Sir Arthur Currie,  
President McGill University  
Montreal.

Dear Sir, While visiting Wembley  
Exhibition recently I regretted to  
note that McGill was not represented  
in the University Exhibit in the "Canada"  
Building.

To a visitor ~~that~~ <sup>who</sup> did not know,  
it would appear that Toronto University  
was the University of Canada. I  
think this matter warrants your  
investigation.

Thanking you

Yours sincerely
