### TOWN TOPICS.

'Acht' a manag ye, takin' notes,  
'An' faith he'll print it.'

For photos of fine fish, or views that cannot be beaten, leave your orders with George Stewart, the Hansard, at the Hansard.

A GOOD PRESENT.—The most useful gift you can make is to give a Writ Pen. Apply to J. D. McMillan, Goderich.

GIRL'S BABY.—Did you catch on to Girl's Baby in Rhynas the druggist's show window. It is fine line of goods brought up on a bottle; but the goods Rhynas sells are always to be relied on.

THE WOMEN'S CHRISTIAN TEMPERANCE UNION will meet regularly for the transaction of business every Tuesday afternoon at 2:30 o'clock in Knox Church, Goderich. Every woman interested in the work is cordially invited to attend.

THE BUCKETS WINDOW.—The necktie window at F. & A. Pridham is attracting great attention these days, and the demand continues unabated. The firm will not be undersold in ties, collars, cuffs or gentlemen's wear.

THE HARBOR TOLLS.—The subject of whether Goderich is injured or benefited by the harbor tolls is now the important topic of the hour. The tolls are not being argued. It is a question upon which the public are entitled to some extent. But whether the tolls are put on or knocked off, there will be no additional tax put on persons wanting first-class photos at E. R. Sawyer's.

It is still early in the season and those who want wall papers, borders, &c., should come at once to J. Sawyer & Son, and choose for themselves. We have undoubtedly the best selections in this town and the cheapest. All so ready mixed paints, all colors in lake, lime, brushes, carpet tacks, curtain poles and an endless variety of fancy goods for decorating the house. Come one, come all and inspect our goods.

### BRIEFLETS.

Mr and Mrs Reid, of London, are in town.

Mr J. Addison is recovering from his recent illness.

The schooner Todman sailed north, light, on Tuesday.

Mr A. A. Smith, of Chicago, Ill., was in town this week.

Mrs George Love left for her home, Ridgeway, on Monday.

The High School Literary Society will hold its regular meeting this evening.

Mrs Robt. Donogh is visiting in town. F. E. Vatter left for Stratford on Wednesday last, after a three weeks' visit in town.

The W. C. T. U. and R. T. of T. are preparing for an entertainment on the evening of 24th May.

Miss Alice Spence has returned from her visit to Brussels, accompanied by her cousin, Mrs. Frank Kelly.

The schooner J. G. Kollage, with a cargo of lumber from Stokes Bay, arrived in port last Wednesday.

Alvo Miller, who has been on THE SIGNAL staff for the past three years, left last Wednesday for Buffalo.

Mrs Edward Shannon left on Wednesday for a lengthy visit to her sons and daughters in Memphis, Tenn.

The Battley line steamer Campana called here last Saturday, and after a short stay left for Duluth. The Campana carried passengers and an assorted cargo.

The Canadian Bank of Commerce has opened an agency of their bank at Sault Ste. Marie, which will be a convenience for parties herabouts doing business in that prosperous and booming town.

Mrs McLeod, of Kincairdine, accompanied by her son, Hugh, spent a few days at the residence of her daughter, Mrs. Jno McLean, last week, and after paying a visit to her son in Sarnia left with her husband by the steamer Ontario on Wednesday for Dakota.

Winnipeg Times.—Mr J. W. Vanatter foreman in the Goderich Signal office for some eight years, with his wife were visiting at Mr Peter and Thomas Deans'—his brothers-in-law—residence this week. Mr Vanatter is a wide-awake member of the typographical craft, taking an active interest in public matters, and, of course, loyally supports the hub.

EASTER SERVICES.—Owing to press of work, we were unable to go into minute detail of the Easter services last week, but we understand that St George's was prettily decorated with flowers, and that the early and noonday services show the largest number of communicants that the parish has ever recorded. The choir displayed unusual efforts, which were crowned with success. Miss Ball's alto in the quartette, "Rock of Ages," was specially admired as much for its pathos as for its artistic merit. Miss Radcliffe sang soprano and Messrs Foots and Dowling tenor and bass.

HE IS STILL A PROVINCIAL RIGHTS MAN.—We observe that our former townsmen, Mr M. G. Cameron, has "bobbed up serenely" as one of the star debaters in the Toronto Young Liberal Club. We copy the following report of the discussion at a recent meeting of the club from the Toronto World:—"The Young Liberals last night resumed the debate on the resolution "That this club endorses the action of the Reform members who voted with Col O'Brien on the Jesuit Estates Bill." J. S. Willison, president, occupied the chair. Lengthy speeches were made by Messrs Harriman, M. G. Cameron and A. T. Heron in opposition to the resolution. Some nice points were made by Messrs Cameron and Heron, the former endeavoring to show that the Jesuits had a strong moral claim to the consideration of the Government, while the latter appealed to the toleration of the Protestant element of the Dominion. Mr Watts moved the adjournment of the debate till next meeting, which was carried.

