TRADE MARK, Registered.

London, June 29, 1898.
My horse sprained the inside of the hind leg in getting up in the stable. He could not touch his foot to the ground. I got a bottle of Doyle's Liniment. I first bathed the parts affected with hot water and applied the Liniment three times a day. In three days I was able to drive him. I consider it one of the greatest remedies I ever used for such a case.

"GOLD BRICK" MEN GET AWAY.
Montreal, Que., Sept. 17.—William White, John Saunders, and William Pratt, alias William Golden, the notorious gold brick men, who were arrested here some time ago, have forfeited \$2,000 which they put up as bail when they were released some time ago. They were wanted by the United States authorities very badly, and when across the line two of them were promptly arrested.

Mrs. Elizabeth R. Billington, widow of the late Mr. J. T. Billington, died at Hamilton on Monday. Last spring Mrs. Billington was run into by a bicyclist and had her hip broken. She was taken to St. Joseph's Hospital. Dropsy was the cause of death.

INFAMMATORY RHEUMATISM.
—Mr. S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Electric Oil for inflammatory rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others, as it did so much for me."

—The Chicago British-American says: "Mr. and Mrs. John Glennon (formerly of London) returned to Auburn Park on Wednesday evening. They left Chicago about the 1st of August, and have visited all the important places in their native country, Canada."

—Considerable regret is felt at Wolsley Barracks at the death of Quartermaster-Sergeant Hunt in South Africa. He was a member of the London camp a couple of years ago, and made many friends here. His widow and family have the earnest sympathy of the officers, non-commissioned officers and men of Wolsley Barracks in their sad bereavement.

—The funeral of the late James Fairbairn took place yesterday from the family residence, Wellington street, to Woodland Cemetery. It was attended by a large number of sympathizing friends. The services at the house and grave were conducted by Rev. Dr. Johnston, St. Andrew's Church, and the pallbearers were Messrs. George Anderson, Ald. Ross, Charles McCormick, A. Sharp, W. J. Elenant and James Spry.

—Messrs W. and A. Eacrett, of this city, whose sister, Mrs. S. H. Webster, was in Galt, Ont., when the explosion occurred there, have received a paper containing a partial list of the dead, in which her name and that of her husband appears. Since the storm, however, a letter has been received at the home of Mrs. Webster's sister, in Hensall, addressed in her writing, to her father, but as he was not there at the time it has not been opened. Her relatives are now convinced that she is still living.

—A militia order has been recently issued at Ottawa to the following effect: "Non-commissioned officers and men of permanent corps, upon discharge at the termination of a period of confinement, will be provided with a suit of clothes, not to exceed \$5 in value, and in addition, in the event of the discharge taking place between 1st November and 1st April, with a greatcoat, at a cost not to exceed \$5. The officer commanding the depot will forward the bill therefor, certified in the payment, to the headquarters for payment."

—Mr. William J. Wright, eldest son of the late John Wright, died yesterday afternoon at his residence, 779 Colborne street, after a few days' illness with brain fever. Mr. Wright had reached the age of 38 years. He was married to Miss M. E. Graham, daughter of the late William Graham, who, with two children, survive him. Two brothers, Edward, of Toronto, and Walter, with the Canadian Mounted Rifles in South Africa—are also left mourners. The funeral will be held to Mount Pleasant Cemetery on Wednesday afternoon at 3:30 o'clock. Deceased was a member of Fidelity Lodge, No. 5, A. O. U. W.

—The W. M. S. Auxiliary of the Empress Avenue Church held its annual meeting at the home of Mrs. J. Armstrong, Friday. The reports presented were encouraging and indicative of the fact that there had been a steady growth throughout the year, and much good had been accomplished. The following officers were elected for ensuing year: President, Mrs. J. Heritage; first vice, Mrs. J. Elson; second vice, Mrs. Spence; third vice, Mrs. Stinchcombe; recording secretary, Mrs. N. Guest; corresponding secretary, Mrs. Harrison; treasurer, Mrs. R. Greene. Refreshments were served at the close and a social time enjoyed by all.

—The Epworth League of the Askin Street Methodist Church entertained the students of the Normal School last evening, many of the students, members of the league, and friends being present. The first part of the evening was given up to the making of acquaintances and the renewing of friendships, dining cards and pencils being provided to this end. Subsequently a brief programme was rendered. Mr. Fred Wilson, president of the league, formally welcomed the students, as did also the hostess of the evening, Rev. J. W. Hooper. Vocal solos were rendered by Miss G. Rowntree and Mrs. Albert Brenton. Miss Colquhoun recited. Miss Turner favored with an instrumental, and the

Messrs. Penny and Christie gave selections on behalf of the students Principal Merchant thanked the league, incidentally addressing some valuable advice to the gathering of young people generally. The evening's proceedings were brought to a close by the liberal serving of refreshments.

WATER COMMISSIONERS.
The water commissioners held their regular fortnightly meeting yesterday afternoon, there being present Chairman Jones, Commissioner Little, Mayor Rumball, Superintendent Moore and Secretary Ellwood.

