After I had finished it I sprang up, started to go to the mail box to mail it and became conscious of Dartmouth someone at my elbow. "Well," said my friend's voice, "I've been sitting there about a foot from your nose for the last ten minutes and I think it's about time you noticed me." I had been sitting at a double desk and she had been sitting at the other half of dark figures are fashionable. it in front of me. Now I never worked like that in school.

The Work Seems Aimless.

It seems to me that the child's dislike of school comes rather from the fact that we don't seem to be working for any particular end there. The goal is too far off. We feel we are being set tasks just to amuse the teacher, not for any definite purpose. their stripes running horizontally. We aren't either really playing or
