:: RUBBER STAMPS. ::

This cut represents our New No. 4 Midget Band Dater, which is the most compact, simple and complete Dating Stamp yet offered. It is on the same principle as our large "Standard" Self-Inking Band Dater, or the old reliable "Model" Band Dater, with the new and great improvement of being attached to a self-inking frame, which does away with the old, loose type-dates, some of which were continually getting lost, and it does away with the necessity of any pad, as the pad is attached to the stamp. It is truly the coming Dater for accuracy and convenience. The bands are self adjusting, and it has a new catch to hold the die, and dates down while setting the date or inking the pad. See cut.
