

GOOD ADVICE.

It is necessary to always have a bottle of good Brandy at hand.

What Brandy will you buy?

The Medicinal Brandy "Sanator" is not a properly so-called medicine, but it has been selected from amongst the best known brands for their effective principles, and it is distilled so as to develop its tonic and digestive qualities. It is really the FAMILY BRANDY, which name the public has, for a long time, bestowed on it.

The celebrated French physician, DR. PHARZELLE, Inspector-in-Chief of the Great Medical Services, says: "The medicinal Brandy 'Sanator' is eminently an easy digestive drink, remarkable for its tonifying and reinvigorating properties."

Ask for Medicinal Brandy Sanator from your liquor dealer; he has it.

DIRECTIONS.

Against weakness and bad digestion: a liquor glass at each meal.

Against Cold, Influenza: take as a hot drink, viz: one ounce and a half of Brandy, one ounce of hot water, with a little sugar.

Against summer complaints: use with chopped ice, or cold water.

ALWAYS MASTER OF THE ROAD.

Look for the Dunlop Traction Tread trail on asphalt and on mud. It's the "V" line to comfort. No chains; no skidding.

A WEATHERABLE TIRE.

It is just weather like we get here in Newfoundland that gives Dunlop Traction Tread Tires a chance to show their class—and motorists who have them know it.

Created because of the insufficiency of the so-called non-slip or "buttoned" tread.

Marketed only after the most exhaustive tests ever given to an anti-skid tire.

Proven itself the only real anti-skid tire obtainable—bar none. That's

Best Laxative For Bowels- "Cascarets"

They Clean Liver, sweeten Stomach, and Sick Headache, Bad Breath, Indigestion, Constipation.

Get a 10-cent box.

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliouness, Coated Tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

At the City Hall.

A STORMY SESSION. At yesterday's meeting of the City Fathers Councillor Mully created a lively time over a suggestion advanced by the untiring and indefatigable Councillor Coaker in the interests of the residents of the North Battery.

Letters were read from the Premier and Mr. James M. Kent, on behalf of the residents of King's Bridge Road, Torbay and Logy Bay Roads, asking for a light on Kenna's Hill. Will be attended to.

It was decided to place another light on Freshwater Road.

George Whitten has been appointed keeper of the Southside public wharf.

T. J. Duley complained of short water supply to Congregational Church; will be attended to.

The removal of a guilley asked for by J. Cuddihy, of Flower Hill, was ordered.

The Council will receive a deputation of the Daughters of Empire on Monday morning next.

A request of R. Power to build a stable will be considered.

The water supply will be extended in Beaumont Street.

Plans of stable, submitted by G. M. McGuire, were approved of.

According to the report of Dr. O'Connell the Council are not liable for the death of Mr. Beer.

Contract of painting Long's Hill fence was given to O'Brien and Phippy. They tendered \$61 which was the lowest.

Tenders from Willis & Co., for plumbing were accepted.

COUN. COAKER'S SUGGESTION. Councillor Coaker called attention to the imperative need of a railing at the lower Battery and for the sake of the lives of the people he asked that a railing be erected. The motion was seconded by Councillor Martin.

The motion was supported by Councillor Mully, who, in the mean time made an unjustifiable attack on Councillor Coaker. In his comments Councillor Mully wished to remind the Board that a year ago he asked for this railing but his request was ignored, as he is not taken seriously by anyone. Continuing, the political aspirant for Harbour Main District insinuated that when he visited the place there was no election campaign on and did not see why the Council should be made a tool for politicians.

Councillor Coaker retorted in a quiet but ironical way. He was aware that Councillor Mully wanted the credit for himself but as nobody took him seriously he (Councillor Coaker) thought he was doing a wise thing by taking the matter up.

Some more cross-firing followed and the matter was dropped, it being decided to erect a railing as asked for by Councillor Coaker.

After passing of bills, etc. the meeting closed.

Letter From Logy Bay.

Editor Evening Telegram.

Dear Sir,—May I humbly crave space in the columns of your widely-read paper to contradict a heartless and cruel statement which appeared in the Herald on Monday night last wherein it was stated in referring to the terrible accident which befell our respected neighbor the late Richard Pendergast, that "only a few years ago his father was found frozen to death in his home." On behalf of his now bereaved brothers and families and friends, I am requested to say that this is a pure fabrication, wholly and solely untrue. The natural inference would be that Mr. Pendergast died from exposure and starvation. Now the facts of the case are that Richard Matt, as he was affectionately called, was so endeared to his old homestead that even when his wife died he refused the proffered continuous invitations of his married sons to live with them, although he did live with young 'Matt' for a short time. If not taking too much space I might state exactly how the poor old man died. He arose on the morning of January 17th, 1912, to light his fire, being living alone as stated above, and had just fetched a brenney of wood when he succumbed. The doctor said he died of heart failure, not "frozen to death" as the Herald stated. We, his neighbors, just want Mr. McGrath to know that we want him to do the right thing and make a contradiction, for the Pendergasts were an honest, God-fearing family, and we consider it an insult to the whole of Logy Bay, to state that the poor old man was "frozen" to death, thus meaning that he died in want and that we his neighbours neglected him. We may have our faults, Mr. Editor, but I don't think the people hereabouts can be accused of inhospitality though we will if the Herald don't retract. The editor should be more careful about what he publishes and not hold us up to the ridicule of the whole country as letting a poor old man eighty years old, perish for the want of a bit of firing. Hoping I have not taken up too much of your valuable space, I am,

Yours truly,

FRIEND,

Logy Bay, Oct. 1st, 1912.

