

A meeting of the members and adherents of Mount Pleasant church, Vancouver, was held on the 28th inst., for the purpose of moderating in a call. Rev. E. D. McLaren, Moderator of the Session presided. Several names were brought before the meeting, Rev. J. A. Bowman, of Crystal City, Man., receiving the strongest support, and the call was therefore made unanimous.

AN IMPORTANT JUDGMENT—At Osgoode Hall, Toronto, on May 28th, on application of G. T. Fulford & Co., proprietors of the Dr. Williams' Medicine Co., a perpetual injunction was granted by Chancellor Boyd restraining Theodore Sweet, druggist, of St. Catherine's, from selling a pink colored pill in imitation of Dr. Williams' Pink Pills for Pale People. It seems necessary to again impress upon the public the fact that Dr. Williams' Pink Pills can only be obtained in packages the wrapper around which bears the full, law-protected trade mark, "Dr. Williams' Pink Pills for Pale People." Pills offered in any other form, and notwithstanding anything the dealer may say, are fraudulent imitations and should always be refused. The Dr. Williams' Medicine Co., will be glad to obtain, (in confidence), the name of any dealer offering for sale any imitation of their pills, as the company is determined to protect the public against this species of fraud.

TORONTO CITY MISSION.

The monthly meeting of the Toronto City Mission Board was held June 2nd in the Y.M.C.A. The President, Dr. W. B. Geikie, presided.

The missionary reported having conducted 86 Gospel services during the month of May. In prisons 20, Gospel carriage 11, and in churches and factories 5. These meetings have been very successful; and of several incidents reported is that of a family saved from a life of sin and misery, and by God's grace through the preaching of the Gospel of Christ brought into life and peace.

Workers are much needed to help with the Gospel Carriage work. All who love the Lord Jesus and who can aid in singing or preaching the Gospel will be welcomed, and programme of each night's meeting for the month will be supplied to any who will apply to Mr. Hall, missionary, 24 Bernard Ave.

In house visiting several cases of distress through sickness or death were found and immediate aid given where necessary. \$320.31 have been expended from The Poor Fund this year in providing food, fuel, etc., and 1206 articles of clothing distributed to those in need.

During recent years an important change has taken place in the treatment of certain diseases of the air passages. While formerly it was the custom to rely almost entirely on internal medications in this treatment, the importance of direct applications of medicines to the diseased parts is becoming more and more generally recognized. Of this method of treatment, Cresolene is the most largely used, the most successful in its results, and the most convenient way of medicating the air passages.

Does Insurance Pay?

You have to die to win!

Oh! you have, have you? Let's see about that.

Here is an item published in a daily newspaper which tells a very different tale:—

"An Indiana Professor who took out a \$3,500 Insurance Policy in 1850 received an offer from the Company 20 years ago to cash the policy for \$2,000, or pay him an annuity of \$40. He elected to take the annuity, and now at the age of 90 has drawn from the Company more than \$8,000."

It will pay you to secure insurance in a good sound company such as the North American Life, so that, if you are long-lived you need have no apprehension respecting the financial ability of the Company to meet all its obligations, or if short-lived, your beneficiary need have no such apprehension. The North American is a strong and successful company, its ratio of assets to liabilities and net surplus to liabilities being greater than that of any other Canadian company.

Copies of the Company's last Annual Report, illustrated, sent on application to the Head Office, Toronto, or any of the Company's agents.
