MESSRS. FERRIS & Co.,

DEAR SIRS.—About two years ago I was in Philadelphia, and while there I bought one of your Steam Washers, and brought it home to my wife. She has been using it ever since, and is well pleased with it. It does all you claim for it, and every family should have one, for the saving on clothes every few months would more than pay for the machine.

# CATARRH!

## CURED BY DR. M'CULLY.

This cut represents J. Albert Hall, of Drumquin, Ont. He was a victim of catarrh and we cured him after orthodoxy failed. Orthodoxy in the medical profession is a synonym for an evasive, non-committal, medical humbug, that never gives a straight or honest answer to a questioning patient. The question is ignored, or the doctor looks a defiant "none of your business" look at the presumptuous questioner. A patient, recently out of the hospital, informs us that a new departure is now permitted by the board of governors, and that unlicensed Bugs and Things, i.e., Quacks,—they have not passed the Provincial Board—are now freely permitted to operate without even a shadow of a pretence to the prefix, "Hum—."

This is a calamity! In the name of Hippocrates, what is the profession coming to? Remember we cure Catarrh.

### SYMPTOMS OF CATARRH.

Stuffing of the nose, running of the nose, pain over the eyes, watery eyes, weak and red eyes, scabs and scales, and large casts in the nose, running of matter from the nose, bleeding of the nose, death by piecemeal of the membrane and bones of the nose, and falling in of the walls and bridge, eating through into the roof of the mouth, and destruction of the palate bones and soft palate, sensible smell from the decaying of the bones, in some cases dropping into the throat; partial or total destruction of the hearing, hawking up frothy mucus in the morning, a dry throat in the morning in some cases; putting up little lumps of sticky matter, dyspepsia, bloating, loss of appetite, palpitation of the heart, shortness of breath, a dry morning cough, hoarseness, a desire to swallow, tickling in the throat, pains in the chest, racking cough, spit mixed with streaks of blood; heavy yellow and gum matter, infiltration into top of both lungs; Consumption! Death! Any set of these symptoms is indicative of Catarrh.

### CONSULTATION FREE.

N.B.—The present management of the Toronto General Hospital is rotten, and in it there is an utter disregard for human life and limb. Who in authority will challenge me to the proof? Address,
