

BOY WAS INSTANTLY KILLED THREE OTHERS BADLY INJURED IN FALL OF PERRIN'S ELEVATOR

Terrible Accident in Big Biscuit Works On Dundas Street West Yesterday Afternoon—Two of Those Hurt Stand Poor Chance of Recovery.

EARL BARRETT MET FEARFUL DEATH FIRST DAY HE WORKED IN FACTORY

It Is Said That the Lads Were Scuffling On the Elevator When Machine Became Stalled By a Projecting Truck—When the Latter Was Kicked Out the Drop Occurred.

THE DEAD.
Earl Barrett, aged 15, 364 Horton street.

THE INJURED.
Alexander Russell, 363 Pall Mall street, fractured knee-cap; dislocated shoulder, slight contusion of brain; will recover.
John R. Welspring, Mill street, fracture of base of skull, bad cut on head; condition very serious.
Samuel Govier, base of skull fractured; left leg broken at knee; condition extremely serious.
Scene of Accident—D. S. Perrin Company's factory, Dundas street west.

Cause—Collapse of elevator, which fell six stories.
Time—About 4:15 p.m.

One boy is dead, two are perhaps fatally injured, and another badly hurt, as the result of the collapse of an elevator yesterday afternoon shortly after 4 o'clock, at Perrin's biscuit factory, on Dundas street west.

The elevator fell six stories, or about 65 feet in all, and it is a miracle that all were not killed.

Earl Barrett, 364 Horton street, a young lad 16 years of age, lived but a few minutes after being taken out of the shaft. His body was removed to Logan's undertaking parlors to await the decision of the coroner.

Samuel Govier, 9 Kensington avenue, and John R. Welspring, whose address the firm did not know, are in a serious condition at Victoria Hospital, while Alexander Russell, 363 Pall Mall street, is also badly hurt.

DIED SUDDENLY

St. Catharine's Clerk Succumbs to Hemorrhage of the Brain.
St. Catharines, Oct. 7.—Willard Stull, aged 21, a clerk in a grocery store, went home from work last night apparently as well as usual. He was soon after taken ill with very severe pains in the head, and died soon after of hemorrhage of the brain.

Mission Circle Elects.
The Women's Mission Circle of the Talbot Street Baptist Church met on Thursday afternoon, Oct. 6 and elected the following officers for the coming year: President, Mrs. Bingham; Vice-president, Mrs. Vining; Secretary, Mrs. J. B. Campbell; home mission treasurer, Miss Jeffery; foreign mission treasurer, Mrs. Clark; agent for the Link, Mrs. Ellis; agent for the Visitor, Mrs. Burch.

They were laughing and joking, as boys will, until the fact that the coil of steel cable holding the elevator was slowly unwinding.

While they were doing this about 30 feet of cable had uncoiled. At last one of them, thought to be Govier, gave the truck a kick, and it shot out from under the elevator.

Dropped Like a Shot.
Unloosed, the elevator fell six stories to the basement like a shot. About half-way down the cable snapped, and the elevator plunged to the bottom, 65 feet below.

Pandemonium reigned. The girls and women employed in the factory heard the roar of the cable snap, and rushed to the bottom with its load of human freight, and they ran in all directions, screaming at the top of their voices.

Several of the men rushed to the basement and opened the elevator door.

Lying in a heap on the bottom were the four boys.

Russell was on top of the three others, and was groaning pitifully.

Welspring and Govier were lying across Barrett, and from their mouths and noses blood was issuing. Barrett was underneath, with scarcely a spark of life left in his body.

Russell was partially conscious. He was dazed, and stared about him vacantly. While he appeared to understand the questions he could not tell how the accident occurred.

Coroner Notified.
Dr. R. Ferguson, the coroner, Dr. W. J. Stevenson, and Dr. Burdon were hastily summoned.

Barrett was unconscious, and died before a physician could reach him.

The ambulance was called, and the three injured boys were taken to Victoria Hospital. They were rushed immediately to the operating room, where their injuries were attended to.

It was discovered that Govier and Welspring were suffering from a severe concussion at the base of the skull. They had other painful injuries.

Russell also had sustained a concussion of the brain, but it was not so serious as in the case of the others.

Russell became unconscious shortly after being admitted to the hospital, but rallied, and according to the physicians he has an excellent chance of recovery.

Govier and Welspring were still unconscious at 3 o'clock, and the physicians were still working on them.

CONFERENCE AT EXETER.
The third conference of the archdeaconry of London will be held in Trivitt Memorial Church, Exeter, on Tuesday and Wednesday of next week.

