

opportunity for finishing our work; four out of five of our number being at this time in the city.

It is with pleasure that we have found some subordinate Divisions and brethren to come forward to supplement the small favour which the Grand Division's means would warrant us in furnishing;—and we hand you what, though comparatively small in amount, will, we trust be received as it is offered,—a Testimonial of good will, and of the pleasant recollections of years long past, when our Order throughout this Jurisdiction was greatly helped by your unwearied efforts.

That health, prosperity and happiness may ever be with you and your family, is the prayer of your brethren of the Committee.

Yours fraternally,

WM. M. BROWN,
Chairman of Committee.

TO WILLIAM M. BROWN, ESQ.,

Chairman Committee of Grand Division,

Dear Sir and Brother,—

In accepting the letter and Testimonial you have presented me with on behalf of the Grand Division of Nova Scotia, I do so with reluctance. I accept them, however, in the spirit in which they have been tendered.

During the eighteen years, (and they the best years of my life) I acted as an officer of the Grand Division, I am conscious of having discharged the duties of the office faithfully, honestly, and for the advancement of the Order, without seeking any personal advantage therefrom. Whether the organization has or has not benefitted by my labors during the period referred to, it is not for me to say.

Although I do not now hold an official position, my interest in the Sons of Temperance has not undergone any change.

Thanking you for your kind wishes to Mrs. Monaghan and myself, and reciprocating said brotherly expressions,

I remain, yours truly,
In L. P. and F.,

PAT. MONAGHAN.
