## The Basis of the Nation's Wealth

Real Estate is the basis of the Nation's Wealth. It produces that which both man and beast must have to sustain life. With our rapidly increasing population comes the demand for a corresponding increase in the products of the soil, and this demand will never be less than now. Land cannot be destroyed, and with proper care, its producing power may be maintained intact. Land values, therefore, possess that element of permanency that reduces the speculative feature to the minimum.

This Corporation's borrowed funds (Deposits and Debentures) and by far the larger proportion of its shareholders' moneys (Capital Stock and Reserve) are invested in first mortgages on improved, productive real estate. To afford an opportunity to all of investing their money with such absolute safety, we issue our Debentures in sums of one hundred dollars. They are a security in which Trustees are authorized to invest Trust Funds. Write for specimen Debenture and copy of Annual Report.
