RHEUMATISM FOR OVER 16 YEARS

No Return Of The Trouble Since Taking "Fruit-a-tives" 103 Church St., MONTREAL. "I was a great sufferer from Rheumatism for over 16 years. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers. P. H. Mc HUGH. 50c a box, \$ for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

JOKER'S CORNER

WISDOM OF BETTY We had a family picnic. When we had eaten our supper we wandered slowly out of the park toward the car line. Suddenly, Betty turned and ran quickly back toward the spot where she had eaten. "Betty, come quick," said mother. Betty ran faster, without any excuse for her conduct. "What are you going back for? Why don't you come when I call?" cried mother to Betty's retreating back. "Just a minute, mother," replied Betty. "I want to get my gun. I parked it on one of the benches."

TOO HARROWING "Mrs. Jagoby has for years had a curiosity to see the inside of Mr. Jagoby's favorite saloon, where he used to purchase most of his packages. "Quite natural." "Very and it was gratified the other day. Mrs. Jagoby dropped in with two or three other ladies and had ice cream soda." "I don't suppose she could induce Mr. Jagoby to go along?" "No. He was afraid he might break down."

FAIR WARNING Edward, a six-year-old urchin, accidentally cut his shoe with his knife and his father proceeded to scold him at great length for his carelessness. The little fellow listened patiently for a time, then, looking at his father, said: "Papa, if you don't stop talking so much about it you'll get me mad, too."

MARK OF A GENTLEMAN She (sighing)—I met such a lovely, polite man today. He—"Where was that?" She—in the street. I must have been carrying my umbrella carelessly for he bumped his eye into it. I said, "Pardon me," and he said, "Don't mention it—I have another eye left."

WAS HE SATISFIED Boarder—Here's a dime I've found in my stew. Landlady—Yes, I put it there. You are always complaining about the lack of change in your meals!

SOMETIMES USEFUL O'Rourke—Shure an' a wooden leg comes in handy sometimes. O'Toole—How so? O'Rourke—When yez git in a scrap yez kin take it off an' use it fer a club.

The quarterly session of the Grand Division meets in the Demonstration Building on Tuesday, May 10th. Public meeting in the evening. Talented speakers will be present. The W. M. A. S. met at the home of Mrs. Sprowl on Monday, an interesting program was rendered. At the close of the meeting ice cream and cake were served. The next meeting will be held with Mrs. J. Stoddart. A public meeting in the interest of the Cottage Hospital for Lawrence-town and surrounding country was held on Thursday, May 5th, at 8.30 p.m. All interested were cordially invited to attend and those not interested to come and be convinced of the great need of building. The eminent Canadian Orator and entertainer, Walter McRaye, will be in Lawrence-town week after next. Mr. McRaye toured the province in company with Pauline Johnson, the Indian Poetess, a number of years ago. He was an outstanding figure in last summer's Western Chautauqua. He will give us an inspiring and powerful address, "The Soul of the Nation." It is to be hoped that all who possibly can, from the town and outlying districts, will take the opportunity of hearing this very talented gentleman. Mr. Curry of Acadia University, having supplied during the winter months for the Lawrence-town Baptist Church, preached his farewell sermon on Sunday, May 1st. After the evening service was presented with a sum of money and the following address, by Deacon T. G. Bishop: Dear Bro. Curry: On behalf of the Church and congregation to which you have ministered so acceptably the past few months I ask you to accept this gift—as a small token of our appreciation of the valuable service you have rendered to the cause of God in this Church and community. By your noble Christian character, and your faithful and earnest presentation of the truth you have won a large place in the affection and esteem of the people, and the prayers and best wishes of many friends will follow you and Mrs. Curry as you continue to pursue your studies and qualify yourself for a larger service in the Master's kingdom. We will ever cherish sweet memories of the past, and will continue to pray that you will be blessed in the great work to which you have dedicated your life, and that, through your instrumentality, many souls be won for Christ.

A SPLENDID TONIC FOR WEAK PEOPLE

Dr. Williams' Pink Pills Act On the Blood and Nerves. Food is as important to the sick person as medicine, more so in many cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow; in sickness the appetite is of-ten feeble and depraved. Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are a fine tonic medicine, harmless and certain in their action, which is to build up the blood and restore vitality to the run-down system. For growing girls who are thin and pale, for pale tired women, and for old people who fail in strength, Dr. Williams' Pink Pills are an ideal tonic. Thousands have testified to the benefit derived from the use of this medicine, among them is Mrs. William Galle, Hantsport, N.S., who says: "Before I began the use of Dr. Williams' Pink Pills I was so weak and run down that I could hardly do my own work. I often suffered from headaches and was very nervous. I then began the use of Dr. Williams' Pink Pills and I can truthfully say I have found them the best medicine I have ever taken. You may depend upon it I will advise other sufferers to take these pills." You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail, at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

Miss Eleanor Lynn and little brother Ronald, went to Port George to live with their aunt and uncle. Mr. and Mrs. E. C. Cannon is missed very much at school as she is a very bright pupil. On the evening of Thursday April 21st the friends of Mrs. L. N. Beals gathered at her home and Mr. Fred Barteaux, in behalf of those present, presented her with a wicker rocker, as a slight token of appreciation on the part of the congregation for her services she has so unflinchingly rendered as organist. For upwards of 30 years she has held this position. Mrs. Beals was completely surprised, and thanked the friends more by looks than words, as words seemed to fail her. A pleasant evening was then spent and a treat given by the ladies.

SPEAKS HIGHLY OF BABY'S OWN TABLETS Once a mother has used Baby's Own Tablets for her little ones she is always pleased to speak highly of them to other mothers. She knows the good they have had for her children and realizes that her experience should be of benefit to others. Concerning the Tablets Mrs. Fred Murphy, Chantatown, P. E. I., writes: "I have used Baby's Own Tablets for the past eight months for my baby. I cannot speak too highly of them for they have been of great assistance to me in my first experience of motherhood." Baby's Own Tablets are a mild but thorough laxative which are absolutely harmless and may be given to even the newborn babe with perfect safety. They are sold by medicine dealers or direct, at 25 cts. a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

CAN YOU ANSWER? Years ago the compiler of "Beckwith's Almanac" lived in New Haven. The white tall hat which he wore made him a conspicuous figure, and his portrait in this white hat adorned the "Almanac's" front cover. It is from this publication that a reader has selected the following rhyme, under the question, "Can you answer?" Where can a man buy a cap for his knee? Or a key to the lock of his hair? Can his eyes be called an academy Because there are pupils there? In the crown of his head? What gems are found? Who travels the bridge of his nose? Can he use when shingling the roof from his house? The nails at the end of his toes? Can the crook of his elbow be sent to jail? If so, what did he do? How does he sharpen his shoulder blades? I'll be hanged if I know, do you? Can he sit in the shade of the palm of his hand? Or beat on the drum of his ear? Does the calf of his leg eat the corn on his toes? If so, why not grow corn on the ear?
