Several European sovereigns are renowned for the length of time which they wear their clothes. The record in this respect, however, is broken by the rector of the Berlin University, who has just been compelled to order a new official mantle at a cost of 2,400 marks. The one which he has worn until now was made exactly 192 years ago.

Tower clocks as well as office clocks are now run by electricity to correspond with a distant regulator. A New-England manufacturing firm, engaged in this line of business, now offers to put in a motor to operate the striking apparatus in towers, and to run the motor with a ten-cell zinc and ammonia battery which will last two years without renewal.

TORONTO TESTIMONY.

DEAR SIRS,—Two years ago I had a bad attack of biliousness and took one bottle of Burdock Blood Bitters, and can truly recommend it to any suffering from this complaint

Mrs. CHARLES BROWN, Toronto.

The Germans have, it is said, discovered that a satisfactory kind of paper can be made from the refuse hops that have hitherto gone to waste in breweries.

SORE THROAT CURED.

DEAR SIRS,—I had a very sore throat for over a week and tried several medicines without relief until I heard of Dr. Wood's Norway Pine Syrup, which I tried with great success. I think it a fine medicine for sore throat, pain in the chest, asthma, bronchitis, and throat and lung troubles.

MARIA MIDDLETON, Bobcaygeon, Ont.

Only the Scars Remain.

"Among the many testimonials which I see in regard to certain medicines performing cures, clearing the blood, etc.," writes HENRY HUDSON, of the James Smith

Woolen Machinery Co., Philadelphia, Pa., "no one impress me more than my own case. Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good old mother urged me to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the past, to remind me of the good Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."

For the cure of all diseases originating in impure blood, the best remedy is

It is too bad that a poor wretch can be punished for stealing your pocket-handkerchief or gloves, and that no punishment can be inflicted on those who steal your time.—Byron.

ALTOGETHER DISAPPEARED.

GORED BY A COW.

A fine colt belonging to Mr. Peter Lindsay, of Nixon, Ont., was badly hooked by a cow. Two bottles of Hagyard's Yellow Oil cured it. This invaluable remedy should be in every house. It cures cuts, sprains, bruises, burns, and all pains and aches in man or beast.

Sulphur is already used for bleaching in many industries, and a Providence man, having decided to apply it to the whitening of cheap material for paper, has invented a machine for the purpose. Putting the stock in an airtight chamber, he pumps out all the air he can get. This leaves the pores of the fibre in a condition to admit more readily the bleaching fumes, which are then forced into the chamber and kept there a few hours.

The new White Star liner, Gigantic, is to be 706 feet long, and have engines of 45,000 horse-power. The steamships New York, Paris, Teutonic, Majestic, and Fuerst Bismarck, burn from 1.71 to 1.75 pounds of coal per hour per horse-power. Were the Gigantic's consumption as low as 1.67 pounds, and her actual horse-power only 36,600, she would consume 645 tons of 2,240 pounds each a day, over 3,500 tons during a voyage of 5½ days. And even this big load would in practice be increased by 500 or 1,000 tons, perhaps, as a margin of safety.
