ONE THOUSAND RUPEES REWARD.

Mrs. Besant, of British India, better known as the "Friend of Burmah," and discoverer and proprietress of the Besant Indian Remedies, is visiting Canada; these remedies have been manufactured and sold by her in India and Europe for thirty years, both as a preventive and a cure, and have never failed in consumption of first and second stage, female weakness, leucorrhoea, irregularities, nervous debility, and other troubles, no matter how aggravated; no injurious drugs or minerals used; suffering men and women should send stamp for interesting and valuable information. Mrs. MAITHA BESANT, P. O. Box 573, Toronto, Canada.

A centenarian by the name of James Anderson, who resided in the neighborhood of Middlemiss for several years, died the other morning at the residence of his son-in-law, Mr. John Webb. He had reached the extreme age of 104 years. He was a native of Pennsylvania and came to Canada 32 years ago. He retained the use of his faculties but very slightly impaired till his last days.

The remains of Mrs. W. J. O'Brien were brought here from St. Thomas yesterday morning for interment. Rev. Dr. Hannen conducted the service, the pallbearers being the following G. T. R. men:—Messrs. D. J. McAlpine, J. Denly, M. Denly, S. Webb, G. Lindley and A. Arnun. Mr. C. J. Watson, of Guelph, has completed and made application for a patent for an ingenious contrivance to be known as "Watson's Roller Reference." It is of cylindrical shape, about 10 inches long by 2 inches in diameter, and is designed for telephone subscribers, reference, etc.

### LOCAL AND DISTRICT.

Go to the World's Fair. Potatoes are small and few in the hill. The Misses Smith, of London, are the guests of Mrs. Ellis, St. Thomas.

Mrs. Armstrong, mother of Mr. George Armstrong, on the Wilkerson Farm, near Embro, met with an accident recently that came within a hairbreadth of taking her life. She was preparing the dinner in the kitchen, and while carrying a pot of potatoes, slipped backwards into a well, that was carelessly open. Fortunately she managed to hang on to the top until assistance came. When rescued from her perilous condition it was found that she was seriously hurt. A doctor was sent for and found that although badly bruised and shaken up no bones were broken. She is recovering nicely.

It is reported that the friends of Miss Orange, who was injured by being thrown out of a wagon in Euphemia Township some weeks ago, have entered suit against the council of that municipality for \$10,000 in her behalf. It is alleged that the road was not in condition for travel by reason of the neglect of the council. Miss Orange is still confined to her room, and it is doubtful if she will ever recover from the result of the accident, her spine having been injured as to deprive her of the use of her limbs.

Two whiskey detectives have been operating in Galt and Preston and nearly all the hotel-keepers and liquor dealers have been fined for violating the statutory liquor laws. Both of these detectives swore that they were sent out by the Ontario Government, and Mr. Henry Totter, of the License Department, gave them instructions. These men are sent out with the deliberate purpose of getting men to violate the law.

Champion Association, Patrons of Industry, of London, held their quarterly meeting the other evening, when the following officers were elected:—President, S. Felker; Vice-President, N. Mitchell; Secretary, Miss B. M. McIntyre; Treasurer, D. McNaughton; Guide, B. Haskel; Sentinel, G. Scott; Minerva, Miss M. Mitchell; Demeter, Miss K. McRae.

Some villain committed the disgraceful act of cutting off the tail of a horse belonging to Archie Darroch while he was in Knox Church, Hesterton, on Sunday evening last. The animal was tied in the shed and the wretch must have performed his sneaking work hastily and fearlessly, as church gets out before dark.

The Paris Town Council taking a cue from the doings of the London Council reduced the School Board's estimates by \$500, and the latter are going to law about it, just the same as the city Board of Education purpose doing unless their rights are respected.

The brick house opposite the residence of Chas. Tucker at Newbury, owned by a city man company, and occupied by John Leach, was destroyed by fire the other night. Loss on building fully covered by insurance. Contents a total loss.

Isaac Douglass and Geo. Dogush, two Brantford Indians, will be tried on the charge of stealing a cow to-day from another Indian named Samuel Butler. It is alleged the stolen animal was sold to E. Weaver, butcher, Newport.

### HERE AND THERE.

Mr. T. HARRY CARLING returned on Monday yesterday from the World's Fair.