ST GEORGE'S "AT HOME."—It will be a matter of regret to the general public that the "At Home" given at St George's school house upon last Friday evening will close the series for this season.

They have been a most enjoyable form of entertainment to many, and a satisfactory source of revenue to the Church Women's Guild, as together with their receipts and other extraneous efforts they have been enabled to reduce the debt upon their church to a very considerable extent. The school-room having undergone recent extensive renovations, presented an entirely different aspect to hitherto, in its tinted walls, graceful hangings, flowering plants, pictures, comfortable chairs and divans. The ladies who made it a success by their geniality and tempting menu were Mesdames Young, Nafel, Lewis, Parsons, Reynolds, Forbes, Burritt and Porter, and Miss Cattle. An innovation upon the other At Home was in the selection of waiters. One could pass the doubtful compliment that Messrs Porter, Ross, J. R. Davis, Elwood, Malcolmson and Harry Ball filled the role with the agility of professionals, but we would rather comment upon their ease in adapting themselves to the requirements of the occasion. To Miss Wynne's hands was intrusted "the feast of reason and flow of soul." She introduced two fresh views to the audience present in Misses M. Acheson and N. Orsb, who acquitted themselves extremely well for such youthful debutantes. Mrs Tomes in a reading from "Josiah Allen's Wife," and Mrs Whitley, the Misses Graham, Burritt, Strachan, Widder, and Messrs Reynolds and Richardson ably sustained the program. The latter, who is a pianist as well as a vocalist, has a strong, rich voice and was heartily cheered. The work table, over which Mrs Crawford and Miss Hamilton presided, was in keeping with the room's novelty in decoration, and showed a bright array of pretty glass, china, and bric a brac, in contradistinction to the usual useful and artistic needlework. The sum realized was about sixty dollars, and this amount will go far towards completing the brave record of \$1,000 as raised by the ladies in the past two years.

If you are in want of a good first-class top buggy call and see Alex. Morton's stock—it is large and all first-class work. Prices right.

BOYS! LOOK HERE.—New bicycles at the price of second hand ones: Comet Safety, \$85.00; Comet No. 2, \$65.00. Boy's bicycle up to 48 inches, \$30.00, at Geo. W. Thomson's music depot, Square, Goderich.

A lecture will be delivered in Victoria street church on Thursday, May 9, by Rev. Joseph Edge, Clinton, subject: "Take back what you borrow." Suitable selections will be given by the choir. Silver collection at door. Doors open at 7:30; to commence at 8. THE SIGNAL hopes there will be a good attendance, and that the man who borrowed the standard weight (250 lbs.) of the case was tried last Friday, before Mayor Butler and Peter Adamson, J. P. The defendant pleaded guilty and was sentenced to pay a fine of \$10 without costs, or 10 days in jail.

THE GAME OF THE SEASON.—This (Friday) afternoon at 3:30, a game of baseball will be played in the Agricultural Park, between the following teams: The first composed of members of the legal and financial professions, the second representing the merchants of the town. Following are the respective teams:

BANKERS AND LAWYERS. MERCHANTS.  
F. Parkes, catcher. E. Campbell, pitcher.  
L. Elwood, short stop. C. W. Andrews, first base.  
D. McDonald, 2nd base. C. A. Naira, 3rd base.  
F. W. Johnston, L. F. Geo. Hyman, S. Malcolmson, C. F. D. C. Strachan, A. G. Adams, out field.

THE BOARD OF TRADE.—A well attended meeting of the Board of Trade was held last Friday evening, the Vice-President, Mr. Joseph Kidd, in the chair.

A number of matters connected with the town's interests were discussed, the first of which was the proposed assistance to the two organ factory schemes now before the Town Council. The general, if not the unanimous, opinion was that the most judicious course for the town was to bonus but one factory, as the amount proposed to the second scheme could be more advantageously expended in assisting an industry of a different character, such as a resolution was passed, moved by G. Crab, seconded by J. M. Shepherd, recommending the Town Council to submit a by-law in favor of the joint stock company only.

The next subject was the establishment of market days, and otherwise improving the present market arrangements of the town. The following motion, offered by D. McMillan and R. Radcliffe, was adopted:

That this Board instruct the secretary to correspond with the various towns along the line to find if co-operation can be had in regard to holding regular markets on a certain day, and also that the Town Council be asked to get the advice of the town solicitor in regard to the statute affecting a market place, and to define the powers of the Council with reference to regulating town markets.

