The Bothwell Times says that James Oliver, of Moss, was up before the magistrate there for carrying fire-arms and was fined \$5 and costs of twenty-one days in jail. Oliver was arrested for the theft of a sealskin cap while in Manitoba and spent Christmas in jail but was let off by returning the cap and paying express charges.

School pencils caused an epidemic of diphtheria in Fates Center, Mich. The school board buys pencils for the pupils. These are gathered up each night and distributed in the morning. ### Feil Dead on Sidewalk.

A despatch from Walkerville states that James Thompson, while out for a pleasure walk on Wednesday of last week, fell dead on the sidewalk. He had been subject to heart trouble for some time. After an illness of several months Mr. Thompson seemed much improved Wednesday, and the warm weather tempted him out of doors. Deceased was 52 years old and leaves a widow and a family of grown children. He resigned from a position in the Walkerville brewery several months ago.

Mr. Thompson was a son of the late Andrew Thompson, of Ekfrid. He left the farm a number of years ago and conducted a livery business in Glencoe for some time, afterwards moving to Walkerville. Mrs. Thompson is a daughter of the late Donald McAlpine, of Ekfrid, and a sister of Mrs. John McEneaney and Mrs. Samuel Felker, of Glencoe.

### Presentation and Address.

The pupils of S. S. No. 3, Ekfrid, on the eve of the departure of their teacher, Miss Sadie Lethbridge, gave expression to their regrets in losing Miss Lethbridge as their teacher and also their high appreciation of her services as expressed in the following address, which was read by Miss Florence Fletcher, and the presentation made by Miss Myrtle Stevenson.

Dear Teacher: - After three years of earnest work among us you are now about to leave us. It is with sincere regrets we bid you good-bye. You have proved yourself a kind and patient teacher, and the high stand that your pupils have taken at their examinations is sufficient evidence of ability and success in your profession. We are conscious that we have often tried your patience and have not seconded your efforts on our behalf as we might have done. Regrets for the past will not avail but we cannot allow this opportunity to pass by without expressing our admiration of your character and talents and testify to our appreciation of your painstaking and earnest efforts to promote our welfare. Not only in the school-room but in our homes and in our play you have shown your kind patience in us, and we shall miss your presence more than we can tell. Although no longer our teacher we hope we may be permitted to regard you as our friend and well wisher. We ask you to accept this token set as a small token of our love and appreciation of your work and of our good wishes for the future.

Signed on behalf of the school:- Wellington McLean, Allan McDougald, Myrtle Stevenson, Florence Fletcher.

### Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at other times walking was painful. I presented her with a bottle of Chamberlain's Pain-Expeller and after a few applications she decided it was the most wonderful pain-reliever she had ever used. In fact, she is now without a twinge of it at all. I have since used it on occasions, and it has always kept away the pain. I have recommended it to my friends and they have all found it to be a most valuable remedy." J. A. B. Howard.