Miss ELISE AMEZ, of Alma College, is visiting Miss Clement, London West.

Miss MATTIE WILKINSON, of this city, is a guest of Mr. O. S. Clarke, Point Edward.

MISS GERTRUDE LEBEL left Wednesday on a visit to Montreal via the Thousand Islands.

MISS KIRKPATRICK, of this city, spent part of this week with Miss Stinson at Thorndale.

## THEIR NARROW ESCAPE.

### NO. 4 EXPRESS ON THE C. P. R. LEAVES THE TRACK!

And One Hundred Passengers go Bumping Over the Ties and Land in the Ditch—No Very Serious Injuries—Cause of the Accident.

No. 4 Express, on the C. P. R., the fly-blue here from the west at 3.45 a.m., was derailed at the Komoka diamond, when coming in at a very lively speed, yesterday morning. That no one was killed was not short of the miraculous. Chas. Ganivan, of Philadelphia, who was returning home from a visit to the World's Fair, was the only passenger who was seriously injured.

All the others were able to continue their journey, but two men of the party sustained scalp wounds. Ganivan's injuries consist of a badly cut leg, but he will not lose the limb. He was taken to St. Joseph's Hospital, where it was ascertained Ganivan was a native of Lisbon, Portugal, and had been residing at Oakland, California, for some time, practicing his profession of civil engineer. Subsequently he came east as far as Omaha, thence to Chicago, and was on his way to Lisbon when the accident occurred.

From documents in his possession, it is ascertained that Ganivan is a Mason in good standing, and also a Knight Templar. These facts having been communicated to the brethren of St. John's Lodge, No. 209a, at their meeting last night by W. Bro. A. E. Cooner, who visited the injured man at the Hospital, the Worshipful Master appointed a committee of brethren to visit the unfortunate brother, and attend to his wants so far as their power. The committee were also empowered to secure an interpreter, so that Bro. Ganivan's requirements in every respect may be looked after.

The cause of the accident was evidently due to the failure of the driver of the train, Engineer Stewart, to notice that the signals were against him. At the point where the accident occurred the Grand Trunk crosses the C. P. R. tracks, and an interlocking switch is placed there to prevent collisions. There was no G. T. R. train due at the time, which possibly made the engineer of the express neglect to look for the switch signals. It was unusual for the switch to be turned as it was, but this fact does not take the responsibility from the shoulders of the engineer.

The result was to throw the train from the tracks onto the ties, and a guard rail is placed to prevent the train from leaving the tracks. This rail, however, did not prove sufficient, and after the train of seven cars had bumped along on the ties for its full length, the whole train toppled over into the small ditch alongside. There were two sleeping cars, one first-class coach, one smoker, two colonist cars and the baggage car on the train. One hundred passengers were on board, and the majority were asleep. The thumping of the train as it sped along on the ties caused them to suddenly awaken, and as soon as the train rolled over into the ditch there was a general scrambling to the open air through doors and windows. The cars were generally in a badly broken condition, and to look at the scene one could not help wondering how one hundred people came out of it alive.

The passengers were all bound for Massachusetts and most of them were going to Boston. As soon as news of the accident was received here, Station Master Houston despatched a train to the scene. Dr. Mitchell, the C. P. R. physician of this city, went along, and with Dr. Bice, of Mount Brydges, looked after the injured. The passengers were taken on through from here at 8.55, having lost about five hours. The track was all cleared away by noon, allowing the west-bound express to proceed.

The C. P. R. officials say the escape from a terrible accident was very narrow, and congratulate themselves that it was no worse.

Two cases of Simpson's celebrated Percales were opened up this week. These were secured direct from the printers at a great bargain, and you may have them at 12c, also a great bargain. Some very beautiful patterns.

We have also opened up one case fancy striped Pongee Prints. All fast colors. Just the thing for hot weather wear. We are only asking 10c a yard.

Our well-known navy blue Drillettes are unexcelled for summer. All are marked at prices most reasonable and within reach of everyone. They are good. What shall we say, or rather, what need we say about Corsets? Surely nothing, for is not our establishment noted for its array of perfect-fitting Corsets. We make a specialty of "Her Majesty's," because we handle them exclusively in London. But we have all the popular makes, including the celebrated Ventilated Corset, for summer, and Ferris' Waists, of which we carry all the sizes for ladies and children.
