BY RO YAL LETTERS PATENT. THE HYDROMAGEN,

Manufactured by HARCOURT BRADLEY & Co., 38, Ann Street, N. Y., and at London and Manuchester, England.

THE HYDROMAGEN is a valuable discovery for protecting the feet from damp or cold, and therefore a preventive of many Lung diseases, without any doctoring whalever. The Hydromagen is in the form of a sole, and worn inside the boot or shoe. Its medicated character is a powerful antidete to disease.

For Gentlamer

shoe. Its medicated character is a powerful autidate to disease.

For Gentlemen it will be found agreeable, warm and healthy, to wear in the coldest or rainiest weaher, as the foot cannot become wet, if the Hydromagen is inserted.

Ladies may wear the lightest soled boots or shoes in the meet inclement weather with impunity; while consumption, so prevalent among the young of our country, may be thwarted by general adoption. They entirely supersede over shoes, as the latter cause the feet to perspire in a very unhealthy manner; and, besides, are not dangerous wear to pedestrians in icy weather, like India rubbers. While the latter cause the feet to appear extremely large, the Hydromagen, being merely a thin slice of cork prepared, peculiarly placed inside, does not increase the size of the boot, or cause the foot to appear untidy.

To Children they are extremely valuable, as they may engage in exercise, with comfort and healthy effects. Their expense is so slight as to scarce need mention; besides those who patronise them will find their yearly doctor's bill much diminished thereby.

As the Hydromagen is becoming more known, its fale is increasing to an almost incredible extent. Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburgh, and Berlin, our sales reached the almost incredible number of 1,732,450 pairs of cork soles. This year the number will far surpass that.

Ask the Faculty their opinion of their value as a

HOLLOWAY'S PILLS.

ERYSIPELAS OF EIGHT YEARS' DURATION CURED.

CURED.

Copy of a Letter from Geo. Sinclair, Esq., of Paris, Canada, dated the 18th July, 1854.

To Professor Holloway.

Sir,—I feel a pleasure and a pride in bearing witness to the wonderful benefit I have derived by the use of your inestimable Ointment and Fifls. For eight years I suffered uncessingly from attacks of erysipelas; large purple blotches came all over my body; in addition to the unpleasant feeling of itching and burning, which affected me both night and day, rendering life a misery to me, as well as to all around,—so severe was the attack. I used several reputed remedies without deriving the least cessation to my misery. At last, I determined to try your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I fee considerably better;—in three months, by continuing with your medicines, I was completely cured; and now enjoy the best of health. The truth of this statement is well known here, hence there is no necessity for me to request secrecy.

of Cape Breton, Nova Scotia, dated the 4th May, 1854.

To Professor Holloway.

Sir,—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg; in which there were several deeply seated and old wounds, defying the skill of some of the most eminent of the medical faculty, a variety of remedies were also used unsuccessfully; and it seemed to me that there was not any thing capable of mitigating the agonies she endured. At length, she had recourse to your Ointment and Pills, and after using them for about five weeks. she was completely cured, after all other means had failed to afford her the slightest relief. I have no objection to these facts being published, if you feel disposed to make them known.

I remain, Sir, your most obedient servant.

A BAD BREAST CURED WHEN AT DEATH'S DOOR!

Copy of a Letter from Mr. Henry Malden, o
The Rivers, Canada West, dated July Mh, 1854
To Professor Holloway.

Sir,—My wife amfered most severely after the birth of our last child with a bad breast. There were several holes in it one as large as a hand; all the devices and strategems I tried would not head them, but it usuamed an aspect more frightful than before, and horrible to behold. As a last resource I tried your Ointment and Pills, which she perservered with for seven weeks, at the expiration of that time her breast was almost well; by continuing with your cured, and we offer you our united thanks for the cure effected.

Signed)

HENRY MALDEN.

The Pills should be used canjointly with the Qintment in most of the following cases:—