Your Duty.

Nothing to do with the Custom House, good friend. Its only reference just now is to yourself. Let us suppose that you are a man of family with sufficient of the world's goods to keep them in comfort. Very well. You did not reach this satisfactory state of affairs without care and labour—few men do. Suppose you are awakened some night with shouts of alarm ringing in your ears. Too late then to talk of prudence; too late then to say, "If I had only etc., etc." That "if" means too much to many forgetful people. Is it not always the duty of a self-respecting citizen to protect his home and thus provide for those within it. Is it any more then his duty to those depending on him to protect them as far as possible? Can you call your property your own when it is not insured? The answer to this argument is to carry insurance with Percie Johnson's agency, the most popular office in Newfoundland and the least expensive.

Pointers.

That Bond can't lose in now an established fact.

It looks said a Tory supporter as if the Liberals are going to sweep the entire country.

Ellis, Cowan and Scott are getting as warm a reception in the West End as Kent, Dwyer and Ryan are in the East, and that's saying some.

The Pullet, the Wiggler and the Barge are now abandoning all hopes on seeing that the people down the shore won't swallow the sectarian cry.

Who is it that exactly six months ago went hand in hand to a certain medical man asking him to use his influence and try and get him (Reids' Lawyer) on the Liberal Ticket for the East End and was told that the genial John Dwyer, Esq., was a better and stronger man? Perhaps the "manly" sport can answer this question.

The three Tory pawns have now started to work for the split vote for the "Manly" sport. They have also failed. Last night the people told the Tory canvassers that they are not going to split and will vote the straight ticket for the Liberal party.

Reason.—In 1908 a dead lock occurred and but for one split vote in St. John's District Bond would have won the day and the whole country would not have to bear the financial obligations they are under to-day.

Therefore vote the straight ticket for the Liberal Party, led by Sir Robert Bond, the Statesman.

BOND CAN'T LOSE.

Girl's Nerves Fully Restored

Was Never Able to Obtain Lasting Benefit Until Dr. Chase's Nerve Food Was Used.

Too many girls grow up with weak, anemic bodies and exhausted nervous systems. Indoor life and too much application in school are sometimes the cause.

The blood needs enriching and the nerves need strengthening by such treatment as Dr. Chase's Nerve Food. This food cure is doing wonders for many thousands of girls whose parents have almost despaired of their ever developing into strong, healthy women.

Mrs. J. Bagnall, 395 Woodville avenue, Toronto, writes: "My daughter suffered from nervousness since childhood, and my medicines she tried did not do any lasting good. We read in the papers about Dr. Chase's Nerve Food, and my daughter used it with wonderful results. This treatment has built up her system and so strengthened the nerves that she feels like another girl."

Sunday School Teachers Convention.

The fourth Biennial gathering and Conference of the Sunday School Teachers of the Rural Deanery of Avalon was held Thursday, terminating with a Corporate Communion in the Cathedral yesterday morning. At 4.15 p.m. a goodly number of teachers from our neighbours by way of fostering enthusiasm for the Sunday School Orphanage League. Afternoon tea was kindly provided by the lady managers, after which the Lord Bishop extended a cordial welcome to the teachers, and emphasized the value of the League. Evensong was said at the Cathedral at 5.30 p.m. At 7.30 p.m. the actual Conference took place at the Synod Hall, the chair being taken by the Rev. Canon Smith, R.D., who, in his opening remarks, referred to the loss which the Deanery, as also the whole Diocese, had sustained through the recent decease of the Rev. Canon Pilot. The subjects chosen for discussion were as follows: "The system of the Catechism and its adaptations," introduced by the Rev. A. G. C. St. John, "Sunday School attractions" (notably the "stamp system"), by the Rev. G. H. Hewitt; and the long projected examination for Sunday School teachers, in regard to which the Rev. C. H. Barton, Hon. Sec. of the Deanery Sunday School Board, reported upon a visit which he had recently made to the C. E. Sunday School Institute, London.

The importance of the examination was strongly urged by the Lord Bishop in his concluding remarks, and several teachers responded by entering their names as candidates after the meeting. Refreshments were served by a committee of ladies representing the city Sunday Schools. The Corporate Communion was held, morning, at which the Lord Bishop gave an address, supplied a fitting and inspiring conclusion to what was, it may be hoped, a really helpful gathering.

Staying Home.

When weather is confounded hot, I do not seek the sea; I find the old accustomed spot is good enough for me. When raves the loud mid-winter wind I seek no warmer climes; I stay at home and do my grind, and earn some wooden dimes.

Other days I used to flee when things unpleasant came; things unpleasant tortured me, and bored me just the same. I left my home to dodge the heat that sizzled from the sun, and where I went the weary beat upon me by the ton. I went away when winter shot its snowflakes in my eyes, and where I went I had to swat mosquitoes, bugs and flies. To forests, mountains, streams and lakes at times I used to roam, and always found them fit some fakes compared with my old home. There is no paradise on earth—smoke that in your cigar, there is no place where joy and mirth and peace unbroken are. If things at home should make you curse and fill your breast with woe, you'll doubtless find that things are worse where you propose to go. If you refuse to mope and brood, your griefs will have an end; not latitude or longitude cuts any ice, my friend.

DIED AT HOSPITAL.—There passed away at the General Hospital yesterday, of pleurisy, Mr. Fred Miller. Deceased reached an advanced age and was the oldest landmark in Portugal Cove. Undertaker A. Carnell confined the corpse last evening and conveyed it to the late home of the deceased.
