In the College Heights district, which was under the captaincy of Mrs, Kenneth Dunstan, the total amount collected was \$6200. Without exception, the workers all report being received with the greatest kindness, and some idea of the difficulty experienced in covering the widely-scattered district may be gathered from the fact that some of it was covered four times before finding the people at home.

The three districts into which North Toronto was divided for the Y.M.C.A. Red Triangle Fund campaign were thoroly canvassed and splendid results were attained. In the district north from Erskine avenue to the city limits the work was in charge of Mrs. R. G. Kirby, with a splendid staff of assistants, but the complete results were not obtainable last night.

In the southern district, north from St. Clair avenue to Erskine, and east to Leaside, which was in charge of Mrs. Allen, \$2263 was realized, with the promise of more to follow. The workers were not allowed to visit the Leaside munition plant, where 2000 workmen are employed, but at the suggestion of the superintendent cards were left for each of the men, and on Saturday, the pay-day, big results are anticipated.

Ottawa, May 9.—The following article by Roland Hill has been received late.

To the defence of Marcelcave and the Nesle-Amiens Railway line, one battalion of Canadias Railway troops, from York County, Ontario, went into the battle line like veterans, and helped stave off the German advance for five days.

"From March 27 in spite of the fact that they had long marches and hard work in 'saving their construction equipment from the Huns in the neighborhood of Ham, this battalion fought with the gallant sixty-first division. Altho they had many men who were trained in machine gun work they were not of course equipped with this armament when they started for the support line. "I was just about down and out and ready to give up my job when I started on Tanlac, but it certainly put me on my feet again," said Edward G. Ralph, a machinist employed with the Universal Tool & Steel Company, and living at 22 School road, Mt. Dennis, near Toronto, the other day.

"I was always a strong and healthy man," he continued, "till I started on night work about nine months ago. Then I lost my appetite completely and could hardly force down enough to keep a child alive. Soon after eating anything my food would sour and bloat me up with gas that pressed around my heart so I could hardly get my breath. I would feel so dull and drowsy it was all I could do to keep my eyes open and attend to my work properly.
