

"She Looketh Well"

to the ways of her household." Yes, Solomon is right; that's what the good housekeeper everywhere does, but particularly in Canada.

But her ways are not always old ways. In fact she has discarded many unsatisfactory old ways. For instance, to-day she is using

the New Shortening, instead of lard. And this is in itself a reason why "she looketh well" in another sense, for she eats no lard to cause poor digestion and a worse complexion.

COTTOLENE is much better than lard for all cooking purposes, as every one who has tried it declares. Have you tried it?

Mrs. John McLean writes from Barrie Island, Ont., March 4th, 1889, as follows: I have been a great sufferer from neuralgia for the last nine years, but, being advised to try St. Jacobs Oil, can now heartily endorse it as being a most excellent remedy for this complaint, as I have been greatly benefited by its use.

"For Years,"

Says **CARRIE E. STOCKWELL**, of Chesterfield, N. H., "I was afflicted with an extremely severe pain in the lower part of the chest. The feeling was as if a ton weight was laid on a spot the size of my hand. During the attacks, the perspiration would stand in drops on my face, and it was agony for me to make sufficient effort even to whisper. They came suddenly, at any hour of the day or night, lasting from thirty minutes to half a day, leaving as suddenly; but, for several days after, I was quite prostrated and sore. Sometimes the attacks were almost daily, then less frequent. After about four years of this suffering, I was taken down with bilious typhoid fever, and when I began to recover, I had the worst attack of my old trouble I ever experienced. At the first of the fever, my mother gave me **Ayer's Pills**, my doctor recommending them as being better than anything he could prepare. I continued taking these Pills, and so great was the benefit derived that during nearly thirty years I have had but one attack of my former trouble, which yielded readily to the same remedy."
