

ELECTORS

OF

The County of Northumberland

GENTLEMEN: Having been nominated by the convention of the Liberal-Conservative party of Northumberland county as candidates for the Legislative Assembly in support of the present provincial government we confidently appeal to you for support, because the principles we are identified with are in line with the best interests of the county. The policy that has been adopted by the Government must commend itself to every man who has at heart the good of the country. The

GOOD ROADS POLICY

must commend itself to all. It involves the expenditure of about ten times as much on the highways as was expended last year, and you will readily understand that such an expenditure will put every highway in good condition. And then, having made the roads good the Minister of Public Works will keep them good by having them patrolled, just as the railways are patrolled by section men so that every little defect may be remedied before it becomes an obstruction. This, every man must admit, is the ideal Highway System—First, Make the Roads Good; Second, Keep Them Good. We regard this as more important to the people and the province, and necessarily more productive of good results, than any other policy that has been proposed. If you want the highways made good by the expenditure of \$500,000, and then kept good by section men who will frequently traverse every mile of roadway and make all necessary repairs, vote for us, without regard to political prejudices.

LAND FOR THE LANDLESS

There has been, in the past, too much obstruction in the path of young men who wanted to take up settlement land, and we will do our best to have the regulations modified, so that every young man of the county, who may desire to settle upon a farm, may get 100 acres of suitable Crown Land, as near to roads and markets as possible.

Returned soldiers, who have risked their lives by fighting for the Empire of which we form a part, must be given 100 acres of land each, in convenient localities, in recognition of their patriotic and self-sacrificing work on the battlefield and in the trenches, whether they wish to settle on it or not. They have fought to save the country, and they should be given part of it as a reward.

LAND FOR SMALL OPERATORS

We heartily approve of Sec. 7 of the Timber Lands Act, 1913, which provides for taking twenty-five per cent out of big land leases and dividing the land so taken among small operators and will do our best to have that law put into force.

BARK AND PULP

We will see that provision is made for giving the Millerton Extract Works an opportunity for getting bark as near at hand as possible. This can be readily accomplished by a little Government pressure on lessees of hemlock lands.

The Millerton Pulp Mill is an industry that must be encouraged, and we will use our most determined efforts for the purpose of effecting arrangements that will ensure it a never failing supply of wood.

TECHNICAL EDUCATION

The Government Proposals for Technical Education will be strongly supported by us, as they will result in industrial progress and improvement.

AGRICULTURE

No Minister of Agriculture has done half as much as Premier Murray for encouraging and promoting agricultural progress and prosperity, and we will heartily support his policy in that respect.

RAILWAYS

Representatives of the County have, within recent years, voted millions for railway projects that did not include one of the Northumberland railways that are urgently needed. We will strenuously oppose any railway-construction bill that does not provide for the much-needed railways from Loggieville to Escuminac, Newcastle to Redbank, and Newcastle to Tracadie.

HIS ACT TOWARD PRESIDENT AROUSES STORM OF ANGER

MAJOR CYRIL PATRICK WILLIAM MACARTHUR, P. M. C.

This is Major C. P. W. R. MacArthur, of the British army, who gave New York newspaper men a clipping from a London newspaper lampooning President Wilson on his arrival from abroad. His act has aroused a storm of anger all over the country and it is said he will be called to account by the British Ambassador at Washington.

Associated Charities

Reorganized Thurs. Even'g

The Associated Charities, organized in 1914, when some \$450 was collected for the poor of the town, was reorganized at a public meeting in the Police Court Thursday evening. Rev. S. J. MacArthur presided and Ex-Ald. David Ritchie acted as secretary.

Among those present were: President J. D. Creaghan, J. D. Paulin, J. R. Lawlor, J. D. Buckley, Mrs. J. D. Buckley, Mrs. Geo. F. McWilliam, Mrs. Wm. J. Dunn and Mrs. Beynon of the recently organized St. Vincent de Paul Society of St. Mary's church; Revs. S. J. MacArthur, W. J. Bate, S. Gray and C. W. Squires. Miss Falconer, E. Cory Clark, David Ritchie and others, besides, later, the Town Council, which met and adjourned for an hour to enable the public meeting to finish its work.

Rev. S. J. MacArthur explained to the meeting that there would likely be a period of depression immediately after the war lasting for some two years at least and hence the proposal to reorganize the Associated Charities.

In answer to Ald. Miller who enquired concerning the mode of procedure, Rev. W. J. Bate said that no grant was expected from the Council. All giving was to be voluntary. Some two years ago about \$450 had been raised by subscription. Half of this had been used for the local poor, and the other half had been voted to the Belgian Fund with the understanding that that amount would, when needed, be replaced by the citizens. He was glad that the Roman Catholic Church had made such a good start by organizing their St. Vincent de Paul Society. There is individual need the whole time.

Rev. S. J. MacArthur understood there would be no pooling of funds by the two Societies. The idea was that those outside the St. Vincent de Paul Society should also organize and make collections. The two should work together so as not to overlap and so that no one should be overlooked.

The meeting then proceeded to organize and the following were elected officers:

President—E. Hubert Sinclair
Vice-Pres.—J. D. Creaghan
Sec.—David Ritchie
Additional members of Executive—Two members, a lady and a gentleman, from each protestant church, to be selected by their several clergymen later.

Mayor Fish urged great care in selecting these executive members. To do good work they must be people who understand and sympathize with the poor—who can go about and find out what is needed. The work must be done unostentatiously. The most deserving poor do not apply for charity, but must be sought out. He had personally known of heartrending cases, where people had suffered more from the brutality of relatives than from lack of food.

Rev. Mr. MacArthur agreed with the Mayor for one of the most deserving cases assisted by the former committee would never have made a personal appeal. Everything should be done as quietly as possible for many deserving cases will suffer a long time in silence, perhaps even die, before they apply for help. Rev. S. Gray said that he had served on such a committee for twenty-five years, and it had been the rule that every contributor to the funds had the right to recommend any case he knew of for help.

Rev. Dr. Squires spoke along same lines as Rev. Mr. MacArthur. Mrs. McWilliam thought that more than one woman was needed from each congregation, as one might not want to go to places alone.

Rev. Mr. MacArthur said the rule could be amended, if necessary.

Rev. Dr. Squires spoke of financing Mr. Creaghan said that the St. Vincent de Paul Society was entirely on a voluntary basis. The members are Roman Catholic—the scope, universal. Help was afforded freely in all meritorious cases, and no proselytizing attempted. Professional begging was not encouraged. The most worthy cases do not seek publicity. The Society has an endowment which yielded between \$200 and \$300 a year, and the collection each month was \$5 or \$6 more.

Mayor Fish said that aid was more needed now than at any other time.

Mr. Creaghan suggested a discussion on Ways and Means.

Rev. Mr. Gray said that it devolved on the Secretary to get the money.

The Secretary said it would be necessary to collect. Mayor Fish suggested that the churches each take up collections. He would help personally and would carry around petitions. Since being Mayor of the town he had seen more than ever before.

Rev. Mr. Gray said all should be asked to contribute, both inside and outside the church.

The meeting adjourned, to meet on call of the chair, to complete organization.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constant failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy taken internally and acts thru the Blood on the Mucous Surfaces of the System.