Rev. D. W. Collins, of Exeter, will give the address of welcome, which will be replied to by Rev. Arthur Carlisle, after which there will be a sermon by the Bishop of Huron.

T. H. Luscombe will speak on "The Church and Moral Reform," and Rev. Principal Waller on "Our Diocesan College."

Wedded at Winnipeg.
A quiet wedding took place in Winnipeg on Oct. 4, at the home of the bride's sister, Mrs. Wm. McCue, 842 Horne street, of Margaret McNaughton, London, daughter of Mr. William McNaughton, of the Dominion Transport Company, and Mr. George H. dence in Vancouver.

Barry, of Vancouver, formerly of London. The ceremony was performed by Rev. Mr. Solandt, and the young couple were unattended. The groom's gift to the bride was a beautiful pearl pendant. After the ceremony the young couple left for a trip to Seattle and Victoria, before taking up their residence in Vancouver.

Neighbor Tried a New Gun;
Bowood Lady Shot in the Leg

Miss Bertha Gillies, a young woman residing at Bowood Village, is a patient in Victoria Hospital as a result of being accidentally shot.

Miss Gillies was on her way down the street when a neighbor, it is stated, was trying a new gun.

The weapon discharged just as she came around a corner and she received the bullet in the leg.

The wound was a very ugly one. The lady was brought to this city at once, and Dr. Hadley Williams succeeded in locating the bullet by means of the X-ray, and he extracted it.

Miss Gillies will it is expected make a rapid recovery.

MR. EDWARD CLISSOLD.
For Thirty-three Years on the Staff of The Advertiser, Who Is Retiring

MR. ED. CLISSOLD TENDERED BANQUET

Thirty-Three Years With The Advertiser, He Is Now Retiring on Superannuation.

GIVEN A PURSE OF GOLD

Eulogistic Address Read—Mr. Clissold Gives Some Interesting Newspaper History—The Guests at the Tecumseh House Last Night.

A complimentary banquet was tendered Mr. Edward Clissold at the Tecumseh House last night, by the directors and employees of The London Advertiser.

Mr. Clissold has been engaged in newspaper work for 53 years. He is retiring on superannuation, and those connected with the paper could not allow the occasion to pass without paying tribute of respect to one of the grand old men of Canadian journalism.

A Purse of Gold.
Mr. Clissold was also presented with a purse of gold by the employees of the company, together with an address expressing the good wishes for his future happiness and good health, and regretting his departure from the city.

Mr. T. H. Purdon, K. C., president of The Advertiser Printing Company, occupied the chair. At the table of honor were seated Mr. Purdon, Senator Coffey, and Mr. Clissold. Every department of The Advertiser was represented.

The banquet was furnished in the best style for which the Tecumseh House is noted. Mr. Geo. H. O'Neill gave the menu his personal supervision, and nothing was omitted.

T. H. Purdon proposed the health of "The King," after which let Continued on Page Nine.

TRYING TO ASSIST HIS COMRADES
WELSPRING TERRIBLY INJURED

Mr. T. W. McFarland, of Perrin's, Has Completed an Investigation Which He Claims Throws New Light on the Fatal Accident.

It is now said that John R. Welspring was injured because he tried to assist his comrades who were in difficulty at Perrin's yesterday afternoon.

The lad was on the sixth floor, when the truck fouled the elevator, and went to their assistance. To be more effective, he stepped on the elevator, and as he did so, it shot to the bottom, killing Barrett, and terribly injuring the others.

"I have made a thorough investigation," said Mr. T. W. McFarland, of the Perrin Company, to The Advertiser this afternoon. "Yesterday there

was much confusion and excitement, but today I have been able to get more of the facts of the case. It seems that the truck fouled the elevator when it attempted to pull it out, and after pulling for some time, he stepped onto the elevator to be of more assistance. As he did so the elevator shot to the bottom.

"I have also come to the conclusion that the boys were not scuffling. It appeared so to some of the workers here, but I hardly think that was the case. I want to say that in justice to the boys."

DELEGATES WILL BE NAMED
TO INTERVIEW DR. PUGSLEY

There will be a meeting of the finance committee tonight at 8 o'clock to name the delegation to go to Ottawa to interview Hon. Dr. Pugsley, minister of public works.

It is expected that Mr. John McClary will form part of the delegation. Mr. McClary has always taken a keen interest in the London and Port Stanley Railway, and has ever tried to keep it in the hands of the city. The proposition appeals to him, and Mr.

McClary will in all probability go down.

