EDMONTON BULLETIN THURSDAY, OCTOBER 17, 1907.

NUMBER 102.

THE PREMIER AT DIDSBURY FAIR

Hon. Dr. Rutherford Strikes High Plane in Discussing Province of Alberta.

Edmonton, Oct. 14.—Yesterday was a gala day for Didsbury and this little town was alive from early morning till late at night. The occasion was the annual Didsbury Fair. This event was a creditable success in every possible way, and Didsbury people had good cause to be proud of it. The crowds were large and the exhibits were excellent, especially in the department of grain and stock. There were shown here which weighed three and a half pounds. The stock could not be excelled in all Alberta, especially in horses. There were very fine exhibits of driving and work horses. The ladies showed their ability by exhibiting fancy work of a superior quality. These exhibits included quilts, pillows of a gaudy kind and such nature. The guest of honor of the day was Hon. Dr. A. C. Rutherford, premier of the province. In the evening a banquet was tendered in his honor at which there were forty guests present. The banquet was at the Golden West hotel and was a very pronounced success. After the good things had been disposed of and cord, C. Hiestert, M.P., proposed in due form the toast of "Our guest."

The premier prefaced his remarks by a reference to the exhibits at the fair. These were indications of the wealth of the country and gave some idea of its great possibilities. He felt that all present and all in the province were working for its welfare and differences in parties and in matters of that kind did not prevent every one from working to the best interests of the province. Alberta, Didsbury had one little store. The premier referred to his sojourn in Alberta which was just 12 years. When he came to Alberta, Didsbury had one little store. Now it was an up-to-date store. He was surprised at the growth of the west. He advised the farmers to go in for mixed farming, particularly the raising of hogs. The quality of horses, cattle, hogs and chickens displayed at the fair was in advance of anything that he had ever witnessed here.

Speaking of Didsbury he commented upon the very excellent buildings that were being erected, particularly the public buildings. The school was one of the best in the province.

The premier referred to the department of education in giving to high schools and to the work that is being done in establishing schools among the Galicians.

He spoke of the Dominion Fair for Calgary and impressed upon them that it was the duty of every person in the province to assist in every way in making the fair a success. He was congratulatory to the organizers and by encouraging outsiders to come to see it. He was convinced that the opportunities were better than in any other part of the world. In this respect he referred to the Peace River district where the crops this year were superior to any other part of Alberta or Canada. This

DISPOSING OF THE TIED-UP BALLOTS

In the Prince Albert Election—So Far Bradshaw Has Gained.

Prince Albert, Sask., Oct. 15.—Deputy Returning Officer Truscott and Mr. J. P. Bradshaw, as a court of revision on poll three this afternoon and heard evidence on the qualifications of fourteen voters. The first case heard was that of A. Strachan, who acted as Bradshaw's agent at poll three. Strachan stated that he lived in poll four but voted in poll three. He was challenged by Turgeon's scrutineer on the ground that he had included a declaration that he was a resident of polling division three which was not correct. He did not, however sign the statement provided for an agent stationed at a poll other than that in which he resides. The court disagreed and both will go to the returning officer for a decision. Gukerova was objected to by Liberals on the ground that he had broken his residence in the electoral district by living out of the city three weeks in September while making a state of collapse. Many moral objections on Bradshaw's behalf against a voter who had made occasional brief visits to his home district were also overruled. The afternoon's sitting seven votes objected to by Liberals and two objected to by Provincial Righters were allowed. One Liberal objected to was upheld. Two Liberal objections were received by the court and in two cases of Liberal objections the court disagreed. The evening session of the court resulted in three Provincial Rightist votes and three Provincial Liberal votes and three Provincial Rightist votes. Bradshaw is six votes ahead as a result of the revision so far, bringing his majority to eighty, but the other hand four Bradshaw votes were thrown out and two others are liable to be disallowed by the returning officer which the Liberals have so far secured all their men.

22 DROWNED IN WRECK OF CYPRUS

Big Freighter Goes Down in Lake Superior—Only One Man Saved of Entire Crew.

Sault Ste. Marie, Mich., Oct. 15.—Recovering consciousness after hours of constant nursing, Second Mate Pitt of the steamer Cyprus, which foundered in Deer Park life-saving station on Lake Superior Sunday night, gave a graphic account of the last moments of the crew on board the ill-fated vessel.

