

There are several kinds of worms which trouble horses; the pin-worms (pointed at both ends) are the most common and most dangerous. Sheridan's Cautery Condition Powder will in a few days eject the worms, and the horse will begin to thrive.

For horses and machine shops should not be allowed to run a day without John's Lubricating Compound. In case of a sudden accident, an immediate use of it may save weeks of suffering, and perhaps a limb, or even life.