The board of trade will send fifteen delegates. Among them will be Dr. Harry T. Reason, Philip Pocock, Samuel Stevely, A. B. Greer, F. E. Leonard, Geo. C. Gibbons, K. C., J. G. Duffield, T. H. Purdon, K. C., T. H. Smallman and Major Beattie, M. P.

The council will name their deputations tonight. It will not exceed ten, it is thought.

VALUABLE BOOKS
FOR THE LIBRARY

Two Sets of Reference Works Donated by Mr. F. W. Daly.

Mr. F. W. Daly, B.A., of this city, has donated to the London Public Library two complete reference works, namely the Ridpath Library of Universal Literature and the Nineteenth Century Library.

The latter work is dealing with the modern development of the English-speaking nations of the world. The two sets include in all 49 volumes. This addition to the reference room is one that will be very much appreciated by students and others, and the library board are deeply grateful to Mr. Daly for his thoughtful kindness.

THE WEATHER
Tomorrow—Fair.

FORECASTS.
Toronto, Oct. 7—8 a.m. Winds: fine and cool.

TEMPERATURES.
Stations. Max. Min. Weather.
Calgary..... 68 42 Clear
Winnipeg..... 60 50 Cloudy
Port Arthur..... 52 34 Cloudy
Perry Sound..... 50 30 Clear
Toronto..... 58 40 Fair
Ottawa..... 58 40 Fair
Montreal..... 68 44 Cloudy
Quebec..... 58 44 Cloudy
Father Point..... 40 30 Cloudy

WEATHER NOTES.
Heavy rains have fallen in Ontario and Quebec, and local showers have occurred in the Maritime Provinces.

In the Western Provinces the weather has been generally fair and moderately warm.

THURSDAY'S WEATHER.
Rain fell heavily yesterday over the greater part of Ontario and Quebec, and few local showers occurred in the Maritime Provinces while in the west the weather was fine.

Minimum and maximum temperatures: London, 42-59; Victoria, 52-60; Vancouver, 51-61; Calgary, 34-58; Edmonton, 30-42; Banff, 30-49; Moosejaw, 27-31; Qu'Appelle, 32-56; Winnipeg, 32-50; Port Arthur, 30-52; Perry Sound, 40-50; Toronto, 42-58; Ottawa, 48-59; Montreal, 58-68; Quebec, 50-58; St. John, 55-65; Halifax, 50-72.

TODAY'S PROS.
The East-Strong southwesterly to northwesterly winds; showery; turning colder; night—Moderate winds; fine; a little higher temperature.

Manitoba and Saskatchewan—Fair and moderately warm.

PORTUGAL'S KING AT GIBRALTAR

Manuel and Royal Family
Enter Harbor On Royal Yacht.

NOW UNDER BRITAIN'S WING

Republicans in Control in Lisbon
Attempting to Win Over Peacefully Monarchists Who Remain Loyal to the Crown.

Gibraltar, Oct. 6.—King Manuel II., deposed monarch of Portugal, is under the protection of the flag of Great Britain.

The fallen ruler, accompanied by the Queen Mother Amelie, the Dowager Queen Maria Pia and the Duke of Oporto, entered this harbor at 11 o'clock tonight on the royal yacht Amelie. Later the king and his mother came ashore.

By the terms of a treaty between Portugal and Great Britain, the latter nation is bound to grant shelter to Manuel if he requests it.

No information as to the deposed ruler's plans could be obtained.

Lisbon, Oct. 6.—While the city of Lisbon is in the hands of the revolutionists and a republic has been proclaimed, with Theophile Braga as provisional president, and other prominent Republicans constituting the ministry, there are still many thousands in and around the capital who are loyal to the monarchy.

The monarchists include a portion of the Lisbon troops and troops massed in entrenched camps about the city. Thus far these have refused to ally themselves with the revolutionists, and the provisional government is taking steps to enforce allegiance.

The people of Lisbon are ignorant of events in the provinces and therefore it is not known whether the movement is broad enough to sweep the country. It is safe to say, however, that the republicans are proceeding as though the transformation of the monarchy into a republic was an accomplished fact, to stand for all time.

For months past preparations have been going on for the overthrow of the king, and it had been definitely arranged to raise the cry of revolt Wednesday. It was, however, postponed to act immediately; otherwise that defensive arm of the country would be able to offer no assistance in carrying out the plan.

