PERMANENT FORCE what will be done can only a matter of conjecture. **RECRUITING RAPID** SIR HENRY DRAYTON

"Recruiting for the permanent force of Canada is going along satisfactorily, and we are getting a few men every day," remarked General J. A. Gunn, officer commanding the military dis-trict, to The World yesterday.

Despite the heat Thursday, York Jounty councillors worked at the seual high speed at the county buildings. A motion by W. J. Knowles that the council discuss the expenditures on the Toronto-Hamilton high way brought about a discussion of the tax rate. The total cost to the county so far has been \$117,280 for five and so far has been \$117,280 for five and three-quarter miles of road. In addi-tion there is a \$70,000 levy for To-ronto and York good roads committee and \$16,000 for maintenance of Sood loads in the county. A tax rate of two mills would cover all the road bills and leave about \$59,000 towards the indebtedness of other years. Other current expenses will amount to two and a half or three mills, which will make a tax rate of approximately eight mills. The rate last year was 10 mills.

Where Union Labor Stands On Bolshevism

"For the first time in many years the extreme radical groups which have always contrib-uted the most noise and a great deal of mischief, pitch their songs in a subdued key," according to a New York World correspondent at the American Federation of Labor Convention at Atlantic City.

While a Buffalo editor believes that every day some new strike, or bomb explosion, or red-flag waving in this country or Canada confirms his belief that "union labor is in the hands of unscrupulous men whose political, social and economic principles stand on all fours with those of Lenine and Trotzky," the evidence of conservatism at the Convention are many. For instance, the President of the Boilermakers and Iron Shipbuilders Union has sent out an order to local unions which, he says, "serves notice on all that Bolsheviki, I. W.W.'s, or kindred gentry will

The best test of any periodical is the class of its readers. Character in a magazine or a newspaper attracts men and women of standing and judgment as inevitably as a flower draws the bee, and for the same reason. It suits their taste. Glance around you in the train, on the street-cars, in hotel-lobbies, wherever your fellow-humans congregate, and note

the people who read THE LITERARY DIGEST. They are the best type. They buy THE DIGEST because they know it is accurate, impartial, wholesome, comprehensive, and up-to-date, because they can take it home to their children with confidence. and because it covers the world's news as no other