The advisability of celebrating Dominion Day this year by a formal opening of the water works system, combined with other attractions, was then taken up, and on motion of Messrs Radcliffe and James Mitchell, it was decided to ask the Mayor to call a public meeting for the purpose of deciding on some plan of celebrating the day.

The Board then adjourned.

The annual report of the Board for the year 1888 has been printed and distributed to the members, to outside Boards, and to a section of the press. Copies may be had on application to the Secretary, James Mitchell.

### DUNGANNON.

From our own correspondent.

Farmers in this vicinity are nearly through putting in spring crops.

It seems from the state of the weather that winter and spring are having a struggle to gain the ascendancy.

We regret to have to state that Mrs. McKay, wife of Dr. McKay, of this village, who has been very ill for upwards of a year, is still continuing in a poor state of health.

On Tuesday, the 30th ult., Mr. John Martin, hotel-keeper, with family removed to Wingham. Mr. Martin will be much missed in this village and vicinity. He was a good citizen, kept a very respectable hotel, and was greatly esteemed by the community. We wish him and his family every success in their new home.

A FARM OF NATURE.—Mr. John Smith, of West Wawanosh, near Dungannon, has a ewe which gave birth to a lamb on the 14th ult., and on the 25th gave birth to two lambs—eleven days between the births. They are all living and doing well.

Quite a number of the farmers here are turning their attention to raising fruit, as they are planting extensively. A large number of orders from Mount Hope Nursery have been delivered, here

and also from Maple Grove. The trees are excellent, and those who gave orders seem to be well satisfied.

It is pleasing to state that Mrs. Thos. Dornin, of this village, who has recently and for some time been very ill, is becoming convalescent.

Our much esteemed citizen, Mr. Jos. Mallough, is successor to Mr. John Martin. He hopes that by strict attention to business he will be enabled to continue the large patronage the house has hitherto enjoyed.

From Goderich to Winnipeg.  
DEAR SIR,—Although this trip has been written up many times before, there may be some of your many readers who would be interested by a few additional sketches of the journey. The tide of immigration flowing west this spring is something enormous. People who read the reports in the papers can form but a faint idea of the exodus. The young men of Ontario seem to be acting on the advice of Horace Greeley, "Go West, young man, and grow up with the country." Many of them thought they were going to the Garden of Eden, but have found out since that far away fields are green, and that this is anything but a promised land.

We left Toronto about 11:30, and woke up next morning in the wilds of Muskoka, and a rocky, mountainous country it is; in fact, all the land from Gravenhurst to within 50 miles of Winnipeg is very poorly adapted to farming; but who knows what untold millions of mineral wealth may be lying beneath the rocky surface. The scenery along the north of Lake Superior is grand. The mountains of solid rock, unclad and brown, show their bold outlines against the grey sky. On the other side are little lakes studded with little islets, and hedged in on all sides, with all kinds of shrubs and trees. This must present a picture of almost Alpine grandeur, when the balmy zephyrs of spring have caused these trees to bud and leaf. The track in some places along here is rough, and reminds one forcibly of the old corduroy roads of Ashfield. Again, you look out of one side of the coach and the rocks rise perpendicularly for about 200 feet straight up, presenting a surface rough and jagged in some places and in others as smooth as marble; while on the other side an awful chasm, hundreds of feet deep, awaits you, should the train jump the track. The winding of the curves is so sharp in some places that you would think you were in a roller coaster, and ran into the other. Further on we had the sensation of passing through a tunnel, which caused certain of the young ladies to scream, whether from fright or delight I have not been able to ascertain. At Whitecourt station we got out, and in "How the Indians and the forest rocks her child," a mature, wrinkled old hag came out with a papoose strapped securely to a board and carried it up and down for the amusement of the passengers. Near her sat old Piaget, her chief, I presume. He gazed admiringly on her, but offered her no assistance in carrying her. We reached the prairie proper is supposed to start about 50 miles from Winnipeg. "We behold them for the first," but our heart does not swell to any alarming extent as we take in the encircling vastness. Instead, it is a feeling of goneness that pervades our system at this moment. Being giddy, stunned and somewhat tired of travelling, and not finding the prairie what we anticipated, we were not prepared to go into ecstasies over these "gardens of the desert." Reached Winnipeg about 6:30 Friday evening.

