons of the past have not been lost, however, and dealers are showing considerable caution in makine commitments.

Winnipeg-Ali attention centres on the condition report a failing of great satisfaction with the outlook.

Vancouver and Victoria—Wholesalers in all lines report an excellent demand for seasonable goods.

Quebec—In some quarters wholesaler business is reported fair for the season.

Hamilton—The general improvement in the season of the continue of trade is expected to show a fairly good increase over that of last year.

London—Weather conditions have hardly favored a big business in summer lines at retail, but there has been sort-up trade and with a few warm sound bucks.

Ottawa—Business holds fairly steady with some increase in volume noted.

in the harness when a dread disease threatened him and from which he did not expect to recover; fortunately, however, he had recovered from it. His reason for retiring was that he had not been well for some time. It was for his own good that he was withdrawing, but it was not without sorrow and regret. He expressed his warmest regards for those with whom he was connected in the work.

Three cheers for Mr. Crisp, followed by the same for Mr. Adam Brown, closed the happy event.

ABUSED GIRL.

Strange Reason For Starving and Torturing Her Child.

How Mother Is Alleged to Have Got Even With Sister-in-Law.

ase of cruelty was revealed in the Hull Police Court this morning. Mrs. Eugene Lajoie, of Aylmer, was charged with starving and otherwise ill-treating her ten-year-old daughter Lena, who since birth seems to have been the object of the unnatural mother's hatred. The reason she gave for her dislike to the child was that the latter had been named after her husband's sister, whom she hated. Evidence showed that the child was treated more like an ill-favored dog than like a human being. Sne was not allowed to eat at the table with the rest of the family, and use neighbors said the unfortunate little outcast searched in the yard for peelings and scraps of raw meat with which to appease her hunger.

When the police interfered the child was in so serious a condition that she had to be taken to the hospital in Ottawa, where the house surgeon towed her increased. Hull Police Court this morning. Mrs.

LOST FINGER.

Buffalo Baby Badly Hurt by Scared Horse.

Buffalo, June 19 .- A baby in a go-cart colled toward the curb at 1350 Fillmore avenue early last evening, toward where horse was hitched to a post. Just as the cart reached the curb the girl, who was supposed to be minding the baby, saw its danger and jumped to grab the cart. The jerk she gave it threw the baby out under the horse.

The horse was frightened and reared against the hitching starp. Several times the iron-shod hoofs barely missed the baby, here was the start of the star

times the iron-shod hoofs barely missed the baby's head. The little one's finger was stamped off and her head and body terribly bruised.

Two men passing by saw the accident and rescued the baby without delay, and carried her to a doctor's office, where her injuries weer dressed. She may recover.

SMITH-WEAVER

Hamilton Young Man Takes a Bride at Lynden.

A charming social event took place on Wednesday at 1 o'clock at the residence of Mr. and Mrs. Wilbur Weaver, near Lynden, when their daughter. Clara Ethel, was married to Mr. Guy William Smith, of Hamilton. The bride was given away by her father. She was attended by Miss Ariel May Porteous of Brantford, while Mr. Erell Chester Iron-side, B. A., of Toronto, performed the duties of best man. Little Sadle Betzeur, a niece of the bride, was flower girl. The ceremony was conducted by Rev. Isaac M. Moyer, pastor of the Methodist Church. The bride wore a beautiful white silk gown trimmed with Irish lace and carried bridal roscs, while the bridesmaid was attired in cream collenne

and carried pink roses.

When the ceremony had been concluded and hearty congratulations and good wishes had been extended, the bridal party and about

had been extended, the bridal party and about eighty relatives and intimate friends repaired to the dining room, where a recherche de-jeuner was served. The groom's gift to the bride was a gold watch and chain, to the bridesmaid, a pearl scarf pin, and to the flower girl, a pearl ring. The bride's going away gown was a taupe duchess cloth with a white picture hat. The heavy couple left on the 4.5 train for Port

records, clothing, etc., should pick up.
Ottawa—Business hold fairly steady with some increase in volume noted.

LEAVING P. O.

Presentation to Mr. Alf. Crisp
This Morning.

A presentation was made this morning to Mr. Alfred C. Crisp, of the Hamilton post office, who is retiring under superannuation, on account of ill-health.

The brides aging away gown was a target the bride and white picture, hat. The happy couple left on the 4.45 train for Port Allegheny, Pa., and other points east.

The large number of costly presents of which the bride was the recipient testified to the high esteem in which she is held.

Both the bride and the groom are highly esteemed in Lynden and wherever they are known. They have been active workers in the Methodist Church and in the Sunday. School in connection therewith, Mr. Smith having been the efficient superintendent of the same during the past year.

After August 1st, Mr. and Mrs. Smith will be at home at 136 Argue street, Hamilton. They will be followed to their new home by the best wishes of a host of friends that

A SAD DEATH.