The mate said the Cyprus was making fairly good weather in the storm, when suddenly the cargo shifted, giving the steamer a heavy list. This was about 7 p.m., when the vessel was off Deer Park, in the regular course of vessels bound up and down. Water began pouring in the hatches, and panic ensued, many of the crew putting on life preservers.

Captain Huyck, however, felt confident he could reach shelter behind Whitefish point, and the boats were not lowered. Both engine and pumps were working and the crew felt sure the vessel would not sink without warning, but suddenly the big freighter rolled over on her side and plunged almost instantly to the bottom.

When the vessel rolled over the first and second mates, a watchman and the wheelman were close to a life raft, which they cut loose and cast off just in time to escape the whirlpool caused by the Cyprus as she plunged beneath the surface of the water.

The boat sank about 7 o'clock in the evening, and until 2 a.m. the four men clung to their frail support, while the waves drove them toward shore.

Five times in the angry surf off the rocky shore their raft was upset, the coal being blown overboard. Each heavy undertow for their lives. Each light weakened and benumbed and disheartened the sailors, and after the fifth battle with the surf only one of the quartette remained upon the raft. But the next time the raft was caught by a wave and still coming in for where to crawl out of the reach of the waves he was later found by the patrol of the life-saving station.

The vessel lies in nineteen fathoms of water, and those who were cast in the vessel will probably never be heard from. Nine bodies in all have been recovered, and the bodies of the Cyprus was due directly to the failure of the captain and crew of the wrecked steamer. No one else had in store west of Winnipeg about 20,000 tons of steam coal for winter use, with less than 150,000 tons at Port William and 150,000 more booked to arrive before the close of navigation. The Canadian Northern railway also had in store west of Winnipeg about 20,000 tons of steam coal for winter use and 160,000 tons at Port Arthur.

PROVINCIAL LIBERAL CONVENTION AT CALGARY.

Arrangements are now completed for the Provincial Liberal Convention to be held in Calgary on Wednesday, Oct. 23rd.

Arrangements are now completed for the Provincial Liberal Convention to be held in Calgary on Wednesday, Oct. 23rd. It will be necessary for delegates to go down on the afternoon train on the 22nd, to be in time for the first meeting of the Convention, which will be held at 10 a.m., on the 23rd, in the Grand Hotel, Calgary. The Provincial Secretary has received replies from every constituency in the Province indicating that there will be a large representation of Liberals at the meeting. Arrangements have been made with the Canadian Pacific Railway for single fare excursions to Calgary. Delegates are requested to buy a single ticket to Calgary, and to ask for a standard ticket on the 22nd, a receipt if the agent has no certificate, and when that certificate or receipt is signed by the Secretary there are only delegates from two constituencies traveling on the C. N. R., there reduced rate on this railway, so they will buy an ordinary return ticket to Edmonton. The Liberals of Calgary have arranged to entertain a complimentary banquet to the waiting delegates on the night of the 23rd, and those who attend the Convention in Calgary and the banquet at its close, will be called upon to give a word of pleasure to the gathering next week.

The Liberals who wish to attend the Convention are cordially invited, and will be accorded the full privileges of the Convention, except of course, in case of a vote, in which the "yeas" and "nays" will be called, and only delegates can vote.

The Provincial Executive specially urge upon every Liberal who is invited to attend the meeting, as it is going to be one of the most important of the year in the history of the Liberal party in Alberta.

MANAGER SERETH WILL TELL THINGS

Evidence of Stuart in Lumber Prosecution Raises Storm in Calgary.

Edmonton, Oct. 15.—Stuart's evidence in the Lumber Combine prosecution in Edmonton, in which he stated the Riverside company sold to the city at a low price but did not deliver the order in full has caused considerable excitement here. Alderman Sutor, who was responsible for receiving the lumber from the company, stated last night that he would appeal to the law for an investigation. Sereth, the manager of the company, who is credited with having said he delivered short, but, and states that when called upon he will give evidence that the association threatened to refuse to sell him lumber unless he adhered to prices.

The Builders' Exchange last night passed a resolution asking the city council and hospital board not to accept the plans of Lawson & Ogara, architects for the new hospital as owing to the treatment they had received from that firm they would have to refuse to tender on building.

The Hundred Thousand Club excursion to Edmonton, which was the reason until after the provincial Liberal convention which is billed for October 23rd, the date originally set for the excursion.

Arrangements are now being made to raise \$500 to send Art Burn, the champion distance runner, and his trainer to Toronto to race with Longloot. Burn's time is better for ten miles than the Indian's and he has never been engaged.

TERMS OF PALWOOD CONCESSIONS

As To Supply for Alberta Mines.