A fine, clean city considering the time it has been in existence. We went along Main-st., which is straighter than a cork-screw, being the old Indian trail of long ago, as far as the site of old Fort Garry. There is nothing left of the Fort save one arch, which formed the main entry; it is of masonry about 3 1/2 feet high, with loop-holes in the walls where the hardy settlers of old kept the howling savage at bay. It is to be regretted that the enterprising Winnipeggers should have so completely demolished the old trading post. We saw a few Goderich people here, particularly J. C. Currie, who treated us with kindness. Citizens of Winnipeg do not like to see so many passing through their town to points farther west, and so are offering liberal inducements to farmers to settle in the neighborhood of the city. Every train brings its contingent of settlers from all parts of Ontario. It is surprising the number there are from the counties of Huron and Bruce. Even the old Indian, who, by the way, is not slow picking up things, notices it, and remarks "Ontario must be big place, but Huron and Bruce much bigger".

Natives of Manitoba jealously remark that they are going back to Ontario next year to homestead, and certainly if settlers come in as large numbers next year as they have this, Ontario will be nearly depopulated. Let us hope that they go not back sadder and wiser than they came. Thanking you, Mr. Editor, for so much space in your valuable paper, I am, with fond remembrance for Old Huron,

Yours sincerely,  
J. K. G.

### LEEBURN.

From our own correspondent.

Miss Louisa Hillier, of Goderich, spent last week here, the guest of her cousins, the Misses Horton.

Hillary Horton was in Clinton this week.

The farmers about here are nearly all planting new orchards, and during this week many are going to Goderich station for the trees from the nurseries.

Miss Louisa Stirling is visiting her cousins near Porter's Hill.

Butternut Row has old residents in the persons of Mr and Mrs P. Green, sr., who have spent over 48 years in our midst. Mr. Green has seen 86 years, and is still hale and hearty. He came to this locality in 1841, and settled with his family, some of whom are married and living near him. He is also one of the oldest Masons in Canada. Previous to coming here his house was burned at Sandwich during the troubles of '37. He and his wife have seen their golden wedding, and their many friends and well wishers hope they will be spared to celebrate their diamond wedding.

Another popular old-timer is Mr. John Morris, sr., the patriarch of all the Morrises. He is still in the best of health and spirits, and as lively as a cricket. He has been resident of the township for over fifty five years, having come hither in 1834. In 1874 his beloved partner was called to her eternal rest. Father Morris has a kind word for everyone, and the best wishes of all who know him.

Since the farmers around here have begun to put in the spring crop, and to that end have utilized everything in the shape of a horse that could be procured, there have been trials and tribulations in store for the gridwives of the vicinity. The egg and butter money, which was the private fee of the women, has not had an opportunity to be handled while the horses have been employed, and hence the look of quiet resignation that has overpread the classic features of many of the better halves of the section. But this is now dissipated, for now no less than four peddlers' carts are calling at the different domiciles in the section, offering the highest price in trade for the fine fresh eggs and butter that are on sale. One peddler got as many as seventy four dozen in one day. The farmers herabouts can only spare the horses to drive their partners to church on Sabbath, which will, however, be a reminder of the driving home from meadow in the sweet long ago.

For the past several weeks our jovial townsmen, Edward Foley, has been putting in the crop on the new farm recently purchased by his father, Mr. Foley, in the neighborhood of Kingsbridge. Edward is alone, and a number of fair friends are anxiously awaiting his return to hear him give his first experience of a bachelor keeping house in learning the deep mysteries of the cookery department.

THE TRUNKER LILLY.—This famous dapper sorrel pony, which tradition says was one that the far famed Indian chiefs had as a saddle steed in the war of 1812, has been purchased by Henry Green from Chris Dulmeage for a good figure. We understand he will keep it as a driver. Already Harry has kindly lent it to some of his fair friends of Popular Row, who pronounced it the gentlest and nicest pony they have seen trot along the Popular Row. Wallace, see span of foals, Bruce and Halla, see many admirers and in the course of a few years he will have the best team that ever drew under the collar on Butternut Row.

### PORT ALBERT.

From our own correspondent.

Mr Jos Wilson shipped on the schooner Jane McLeod last week.

A severe hail storm passed over this village last Wednesday. With the exception of breaking all the windows in the house of Ed McConnel, we have heard of no further damage being done by it.

Mr Wm Smalo has returned from his winter's sojourn in Alpena.

Mrs Wm Smalo has just completed a log cabin which just contains 4,280 pieces.

Mr Nathaniel Cunningham, who has had a severe attack of inflammation of the lungs and pleurisy, is rapidly recovering.

Mr Jas Dunbar, whose life was despaired of a week ago, is now out of danger.

This village wants a blacksmith—splendid opening here for the right party.
