

NEW SPRING MILLINERY.

We are showing an immense variety of Trimmed Hats and Bonnets, Flowers, Feathers, etc., and at remarkably low prices.

Our display of Handsomely Trimmed Bonnets, Hats, and all kinds of Untrimmed Goods is superior to any in the city, to which the large number of ladies who attended our opening can testify.

The many elegant Mantles which we are showing cannot be compared with in the city, either for style or value.

We request the large number of ladies who have not already done so, to visit our Millinery Show Rooms, and we feel convinced that they will say, one and all, that for style and value no house on this continent can compare with

PETLEY & PETLEY,

PETLEY & PETLEY,

THE LEADING CARPET DEALERS,

128 TO 132 KING STREET EAST, TORONTO.

WHAT IS CATARRH?

(From the Toronto (Canada) "Mail")

Catarrh is a mucopurulent discharge caused by the presence and development of the vegetable parasite ameba in the internal lining membrane of the nose. This parasite is only developed under favorable circumstances, and these are: Mucoid state of the blood as the lightest corpuscle of tubercle, the germ of syphilis, mercury, toxemia, from the retention of the effete matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are kept in the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back of the throat, causing ulceration of the throat; up the Eustachian tubes, causing deafness; narrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalants and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucous tissue.

Some time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fails in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease should, without delay, communicate with the business managers, Messrs. A. H. DIXON & SON, 305 King Street West, Toronto, and get full particulars and treatise free by enclosing stamp.

What the Rev. E. B. Stevenson, B. A., a Clergyman of the London Conference of the Methodist Church of Canada, has to say in regard to A. H. Dixon & Son's New Treatment for Catarrh.

New Treatment for Catarrh.

Messrs. A. H. DIXON & SON: I have tried so many things for catarrh, suffered so much and for so many years, that it is hard for me to realize that I am really better. I confess that mine was a very bad case. It was aggravated and chronic, involving the sinuses as well as the nasal passages, and I thought I would require the three treatments, but feel fully cured by the two sent me, and I am thankful that I was ever induced to send to you.

You are at liberty to use this letter, stating that I have been cured at two treatments, and I shall gladly recommend your remedy to some of my friends who are sufferers. Yours, with many thanks, REV. E. B. STEVENSON.