At midnight the Republican chiefs accompanied by numerous partisans, went to the barracks of the Sixteenth Regiment of Infantry. The doors were immediately thrown open and the soldiers and arms were distributed to thousands. The barracks of the First Regiment of Artillery were next visited, and the guns dragged forth. The revolutionists marched to the highest point in Lisbon, a fine strategic position where artillery was mounted, threatening the town.

SAMUEL GOVIER.
The Kensington street boy, who it is feared was fatally injured in yesterday's elevator accident at Perrin's.

TWO ARRESTS MADE IN EXPLOSION CASE

Los Angeles Police Running
Down Destroyers of the Times Building

Los Angeles, Cal., Oct. 7.—Two men are under arrest today in connection with the Times explosion. They are Charles Mehr and Frank Russell. Mehr declares the man who blew up the Times probably will not be found in San Francisco. Other arrests are expected to be made.

The seventeen body has been taken from the ruins. The condition of the body indicated that if any other fell near it they were probably burned to cinders and carted away with the debris.

MAYOR BEATTIE OPPOSED TO A JOINT BUILDING

"Let Us Have Our Own Municipal Structure," He Says—
Van Cleave Badly Needed.

Mr. A. H. Van Cleave, head engineer, seems to be a much-desired individual in London. At a meeting of No. 2 committee last evening, a number of matters were laid over until he arrives to take charge of the engineering departments of the city.

The first matter referred to him was the question of a joint building with the county.

Ald. Tancock is greatly enamored of joint buildings, and suggested that some steps be taken to bring the matter to a head.

Mayor Beattie opposed the suggestion. "If we want buildings, let us have our own," he declared. "Our dealings with the county in the past have been such as it is clearly to our advantage to do alone."

"Let us build our own city hall on Victoria Park," said Ald. Saunders. "You might as well give the county the earth as give them what they want in this matter."

After some discussion, the question was laid over, and Mr. Van Cleave will be asked to assist in solving the problem.

A Deputation.
There was quite a lively debate on the selection of a deputation to go to Toronto and Hamilton to inspect paying plants.

Nothing might be done when the deputation was in Ottawa next week.

"I move that Mayor Beattie and the engineer go," said Ald. Morgan. "What about the chairman?" asked Mayor Beattie.

"I am opposed to large deputations," answered Ald. Morgan.

Ald. Saunders thought that on a question of such importance the whole staff should go. However, after much discussion, it was decided to wait until Mr. Van Cleave comes to the city.

The same action was taken in regard to the sketch submitted by City Architect Nutter for the alterations necessary to the city hall arcade.

Engineer Wright was instructed by the committee to make the Dundas street hill as passable as possible during the winter. The block pavement will be laid in the spring.

Other matters of routine were disposed of.

present were Ald. Tancock, chairman, Ald. Saunders, Ald. Morgan, Ald. Pocock, Mayor Beattie, Engineer Wright and Secretary Baker.

FICTION STILL LEADS AT PUBLIC LIBRARY

During September 5,313 Book Lists
Were Issued to Readers.

At the meeting of the public library board last night the sixth report of the library committee was submitted. The committee reported a selection of 141 new books, at a cost of \$178 87.

Accounts totalling \$726 06 were submitted and recommended for payment.

Following are the reports of Librarian Carson for the month of September:

Circulation—Miscellaneous 160, Philosophy 54, Religion 105, Sociology 132, Natural Science 166, Useful Arts 210, Fine Arts 125, Literature 314, History 125, Travel 242, Biography 124, Reference 2,000, Fiction 5,313, Juvenile Literature 596; total, 9,967.

Receipts—Cards sold \$12 15, fines \$29 48, incidentals \$2 25; total, \$43 88.

Memberships—Applications granted, September, 127; second cards, 72; membership cancelled, September, 28; second cards, 5; total on register, 6,012; second cards, 912; total cancelled, 284; second cards, 26; net number of readers, 5,728; second cards, 88.

Coming on Monday.
Head Engineer Van Cleave will be in the city Monday noon to take over the engineering departments of the city. In a letter to Chairman Pocock, received this morning, Mr. Van Cleave stated that he had recovered more rapidly than he had expected, and would be in fit condition to assume the duties.

CRIME TRACEABLE TO LIQUOR DECLARED JUSTICE TEETZEL

FINED \$45 AND COSTS
WAS REX GUY COUNT
A Charge of Misbehavior Was
Proven Against the Man
in Court Today.

Rex Guy Count was charged in the police court this morning by a William street lady with unbecoming behavior before her thirteen-year-old daughter. He was found guilty and fined \$45 and \$5 costs. When his fine was fixed by Magistrate Love, Count effected a very dramatic breakdown at the thought of passing up so much good money.

