## ROWAT'S COFFEE WESTMINSTER ASKS HYDRO COMMISSION FOR RURAL POWER

Resolution Passed At Meeting of Ratepayers At County Buildings.

Get Service-Economy Requires Delay.

A resolution urging the Hydro-Electric Power Commission to supply hydro to the farmers of Westminste Cities laid down their tools to-noon in protest against a wage on of from \$1.96% to 95 cents on the commission of the c Township cided upon at a meeting of ratepayers held in the county buildings on Satur-day. Asking for distribution of hydro day. Asking for distribution of nyuro to farms in this vicinity has been under consideration for some time, but no definite action taken. Sir Adam Beck was present, and ex-

plained the distribution system in rural districts. He was queried as to what plans must be taken and how much it

He told the farmers of the coming of hydro into Ontario, the way the com-mission was running affairs at present and what plans they had made for the future distribution in rural districts.

\$1,000,000 for Survey.
"When hydro first came into this country we spent one million dollars for surveying the rural districts," he asserted. "The commission was criticized as not being responsible for what they did, yet those districts have flour-ished, and so has the commission. Wonderful research work was done at tell you right here that these men were cided to issue a check to the provincial ing at Castle Island, County Kerry, the best men for this work that could treasurer for \$345.

be got in America, and they were all It was stated that expenses amount-greany, County Wexford, was shot and Canadians. The very best men that ing to \$75 had been incurred by the can be secured are at work on the Chippewa canal development now. The a statement of these will be sent with hydro commission has achieved more the check.
success and accomplished more for the Some time ago the members of the success and accomplished more for the betterment of not only Ontario, but the Dominion of Canada, than any other organization ever thought of doing. Not one dollar has been missappropriated.

was benefiting Ontario. The criticisms town. On several occasions the police have been unjust in every respect, and have been called to a district east of especially those of the Farmers' Sun here, where alarm has been created of the last edition. Probably the editor by foreigners. of this paper is not responsible for the has something to say about what is printed. They say hydro has done nothing whatever for the rural districts.

There is more hydro in the rural districts. There is more hydro in the rural dis-tricts of Ontario than in Europe and United States put together. Twentyne cities are supplied with hydro in Ontario, 73 towns, 131 police villages and 40 townships.

"We can supply hydro in the county but the delay is saving the farmers much money. Copper and poles sell for fabulous prices, and we are trying to keep the cost of distribution down. "Financial men are trying to deprive the rural districts of hydro. But, thank goodness, the farmers have too much respect for themselves than to be spoofed by these men. They are honest

GIRL BREAKS JAIL.

WINDSOR. May 8 .- Awaiting removal to the Toronto Reformator; she was to serve a term, Cecilia Haig, broke jail at Sandwich about 6 o'clock in the kitchen at the time of the get-das street, and have your eyes exam away, it is said.

## Hurled Into Air by Impact, Loss Will Be \$500,000 and

**Business Section Is** 

OTTAWA, May 8.—A fire which broke out about 6:30 tonight in the town of Maxville, raged for over four hours, and practically wiped out the business section. The damage is estimated at \$500,000. For a time it looked is if the entire town was doomed as building after building was consumed by the fire, fanned by a strong wind. However, at shortly after 11 o'clock the fire-fighters, who included volun the infering in Moose Creek and other neighboring municipalities, County Totals were successful in protecting the main residential section, and the blaze was reported under control. Among the larger buildings destroyed were the hydro-electric plant, valued at \$16,000; the town hall and the King George Hotel, owned by Samuel Villeneuve which were located along Main street Firemen and equipment from Ottawa started for the scene on a specia rain, but were notified en route that they were not needed. The fire, the cause of which could

not be ascertained, started in a Chinese restaurant, and in a few minutes had spread to adjoining buildings. As there was no very extensive fire-fighting ap-paratus in the town the blaze gained rapid headway and both sides of Main street were reported in ruins.

The town of Maxville is situated

the county of Glengarry, about 42 miles southeast of Ottawa, on the Grand Trunk Railway.

OUT OF HARM'S WAY WHILE MOTHER IS AT WORK

## Keep Up the Creche for the Mother Who Works

She is a brave type of mother who goes out to work—either a widow who must support herself and her family, or one who is sharing with her husband the responsibility of keeping a home.

But what of the child? Must it be left to the dangers of an empty house and locked doors, or is it to run the perils of the street?

The Day Nursery, or the Creche, situated on King street, near Wellington, provides an answer to this problem. Here the children of the mothers who work through the day are cared for and allowed to play under the supervision of a competent matron and nurses.

The Day Nursery is among the fourteen Welfare Organizations that will benefit by the funds collected in the 1921 drive of the United Welfare Fund
