DO YOU WANT A LOCATION?

We try to learn of reliable openings for physicians where they may at once locate and have plenty of work to do. These openings are furnished by men who are tired of hard work and are seeking less arduous fields to take it easy on a well earned competency. Other openings are furnished by the death of the former physicians, new towns which require medical men, assistantships, partnerships, etc., etc., thus affording physicians who use this Office a ready means of supplying their wants with the greatest facility and security. We can pilot prospective buyers with money and those without money.

DO YOU WANT TO SELL?

If so, there is no way you can obtain the names of so many reliable buyers as that furnished by us. We make it a point to secure every information of our registered prospective buyers, e.g., age, qualifications, experience, religious persuasion, financial ability, etc., and obtain a pledge from each as to secrecy and honorable dealings.

Possessing all necessary data relating to the practice for sale, and also of the buyer, enables us to bring together men who are likely to close a bargain very quickly.