A young man, who was found guilty of exceeding the automobile speed limit on Richmond street, was fined the nominal sum of \$2.

Among the permits taken out this week were G. Wright for a one story frame house on Oxford street to cost \$1,500, C. H. Dean street and a half brick house on John street, \$1,300; McClary Manufacturing Company cement building on Trafalgar street, \$500; A. V. Johnston, one story frame on the Wharfcliffe road, \$800; A. W. McKendall two story brick on Grosvenor street, \$3,500; W. J. Wilkey, one and a half brick veneer on Princess avenue, \$1,200, and J. Colborne, alterations to place on William street to cost \$1,000.

INFLUX TO CANADA BREAKING RECORDS

Grand Total for the Year Will Be
Near 300,000.

Ottawa, Oct. 7.—Immigration to Canada is going to break all records this year. It is expected that before the year closes the grand total of three hundred thousand will have been reached. Half of these will be from the United States, and the other half from Great Britain and Europe.

The congestion in the local asylum, coupled with the statement of the number of prisoners in the county jail, which shows that there are two men confined there on charges of insanity, was later dealt with by his lordship in his address. He stated that similar conditions exist throughout the province, and that the Government is now making an effort to overcome the difficulty.

The Sanatorium.
The document, which is somewhat shorter than usual, failed to contain any direct recommendation relative to the new Byron Sanatorium, despite the fact that his lordship in charging the jury, dwelt on the worthlessness of the institution, and the commendable step taken by Elgin and St. Thomas in making a substantial grant, while the county of Middlesex kept on the outside.

This was rather a surprise, and the "wise ones" in the county and city have figured that there will be no joint municipal building for a long time to come, as the presentment of the grand jury at other assize courts was practically the only stimulant to the agitation.

The county court house and jail, which for years have been much abused by various grand juries, were accorded a little variety at the close of the fall assizes this morning. The jail alone came in for any comment in fact, and strange to say, there was an air of praise in the brief paragraph.

"This was rather a surprise, and the 'wise ones' in the county and city have figured that there will be no joint municipal building for a long time to come, as the presentment of the grand jury at other assize courts was practically the only stimulant to the agitation."

Building Permits Are
IN MORE DEMAND

A New List Has Been Issued by the
City Engineer's Department.

Building permits are in demand, and already \$10,000 worth have been issued in October.

Among the permits taken out this week were G. Wright for a one story frame house on Oxford street to cost \$1,500, C. H. Dean street and a half brick house on John street, \$1,300; McClary Manufacturing Company cement building on Trafalgar street, \$500; A. V. Johnston, one story frame on the Wharfcliffe road, \$800; A. W. McKendall two story brick on Grosvenor street, \$3,500; W. J. Wilkey, one and a half brick veneer on Princess avenue, \$1,200, and J. Colborne, alterations to place on William street to cost \$1,000.

MAY CLOSE JAIL

With Reformatory at Guelph, It Is
Thought Two Prisons Are Not
Needed.

Guelph, Oct. 6.—A proposal to close Guelph jail is being seriously considered at the present time. The property committee of Wellington County Council, of which Reeve Macdonald is chairman, is considering the advisability of advocating doing away altogether with the place.

It is thought that some suitable arrangement might be made with the Provincial Government officials for the housing of what few county prisoners there might be from time to time out at the reformatory farm.

There will, however, be a good deal of strenuous opposition taken to such a move. Alderman Thorp, for one, is of the opinion that such an arrangement would not be in the city's interests at all. He contends that it would be a shame to send county and city suspects, who had not yet been found guilty, but were only being held for trial, out to the reformatory.

The Asylum.
"Only one criminal case was up for consideration. Notwithstanding the large influx of people into the county and the city of London, it is a matter for congratulation that no element has appeared to furnish an increase of crime, an evidence of the good morals of the newcomers into our midst."

Jurors visited the jail and found but 27 inmates, all males, charged as follows: One of attempted murder, 2 of theft, 11 of drunkenness, 1 of assault, 2 of vagrancy, 1 of damage to property and 2 of insanity. Everything was found in good order under the capable management of the jailer. Alterations in the heating are being made which should add to the comfort of the inmates.

"Victoria Hospital was visited, a vastly improved institution which is accomplishing much in the mitigating of suffering and in the application of the best skill in surgery and medicine."

The Asylum.
"A large institution like the asylum, with the time at disposal, could only be hurriedly inspected, but a visitor could not help being struck with the scrupulous cleanliness of every part of the building, and
