OTHER FEATURES FOR APRIL 15:

DOGS OF HIGH DEGREE-

There are numerous dogs of royal breeding owned by Toronto fanciers, ranging from the rare Russian wolf hound to the dainty Charles spaniel. There's a page of pictures showing some of the most successful Canadian-bred prizewinners at Canadian and American bench shows.

EASTERN LEAGUE BASEBALL-

A picture of the first game of the season between the Torontos and a Galt team, and a characteristic pose of Herman Long, one of the promising stars of the team of 1906.

The Sunday World Fashion Page is the best in Canada. The pictures illustrate the most stylish designs from Paris and New York, and the descriptive letter is authoritative and understandable. The woman who reads The Sunday World Fashion gossip will find it a great help and an accurate guide to the latest styles.

VESUVIUS IN ERUPTION-

Excellent picture of the world's most wonderful volcano and a story of its outbreaks from the middle of the first century of the

OTORING IN THE DESERT-

An amusing incident of the tour of the Prince of Wales in India was the stampede of a caravan of camels at sight of His Royal Highness' Argyle car speeding to a hunting rendezvous near Bikanir. An exceedingly interesting picture. UTOMOBILE SHOW-

Capital picture of the Canada Automobile and Motor Exhibition this week in the Mutual-street rink.

As a result of the recent prosecution started by Crown Attorney Washington. It is said, the big concern formed two years ago under the name of the Canada Grocers, Limited, has decided to dissolve. The official statement given out by the president, George E. Bristot, is as follows: The different houses composing the Canada Grocers, Limited, have decided to take back their businesses. The shareholders will be paid off in full, with interest at 7 per cent, to date of payment, Each of the houses will conduct its business as here tofore. Hamilton, April 12.—(Special.)—The outrage committed on the cottages at the Beach is becoming as profound a mystery as the Barton murder. The city officials blamed it on the G.T.R., and got an injunction restraining it from proceeding with the work. The G.T.R. denies responsibility and lays the blame on the Toronto & Niagara Power Co. Solicitor Royce of the Power Company this afternoon stated most emphatically that his company was not guilty, and that proceedings against the G.T.R. will be continued until it succeeds in clearing itself.

The board of education this evening decided to work with the board of trade in trying to persuade the government to establish a technical school in the city. Some of the members of the board refused to believe that it was the intention of the government to remove the Ontario Normal College to Toronto, but Chairman Callighan was informed today by Dr. Pyne, minister of education, that it was the government's intention to establish a school of pedagogy in Toronto in connection with the university, and that the Normal College here would be turned into a normal school. Up this print the valuation of eighty-nine cargoes entered at the custom house was \$18,800,000. Since that time there has been one sailing from each of the Alian, Donaldson, Canadian Pacific, South African and Manchester lines, and a conservative estimate would place the value of these additional cargoes at considerably over a million dollars.

There have been already ninety-four sailings, and before the season ends there will be seventeen more.

Cargoes which are still to be recorded by the C.P.R. will show a valuation of \$2,000,000. The Alian Line will have \$400,000 at the lowest; the Donaldson Line another \$400,000; the South African Line another \$400,000; the South African Line another \$400,000 more, and several other boats will bring the total amount for this year up to at least St. John, N.B., April 12.-(Special.)-