Mrs. N. Twinam Passed Away This Morning.

A sad and untimely death occurred early this morning at 314 Wilson street when Jennie, wife of Nathaniel (Thorn) early this morning at 314 Wilson street when Jennie, wife of Nathaniel (Thorn) Twinam, and second youngest daughter of Mrs. Wm. Stander, passed away. Deceased had been ill for several months and was taken home from the City Hospital only a few days ago at her own request, after all hope for her recovery had been given up.

Deceased was an attendant of Emerald Street Methodist Church, and before her marriage was well known in elecutionary circles. Being only 19 years of age and married only a short while, much sympathy will be extended to the bereaved husband.

There are left to mourn her loss, besides her husband and mother, an infant daughter, Dorothy, two brothers, William of Winnipeg, and Joseph of Syracuse, and three sinters, Essie, Nellie and May, all at home.

The funeral will take place from her mother's residence, 314 Wilson street, on Tuesday at 3.30 p. m. Private.

DETROIT CAR WON YESTERDAY'S AUTO RACE.

ors in the opening "Western Vander-bilt" automobile races yesterday went to Joseph Matson, who piloted a Chalmers-Detroit Bluebird to a brilliant victory over 15 rivals. Perfect weather and the absence of any save the most trivial injuries to drivers were fortunate circumstances attending the winning of the In diana trophy by Matson. The field num-bered sixteen cars at the start, the Ford

and Renault having withdrawn.

The leading trio finished as follows:
Chalmers-Detroit (Matson) ... 4.31.21
Locomobile (Robertson) ... 4.39.03
Marion (Monsen) ... 4.42.03
One lap 23.27 miles. Total distance,
232.74 miles.
The time for the other cars was not

23.2.4 miles. For all distance, 232.74 miles.

The time for the other cars was not taken, as they were flagged off the course after the first three had finished. Burman, in a Buick, led at the end of the first lap, covering the distance in 23.41, the fastest lap of the race. Burman also led at the end of the second lap in 19.45.

in 23.41, the fastest lap of the race. Burman also led at the end of the second lap in 49.46.

Knipper, in a Chalmers-Detroit, led at the end of the fourth lap in 1.46.27, 2 seconds faster than Matson's time.

When it became apparent, as the nintial race in the two days' contest drew to a finish, that the victory lay between Matson, Robertson and Monsen, the affair increased in dramatic intensity. As each of the leading candidates was seen on the hilltop to the south, the cheers of the spectators began. They reached a climax when the speeders swept by the grand stand in some instances almost neck and neck and disappeared up the rise to the north.

Burman's excellent work continued on the second round, as he led the field past the grand stand in 49.46. But histriumph was short-lived. He was put cut of the running on the fourth lap by the loss of a valve.

The Fal-Car, driven by Reuhl, had the distinction of making the slowest lap of the day in 3 hours 40 minutes.

The second lap brought about the downfall of Louis Strang, who was admittedly the favorite driver before the instance. He covered the first lap in fine shape in 24.32 3-5. But half-way round on the second he was put out of the contest by the sudden necessity for using his brake to avoid crashing into a car ahead. His transmission gear was stripped from the rear axle. The fourth

lap saw Chevrolet, the lone Buick survivor, but he, too, was forced out of the race by an accident shortly after leaving the grand stand.

Matson was forced to relinquish his lead for a brief period at the end of the fourth lap, when Knipper forged ahead by the scant margin of two seconds, with Poole a close third. From this time on Matson was never in danger, as he steadily increased his lead, until at one time he was eight minutes ahead of the field.

Knipper dropped out of the race at the end of the fifth lap, and Poole encountered many difficulties in his sixth round, which occupied 50 minutes, and was hopelessly in the rut after the fifth lap. The interest in the last lap centred in the race for second place between Robertson, in his Locomobile, and Monsen, at the wheel of a Marion. Robertson, who drove with experienced coolness in the early stages, never better than fifth, but after the half-way market. ertson, who drove with experienced cool-ness in the early stages, never better than fifth, but after the half-way mark was reached he moved up to third posi-tion, and he snatched second place from Monsen in a terrific battle on the last

Comana, June 19.—None of John D. Rockefeller's money will go for improvements on the atheltic field of the University of Nebraska; that is the decision of Governor Shalenberger and Chancellor Avery. For some time the athletic board of the university and the students for Avery, or some the students have been circulating a petition to be presented to Rockefeller by Judge T. C. Munger, a personal friend, asking that the donation be made. When the petition was presented to the Governor and the Chancellor for their signatures, they were informed that if they signed \$50,000 was assured, but both refused to affix their names, saying that the position they occupy would not permit of them going on record as asking for the gift. Their refusal has caused the matter to be dropped.

The Hamilton Central Harriers held their regular meeting in the boys' parlor
