Mr. Fred Hannam states he noticed in West Dalhousie items recently, that Miss Effie Ship and Olive Buckler, visited his home, which is a mistake, as their company is not requested, and claims no relationship with either of them.

They raise five pigs in Belleisle. An esteemed correspondent writes us that John A. Bent raised one that this Winter tipped the scales at 547 pounds. Hugh A. Troop one at 547 and Arthur F. Troop one at 525 pounds. The pigs in question were but little over a year old.

A construction crew in the employ of the Canadian National Railway, arrived on Tuesday to commence on the construction of a new bridge on the H.S.W. line across the Annapolis river here, as the present bridge has been condemned. During the Summer the piles were driven and other preparations made so that the work can now be carried along to completion. It is expected that the construction will take about two or more months.—Outlook.

The usual festival service will be held in the parish of Bridgetown on Christmas Day—viz. in St. Mary's Church, Belleisle, at 8 a.m., and in St. James' Church, Bridgetown, at 11 a.m., to which a cordial welcome is extended to all.

There will be no 11 a.m. service in St. James' Church, next Sunday, but the usual service will be held in the evening.

Reserve the evening of Thursday, Dec. 27th, for the Recreation Hall annual Christmas tree entertainment. Look for particulars next week.

There will be a service in St. Peter's-by-the-Sea, at Young's Cove, next Sunday morning (with Christmas communion) commencing at 11 o'clock.

In a recent issue of the Yarmouth Herald, a correspondent states that last year 350 persons received free treatment at the Yarmouth Hospital.

This hospital provides for its free patient, a bed, nurse, food, heat, medicine, etc. Coupled with this there was carried on an out-patient department, the medical staff freely and voluntarily giving its services.

A narrow escape from drowning was that last Friday by Laurie Scragg, a young man of Annapolis Royal, who was in a boat with only one oar and was being carried up through the bridge by the flood tide when seen by Miss Nettie Caswell who was walking across the bridge from Granville.

Fearing that he might be dashed against the bridge piers or capsized in the tide whirlpools, Miss Caswell ran back to the Granville shore and gave the alarm. Meanwhile Laurie had attempted to throw a line around a spike on the pier toward which he was being dashed, but missed it and fell overboard. The boat did not capsize, but took in some water and when the young man came up he was able to grasp the rope and by means of it hold on to the boat until he was carried near enough to the Granville shore to be rescued. Moral anyone who wants to go rowing around the bridge piers at half tide ought to at least have two oars in his boat and then keep as far away from the piers as possible.—Spectator.

**Yes, And Getting Paid For It:**  
 Your correspondent desires to ask a question: Is the guy that wrote: "Yes, we have no bananas," still at large?—St. Peter's item in Richmond Record.

**Help the School Library. Come to the School Concert.**  
 A telegram was received by Miss Etile Gordon of Sumpville, containing the sad news that her brother, Mr. Chas. W. Gordon, had passed away in Los Angeles, where he has resided for some years. The deceased, the youngest son of the late Rev. D. S. Gordon, a former Presbyterian Pastor, was a native of Bridgetown. Beyond the telegram further particulars have not yet been received.

Capt. Ern Lewis, of the S. S. Ruby L. I. was in town Friday and Saturday. He made the run from Digby to Annapolis in an hour and a half, leaving the former town as soon as the tide floated his steamer, and arriving here at 6 o'clock. This is considered a rather unusual feat. The captain took away a cargo of vinegar.
