Police Court Cases.

This morning Magistrate Jelfs fined John Young, grocer, $5 for violating the Health Act by removing his child, who was suffering with diphtheria, from the General Hospital, without permission. His Worship, however, said he would have done as Young did, had he not been satisfied with the way the boy was being treated. Mr. Young said he was notified 2 a.m. that his boy was dying. He went to the institution and found him lying on a wet pillow. Mr. Young picked him up, carried him home and now he is well.

John Higgins, a butcher, was sent to jail for one week for stealing a coat from Mrs. Foley-Gillies. Albert Cogswell and George Woods, who were also charged with theft by the same woman, were acquitted.

Disgusted With Aldermen.

Merchants on King-street eastare disgusted with the members of the Finance Committee, who decided not to grant the Parks Committee $1000 with which to extend Gore Park. Dr. Metherell is coming in for an unusual amount of criticism, as is also Ald. Donald, chairman of the Parks Committee, who has been opposed to the scheme from the first.

A meeting of The Times Trophy Committee was held to-night and it was decided to change the date of the race from Aug. 27 to Aug. 20, owing to the Dunlop race being held on the former date. A professional race and a pursuit event will be on the program of races that day.

HAPPENINGS OF A DAY.

YOUR MONEY'S WORTH

Probably you are just unreasonably sensible enough to demand your money's worth. Good! Our charges are based upon that "money's worth" plan Naturally more money than the lowest prices; considerably less money than the highest; and the measure of quality of work the fullest in excellence, durability and satisfaction that any money will provide.

Less money—less worth.
And less than best—worth nothing.

CUBANS ARE TROUBLESOME.

General Shafter Finds it Necessary to Cut Off Their Supplies.

The War Department Has Authorized Him to Disarm Them in Case They Become Obstreperous—California Troops Now Within Two Miles of the Spanish Lines at Manila.

New York, July 22.—(Special.)—A Washington special to The Journal says: On Gen. Shafter's recommendation all orders for sending supplies and arms to the Cuban insurgents have been suspended. The War Department has authorized Gen. Shafter to disarm the Cubans if their insubordination should take a serious turn.

CLOSING IN ON MANILA.

California Volunteers Now Only Two Miles From the Spanish Lines—Attack to Be Made.

New York, July 22.—A despatch to The New York Journal from Cavite, July 19, via Hong Kong, July 22, says:

"The entire regiment of First California volunteers advanced to-day to Janbo, only two miles from the Spanish lines, surrounding Manila.

The California troops have been thrown out by General Anderson to form the advance of the attack in force.

South Manila is to be captured first.

The Colorado and Utah batteries are being landed at Paranaque, directly from the ships.

The Tenth Pennsylvania volunteers, with the rest of the artillery, will land at Malabon, just north of Manila.

Brig.-General Francis V. Greene, formerly colonel of the 71st Regiment of New York, is in command of the advance, General Anderson remaining in Cavite.

Wounded at Santiago.

Wallaceburg, July 22.—Mr. H. Fortier has just received word that one of his sons, Quincey Fortier, was wounded at the Battle of Santiago. Two other sons of Mr. Fortier are with the army at the front.

Fighting at Manila.

Manila, July 19, via Hong Kong, July 22.—The insurgents are gradually getting artillery into action against Pondo, Santa Mero and Malate. The fighting is desultory. The Spaniards have been driven from the trenches outside Malate, and the insurgents are strongly entrenched near the walls of the fort. The insurgents have begun to bombard Malate fort, and have struck the telegraph company's cable house. It is said on semi-official Spanish authority in Manila that the recent news from Cuba is "a vile English fabrication," that in reality the Spaniards have been victorious, and that Admiral Camara's squadron has coaled at Singapore," and is expected here on July 25.

U. S. Troops Disembarking.

Manila, July 19, via Hong Kong, July 22.—The disembarkation of the American troops, composing the second expedition, is being pushed with utmost energy. The Colorado Regiment is already in the field near Paranaqo, and the other regiments will be transferred without any loss of time from the transports to the camp in native boats.

The United States cruiser Boston has been detailed to cover the landing parties. She now occupies a position almost within range of the guns of Fort Malate, which is only a short distance from Manila proper. A brigade commanded by Gen. Anderson is still at Cavite, but his troops are ready to move.

The arrival here of the United States monitor Monterey is anxiously expected.

MORE VICTORIES.

Spanish Cruiser Captured Without Loss to Admiral Sampson — Frenchmen Taken In.

Washington, D.C., July 22.—The following message has been received at the Navy Department:

Playa, July 22.—Expedition to Nipe has been entirely successful, although the mines have not been removed for want of time. The Spanish cruiser Jorge Juan, defending the place, was destroyed without loss on our part. The Annapolis and Wasp afterwards proceeded from Nipe to assist in the landing of the commanding general of the army on arrival at Porto Rico.

(Sgd.) Sampson.

Frenchmen Run In.

Charleston, S.C., July 22.—The French steamer Olinde Rodriguez was brought into port this morning in charge of a prize crew from the cruiser New Orleans. The steamer was captured off San Juan, Porto Rico. She was warned July 5 by the cruiser not to enter the port. July 17 the Rodriguez appeared again, making for the harbor. The New Orleans sent two shots across her bows and brought her to. She had 23 cabin and 14 steerage passengers on board and a cargo of coffee and tobacco.

More Troops Surrender.

Washington, D.C., July 22.—The War Department has posted the following:

Santiago, July 22.—To Adjutant-General Corbin, Washington: Sent two troops of cavalry with Spanish officers, and Lieut. Miley to receive surrender of Spanish troops at San Luis and Palmas. They had not heard of the loss of Cervera's fleet or of Toral's surender. They declined to surrender unless they could come in and see for themselves. A detachment of officers and men came in last night, and returned this morning, apparently satisfied.

