

kindness and generosity of his nature would not allow him to be a satirist. I do not recollect a sneer throughout his conversation any more than there is throughout his works.

Such is a rough sketch of Scott, as I saw him in private life, not merely at the time of the visit here narrated, but in the casual intercourse of subsequent years. Of his public character and merits all the world can judge. His works have incorporated themselves with the thoughts and concerns of the whole civilized world for a quarter of a century, and have had a controlling influence over the age in which he lived. But when did a human being ever exercise an influence more salutary and benignant? Who is there that, on looking back over a great portion of his life, does not find the genius of Scott administering to his pleasures, beguiling his cares, and soothing his lonely sorrows? Who does not still regard his works as a treasury of pure enjoyment, an armory to which to resort in time of need, to find weapons with which to fight off the evils and the griefs of life? For my own part, in periods of dejection, I have hailed the announcement of a new work from his pen as an earnest of certain pleasure in store for me, and have looked forward to it as a traveler in a waste looks to a green spot at a distance, where he feels assured of solace and refreshment. When I consider how much he has thus contributed to the better hours of my past existence, and how independent his works still make me, at times, of all the world for my enjoyment, I bless my stars that cast my lot in his days, to be thus cheered and gladdened by the outpourings of his genius. I consider it one of the greatest advantages that I have derived from my literary career that it has elevated me into genial communion with such a spirit; and as a tribute of gratitude for his friendship, and veneration for his memory, I cast this humble stone upon his cairn, which will soon, I trust, be piled aloft with the contributions of abler hands.