No action will be taken in the claim of William Davies for rebate, nor in the claim of Wellington Street Methodist Church for damages to a drain, as the construction foreman had denied that his workmen had injured the church drain. A service will be furnished Thomas Ridge on Cheapside street, between Waterloo and Wellington streets. Mr. Orman having torn down a fence on the waterworks property, adjoining Mr. Orman's property, he disputing the city's ownership, the solicitor will be instructed to examine the city's title to the property. A number of rebates were granted. Mr. A. W. E. Saunders complained of the presence of poison ivy at Springbank Park, and Superintendent Moore will have the same destroyed. It was decided to pay for the city's share of \$20,000 surplus revenue. A number of accounts were passed. The engineer's report for the fortnight ending Sept. 2 showed the total amount of water pumped to be 35,533,580 gallons. The depth of water in the reservoir is 12 feet 9 inches.

VERDICT FOR \$4,400 AND COSTS.
The Duluth News-Tribune of Sept. 15, contains the following of local interest:

The jury in the case of Fred J. Fewings vs. Luther Mendenhall, as receiver of the Duluth Street Railway Company, which retired at noon, returned a verdict for the plaintiff for \$4,400 and costs. This was a retrial of the case; the first trial at the May term having resulted in a disagreement of the jury. The plaintiff was a passenger in a car, which was struck by a car, and a brick thrown by one of the crowd struck Fewings on the head, the injury received incapacitating him from work since that time and probably providing for permanent injury. The trouble occurred on the first day of the strike, when Mr. Fewings had been in West Superior all day, and knew nothing of the strike. As soon as the car had crossed the river into Duluth it was struck by a shower of bricks and stones, several other passengers also receiving injuries. The case turned upon the point as to whether the street car company's officers were culpably negligent in not providing proper protection for their passengers owing to the fact that it was suited to the requirements of the city, was economical, and, if as satisfactory as was anticipated, could be enlarged to any desired extent. As he said last night, "Present action prevents the folding of an expensive system upon the city."

PLUCKY POLICEMAN DEAD.

Chicago, Sept. 18.—Police Lieutenant Edward J. Steele died suddenly yesterday. Lieut. Steele was the man who led the police up Desplaines riot, his company being at the head of the column that advanced to disperse the anarchists, who were making speeches. He was gratified by the force of the bomb explosion and had one of his wrists broken. Nine out of 24 of his comrades were seriously injured.

The Pains of Kidney Disease

Warn You Against the Most Dreadfully Fatal of Disorders—You Can Be Cured by Promptly Using Dr. Chase's Kidney-Liver Pills.

Pain is nature's signal whereby she warns man of approaching danger. Few diseases are so dreadfully fatal as disorders of the kidneys, and few are accompanied by more severe pains and discomforts.

One of the most common symptoms of kidney disease is the smarting, scalding sensation when passing water, which is likely to come very frequently, and at inconvenient times. Then there is the dull, heavy aching in the small of the back and down the limbs.

When these pains are accompanied by deposits in the urine after it has stood for twenty-four hours, you may be sure that you are a victim of kidney disease, and should not lose a single day in securing the world's greatest kidney cure—Dr. Chase's Kidney-Liver Pills.

Take one pill at a dose, and in a surprisingly short time you will be far on the road to recovery, for Dr. Chase's Kidney-Liver Pills act directly and promptly on the kidneys, and are certain to prove of great benefit to anyone suffering from irregularities of these organs.

Don't imagine that you are experimenting when you use Dr. Chase's Kidney-Liver Pills. They are almost as well known as his great Kidney-Liver Pills, and have made some of the most surprising cures of kidney disease on record, and have come to be considered the only absolute cure for kidney disease.

Mr. James Simpson, Newcomb Mills, Northumberland county, Ont., writes: "This is to certify that I was sick in bed the most of the time for three years with kidney disease. I took several boxes of pills—different kinds—and a great many other kinds of patent medicines; besides that, I was under treatment by four different doctors during the time, and not able to work. I began to take Dr. Chase's Kidney-Liver Pills, and since that time have been working every day, although a man nearly 70 years of age. Dr. Chase's Kidney-Liver Pills have cured me."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.—2

OLD TIME HOUSES....

How similar is the ancient looking house to an out of date suit. And why not, since the clothing is the house of the body? People are often judged by the appearance of their residence, as also are men often judged by the garments they wear. Those careful dressers who will be satisfied only with the most tasty and fashionable clothing are the people who deal with us. They are used to the newest and best lines, and they get these every time at this store. The styles, patterns and shades are strictly up to date.

DISPOSAL OF CITY SEWAGE

Filtration System To Be Given a Trial.

Sewer Committee Given Power to Start the Work—Ald. Plant Gets Three Months Leave of Absence—A Sewer That Does Damage—Looking After the Street Railway Company.

Last night's meeting of the city council was important, mainly because it decided upon a definite course of action regarding the disposal of the city sewage—a matter that has been considered and deferred for three years. Since the construction of the new sewers was begun, the council has been continually worried as to which method of sewage disposal among many advocated, would be the best for this city, the most economical and the most permanent. Schemes involving the expenditure of thousands of dollars have been advised by different specialists; the methods in use in other cities have been studied by committees representing the city, and by aldermen in private; but it remained for last night's meeting to take definite action in the matter. That it has been taken now is mostly due to Mayor Rumball, who considered that it should be put off no longer, and that a test of the best and cheapest scheme known should be made while the money voted for this purpose remains in the treasury. He advocated the system of filtration, but the method in use in other cities has been studied by committees representing the city, and by aldermen in private; but it remained for last night's meeting to take definite action in the matter.