Toronto, Oct. 15.—The Ontario cabinet today formally approved the terms which will govern the leasing for 21 years of two pulpwood concessions for which tenders will be publicly asked tomorrow. The Government's decision as to its policy in dealing with such concessions in the future is based upon the principle that raw material must be manufactured in the province, or at some point agreed to by the government.

NOW NO DANGER OF A CAR SHORTAGE

Says Dillinger to Railway Commission.

Ottawa, Oct. 15.—J. F. Dillinger, assistant to the chief traffic officer of the railway commission, has made a report to that body regarding the alleged shortage of cars for fuel on the Crow's Nest branch of the Canadian Pacific Railway. He visited Bellevue, Blairmore, Coleman and Fernie and found there was a shortage of cars so some extent during the months of April, May, June and July. Owing to the severe winter extending well into spring, equipment was tied up in the mines, and in April and May. Strike in the mines, and the fact that the railway company was directing its efforts toward moving old grain before the new crop was the reason of the shortage in July, but at the time Mr. Dillinger was there, about August 20th, there were more cars on hand than were required. Since July Mr. Dillinger says there were sufficient cars for Canadian coal on the Crow's Nest line and grand prospects for maintaining a good supply. The mines shipping domestic coal had not been short of cars since July, but the mines shipping to the United States had been short at times. Owing to the scarcity of men few mines were working full capacity, but with 2,000 cars in continuous service throughout the Crow's Nest district he thinks that there is not likely to be any shortage of cars for hauling the coal the mines can supply. Mr. Dillinger adds that there was then in store west of Winnipeg 100,000 tons of steam coal for winter use, with less than 150,000 tons at Port William and 150,000 more booked to arrive before the close of navigation. The Canadian Northern railway also had in store west of Winnipeg about 20,000 tons of steam coal for winter use and 160,000 tons at Port Arthur.

Lacking in Moral Fibre.

Toronto, Oct. 14.—"The home life of Canada has degenerated and the present generation lack that strong moral fibre which was the chief characteristic of their ancestors. Those who laid the foundations of this country were sturdy, honest, Sabbath-loving, God-fearing men and women who had an impression on the life of the country, and are to be our glory."

Thus spoke Rev. Dr. Rankin in his sermon at the Epworth church in Toronto yesterday, when some hundred and fifty clergy of the city assembled for a conference on the subject of foreign immigration in Canada and to consider means for bringing in these people into the fold of churches.

Col. Davidson of 48th Regiments.

Toronto, Ont., Oct. 15.—Col. John Davidson, founder and honorary colonel of the 48th Highlanders and slated to command at the college Thanksgiving day maneuvers at Hamilton, has resigned from the militia. Col. Davidson's action created a lively sensation at the headquarters of the military district.

Public Ownership in Toronto.

Toronto, Oct. 15.—The first year of the civic ownership of the gas light and water works of the city of Toronto, which cost the city \$7,000, or nearly 25 per cent.

Return of Her Distinguished Son, the Minister of Finance, Who Returns From Paris Where He Conducted Negotiations Leading to Franco-Canadian Trade Treaty.

FIELDING IS GREETED WITH ROYAL WELCOME

Greatest Political Demonstration in Historic Old City of Halifax Greeted the Return of Her Distinguished Son, the Minister of Finance, Who Returns From Paris Where He Conducted Negotiations Leading to Franco-Canadian Trade Treaty.

Halifax, N.S., October 16.—Royal honors were accorded to Hon. W. S. Fielding, the minister of finance, by the citizens of Halifax last night at the greatest political demonstration in the history of the province. Referring to the new treaty, he said the intermediate tariff was designed to be an instrument for negotiation with such foreign countries as Canada might wish to deal with in the interests of Canadian trade.

Our chief competitor in foreign markets, said the speaker, "must always be the enterprising country to the south of us, the American Republic. Our American friends already have a treaty with France, and it was within our knowledge that they were seeking a much broader one. It seemed desirable, therefore, that we should open negotiations with the French authorities with a view to obtaining as far as possible a favorable consideration in the French markets for the products of Canada."

Mr. Fielding's speech was greeted with round after round of applause, and it was some time before he could speak. Referring to the new treaty, he said the intermediate tariff was designed to be an instrument for negotiation with such foreign countries as Canada might wish to deal with in the interests of Canadian trade.

Our chief competitor in foreign markets, said the speaker, "must always be the enterprising country to the south of us, the American Republic.
