BOOM IN BRITISH SHIP BUILDING

Unprecedented Activity in the
 Yards—Orders From Mor-
 gan's Trust.

London, Nov. 3.—The activity pre-
 vailing in British shipyards is unprece-
 dented, largely in consequence of
 orders from the International Mer-
 cantile Marine Company. The tonnage
 in the hands of British builders, re-
 pairing and under construction, is 300,000.
 The Atlantic Transport Company has
 ordered three vessels of 12,000 tons
 each, which will be named Minne-
 hanka, Minnawaska and Minniewaka.
 The largest vessel afloat, the White
 Star liner Cedric, is being detained at
 Belfast, where her passenger accom-
 modations are being enlarged and im-
 proved. It is stated that a sister ship
 of the Cedric is now on the stocks. She
 will be 75 feet longer than the Cedric.
 It is reported that two new Atlantic
 greyhounds will be laid down which
 are designed to rival the new flyers of
 the Cunard Line, which are now be-
 ing constructed on the Clyde. All the
 Belfast boats are for the shipping
 trust.

KING WILLIAM AT SANDRINGHAM

His Visit Will Be Strictly Private and Personal.

BAD REPORTS FROM BERLIN

Shipbuilding Trade Is Very Dull—
 British Volunteer System Virtu-
 ally on Trial.

London, Nov. 3.—It is understood
 that the visit of the Kaiser to Sand-
 ringham will be strictly private and
 personal, both by desire of the King
 and also by that of the guest him-
 self. Several cabinet ministers have,
 however, been invited by the King to
 meet the German Emperor, and in-
 formation obtainable both in Ger-
 many and England indicates that while
 the visit will be private, there is little
 doubt that the political relations of the
 two countries will be touched upon
 during the meeting of the two mon-
 archs.

BAD NEWS FROM BERLIN.

From Berlin come pessimistic re-
 ports on the state of the German ship-
 building trade. Five hundred men are
 said to have been dismissed within a
 few weeks from the Krupp's Germania
 yards and the Howaldt's yard at Kiel,
 and it is anticipated that further dis-
 missals will take place shortly.

 missals will take place shortly.

THE VOLUNTEER SYSTEM.

Britain's volunteer system is virtu-
 ally on its trial. Mr. Brodrick has de-
 cided to resign his seat in the House
 six days in camp at a fixed period, and
 this regulation has caused a great deal
 of dissatisfaction. Numerous resigna-
 tions of officers have been notified, and
 there has been a big falling off in the
 recruiting returns, but the exact state

GIVEN TEN YEARS PENAL SERVITUDE

British Peer of the Realm and a
 Clergyman's Son Get Felons'
 Sentences.

London, Nov. 3.—The excitement
 yesterday over the reported flight of
 a peer to the continent was heightened
 today by the announcement that a
 well-known London society man,
 Bernard Fraser, had been sentenced
 at the Norwich assizes to ten years
 penal servitude. With him was also
 sentenced Arthur Thorold, the son of
 a clergyman connected, as is Fraser,
 with one of the oldest and proudest
 families in the United Kingdom. The
 prisoners were charged with having
 carried on a regular practice to de-
 prave the morals of youths all over
 the country. An array of prominent
 King's counsel appeared on both
 sides, but the prisoners pleaded guilty
 of misdeemeanor, apparently with the
 idea of getting off with light sen-
 tences.

THE ARBITRATORS SPENT A BUSY DAY

In Viewing Various Sections
 of Coal Region.

SLEEP AND BREAKFAST ON CARS

Many Mines Working With Augment-
 ed Force—Output Largest Since
 Strike Ended.

Hazleton, Pa., Nov. 3.—The anthra-
 cite coal strike commission arrived in
 the Lehigh Valley region from Scranton
 today. The commission spent the
 night and ate breakfast on their spe-
 cial train.

The party was met at Pond Creek,
 about twelve miles north of here, by
 District President Duffy, of the United
 Mine Workers, who will represent
 the miners while the commission is
 in this region. The operators are re-
 presented by General Superintendent
 Warriner, of the Lehigh Valley Coal
 Company, and General Superintendent
 Richards, of the Lehigh and Wilkes-
 barre Coal Company. The programme
 for today was made up so as to cover
 the entire Hazleton district.

The greater part of the territory was
 viewed from the special train. Upper
 Lehigh, Sandy Run, Highland, Free-
 land, Jordon and Jeddo—the latter
 place the home of John Markle, the in-
 dividual mine operator—were visited,
 and the train was then run through
 Eversville, Lattimer, Milnesville, and in-
 to Hazleton.

A visit to one of the mines took up
 the time until noon. This afternoon
 the south side will be gone over by the
 commission, and it is probable that to-
 morrow will find the arbitrators in the
 Panther Creek Valley.

INCREASED OUTPUT.

Wilkesbarre, Pa., Nov. 3.—All of
 the mines in the Wyoming and Lacka-
 wanna regions are working with an
 increased force of men today, and the

output of coal for the day will be the
 largest since mining was resumed. A
 great many of the mines, which oper-
 ated with a limited force last week,
 now have their full quota of miners
 at work. President Mitchell has com-
 pleted his task of collecting data for
 presentation to the anthracite com-
 mission. All the matter Mr. Mitchell
 has collected is now in the hands of
 the recorder of the commission, some
 additional information for the miners
 side of the case having been sent to
 Curroli D. Wright today. President
 Mitchell's legal advisers think a very
 strong case has been made out for the
 miners.

SHORTAGE OF CARS.

Pittsburg, Pa., Nov. 3.—A large
 percentage of the railroad coal mines
 in the Pittsburgh district were closed
 Saturday on account of a shortage of
 cars. The outlook for this week is
 gloomy, and it is believed a number of
 iron and steel mills will be forced to
 suspend operations. Very few mines
 along the Pan Handle Railroad are
 being operated. When these mines are
 running full 1,500 railroad cars are re-
 quired daily, but less than 200 were
 available. The Monongahela division
 is getting 5 per cent of the cars neces-
 sary.

COAL 30 YEARS OLD.

Brooklyn, Nov. 3.—Hasley Corwin,
 of Brooklyn, had 20 tons of hard coal
 in his cellar. It had been there since
 he was a child, has father having
 bought it 30 years ago. At that time
 the price of coal was as high, and the
 elder Corwin paid \$15 a ton for his
 supply. Next day the price dropped
 and kept on dropping. Corwin bought
 more coal at the lower price and vowed
 he would never burn a lump of his
 \$15 coal until it was worth what it
 cost him. Corwin kept his vow, but
 didn't live to see coal cost \$15 again.
 The son respected his father's whim
 and the coal remained untouched in
 the bins for years. Now it is going
 into the Corwin furnace by the liberal
 scoop shovel.

SMALLPOX CASES IN CARADOC

Six Persons Are Said To Be
 Affected—Diagnosed as
 Chickenpox.

Toronto, Nov. 3.—Six cases of small-
 pox are reported from Caradoc Town-
 ship, Middlesex County. They were
 diagnosed as chickenpox.

Eighty-Five Conversions.

Toronto, Nov. 3.—Eighty-five persons
 professed conversion at Gen. Booth's
 three Massey Hall meetings yesterday,
 nineteen in the morning, fifteen in the
 afternoon and 51 in the evening. The
 great auditorium was crowded to the
 doors long before the evening service
 began, and hundreds were turned
 away. At each of the other services
 there were very large congregations.

Big Grain Firm in Trouble.

New Orleans, Nov. 3.—President F.
 J. Odendahl, of the Odendahl Com-
 mission Company, Limited, one of the
