

CANADA WEST LAND AGENCY COMPANY.

Those who have hitherto applied to this Company for copies of the FARM JOURNAL will notice the amalgamation which has taken place by which the JOURNAL becomes, in connection with the RURAL CANADIAN, a monthly publication. It will be the endeavour of the proprietors to extend the circulation still further, in Great Britain and the United States, so as to make it the most important medium of communication between these countries and our Dominion. Parties wishing to advertise lands for sale may obtain full information as to rates, etc., by addressing J. R. ADAMSON, Manager CANADA WEST LAND AGENCY COMPANY, 14 Adelaide Street East, Toronto.

BRANT COUNTY.—Onondaga Township.

742.—The "Onondaga Farm" is a magnificent property containing 200 acres, of which 130 are cleared and mostly free from stumps. 80 acres are covered with fine hardwood bush. The soil ranges from sandy loam to clay, and is very productive. It is well fenced with board rail and trimmed stumps. The buildings comprise a solid roughcast house, 14 stables, containing 8 or 9 teams; 6 good frame barns, with other outbuildings. There are 2 orchards, one old and one young, both bearing. HALIBURTON COUNTY.

We offer in the Townships of Lytton, Dodley, Harcourt, Gifford and Harburn a large tract of land admirably adapted for stock raising. It is extremely well watered, and raises even better grass and root crops than the high priced lands in the tract. As the price ranges from \$1 to \$5 per acre, stock raisers can operate a much larger acreage than it would be possible for them to do in lands ranging from \$10 to \$100 an acre. In consequence of this low price the cost of raising animals is reduced to a comparatively very small sum. Intending settlers would do well to inspect these lands thoroughly before buying elsewhere. Any practical man who understands his business can easily convince himself of the advantages of this district by personal inspection.

HALTON COUNTY.—Nelson Township.

2176.—That magnificent property known as "Limestone Hall," containing 240 acres; 150 are cleared, nearly all free from stumps; 50 in permanent pasture, and 50 seeded with beech and maple; soil, limestone loam, slightly rolling, some stony, well watered; fences cedar rails, and at the front pickets. The residence is a splendid cut stone two-story building, 60x10, containing about 14 rooms; cellar, 5x10; summer kitchen and woodshed. A large barn, with stables, was recently burned down, leaving the stone foundation and cellar; this has been partially rebuilt, and the stone foundation is still standing ready for building the remainder. The other buildings comprise a frame barn, 40x20, a large frame dairy house, with stables in connection, a stone smoke house, etc. There are 2 orchards, covering 1½ acres, and containing 700 trees all bearing, and nearly all grafted from its various stages of growth and all choice varieties. Distance 1½ miles from school, church 1½ miles, Lytton P. O., 2 miles, Harcourt or St. Ann's Station on the H. and N. W. Railway 3 miles, Nelson 7 miles, city of Hamilton 15 miles, Burlington 5 miles. This is one of the best stock farms in the country, and cannot be beaten for raising any kind of crops. Price \$12,000, terms easy with interest at 6 per cent. A fine spring creek runs past the buildings.

HALDIMAND COUNTY.—Caledonia Village.

487.—That first-class foundry and machine shop known as "Scott's Foundry," occupying a large brick building, 2½ stories, the ground floor of which is fitted with extensive lathe, cutting and punching machines, etc. The first floor is a carpenter's shop and fitting room, and the upper floor is a pattern room. The foundry, with cupola, and powerful blast furnace, and further to the east is the paint shop and store house for finished work. There is also a blacksmith shop with 4 forges; planing mill, 30 horse power engine, and 10 horse power boiler, and all necessary shafting and machinery for carrying on a large business. The lot covers half an acre of ground, and is very centrally located.

The shipping facilities here are unsurpassed, the G. T. R., passing through the village, and while the N. & W. R., gives access to the country north and south, and to the G. W. R., C. N. R., C. V. R., and T. G. & E. R. Price, \$15,000; terms easy. A dwelling house may be had adjoining the foundry at a moderate price. This foundry is celebrated for the manufacture of the Vibrator Threshing Machines, of which all the patterns are in stock, as are also horse powers, reaping machines, ploughs, saw mill machinery, engines, and a large lot of gearing patterns, stove patterns, straw-cutting box patterns, etc., etc.