(Sgd.) Shafter.

Wine for Sick Soldiers.

New York, July 22.—A firm of wine makers at Rheims, France, has offered the United States Government 1200 bottles of champagne for the sick and wounded soldiers. The Surgeon-General of the army referred the offer to the Secretary of the Treasury, who has issued orders that the wine be admitted free of duty. Part of the wine will be sent to Santiago.

Peace Prospects.

New York, July 22.—The Evening Post's financial cable from London says: The statement by the Spanish Minister of Public Works concerning peace prospects, together with good railway dividend announcements, favorably affected all the stock markets here to-day. A sharp rise in Spanish fours on the Spanish Minister's statement also brought in buyers of Americans. The market closed under the best, however.

A large amount of American bills was offered to-day, to leave New York to-morrow.

New York is asking for quotations on American bills as far forward as October.

Gold was in strong demand for the Continent, and full weighted sovereigns were bought to-day for shipment to Russia. It is believed that money rates have touched bottom.

It is believed that the Transvaal Government has obtained a loan of £6,000,000 at Berlin.

The Paris Bourse was better on the rise in Spanish fours, and the Berlin market was steady.

TORONTO BOY AT TAMPA.

He is Having a Good Time and is Getting Paid in Uncle Sam's Good Money.

A member of The World staff has received the following letter from an old World boy, now with I. Co., 5th Ohio Volunteer Infantry, at Camp De Soto, Tampa, Fla.:

Tampa, Fla., July 19.—Dear Friend,—I would have answered your letter before, but we have had to move our camp to Tampa. This is one of the finest countries I have ever seen. We go out stealing watermelons every night. They are plentiful. It is not as hot here as I expected it would be, never over 103 since I have been here. How are things in Toronto?

I go swimming in the gulf every day, but the water is so full of sword fish and sharks that I cannot go out very far for fear of being caught.

I was in the other day when some of the boys were practising shooting at a target half a mile away. One of the bullets went through my hair and nearly hit another fellow. The guard turned out, and I tried to catch the fellow who did the shooting, but they ran away.

Another accident occurred in K. Co. of our regiment. One of the boys was cleaning his revolver when the cartridge exploded and shot two fellows, one through the top of the leg and the other in the ankle.

We have our canteen in camp and can get beer, lemonade and all the tobacco we want. It is quite handy. The tents we have are just big enough to crawl into. They are called "dog tents." They are four feet by five feet, and are all right to keep the wet out. We have to carry them with us when on the march.

We expect to move to-morrow to the Atlantic coast line, 40 miles north of Jacksonville. I think it will be pretty nice there, and I am going to take a fishing line and do some fishing, as I have nearly all the day to myself.

I don't see any signs of going to Cuba, as they are waiting for the rainy season to be over. It is pretty hard on the soldiers there now, but I don't care, I am having a good time and am getting paid for it. Yours, etc.

MONTREAL SUBURBAN RAILWAY

The Belt Line to Be Extended—An Effort to Be Made to Get the Stock Listed.

Montreal, July 22.—(Special).—The Suburban Electric Railway is an institution that has come to stay on the Island of Montreal, and reports are heard of a considerable extension on the part of the lines already established. The Montreal Belt Line, extending already from within the city's eastern limits to the extreme lower end of the island at Bout de l'Isle, will, it is said, extend out to the east and west. This is a Montreal and Ottawa concern and, although the road has been but a short time in operation, the company have obtained very valuable rights in the east end of the city of Montreal.

The Montreal Belt Line has 13 miles of track and the beautiful gardens and farm lands through which it runs, from Maisonneuve, to where the waters of the St. Lawrence and River des Prairies meet, are so perfectly level that it can be said that the road has no grades in its entire length. The power house of the company is located half way down the line, at Pfaux Vrembles, and the 800 horse-power there generated will be more than sufficient for the operations of the company for ten years to come. For the whole 13 miles the company possesses an 80-foot right of way, so one or two more tracks can be laid without the least difficulty. A big visible traffic, pretty sound rumors of fat receipts, and the apparently strong desire on the part of the original promoters to hold on to the stock have started a movement amongst Montrealers to get the Belt Line stock listed and they may yet succeed. The fact of the matter is there appears to be room for a few more good stocks on the Montreal Exchange, this being proved by the quite recent development in War Eagle, Halifax Tram and Toronto Street were all the go for a while, and it now appears that if certain brokers can have their way and that Belt Line is listed, this stock will have the same run as the others mentioned in months past.

A Corection.

In John Catto & Son's advertisement in Thursday morning's World a typographical error occurred, by which Black Serge Walking Skirts were advertised at 50c each. This should have read $1.50 each.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

ARGONAUTS WON THE FOURS

A Length Ahead at Turn and Finish and They Beat Two Crews.

Wright and Thompson Beaten by Pennsylvania Barge Club Pair—Ten Eyck and Lewis Captured Senior Double Sculls—N. A. A. O. 26th Annual Regatta.

Philadelphia, July 22.—The 26th annual regatta of the National Association of Amateur Oarsmen was opened here to-day under the most favorable auspices. The weather was all that could be desired, the water was smooth and the contests were all good. The races were rowed over the national course on the Schuylkill River in Fairmount Park, and were witnessed by a great crowd of people. The races were a mile and a half with a turn. The eight-oarded shell race was a mile and a half straightaway.

To-day's events consisted of 2 trial heats in intermediate singles and finals in the senior pair oared, senior double, senior four and intermediate eight-oared shell. One championship prize went to Toronto, another to Worcester, Mass., and the other two to Philadelphia. The surprise of the day was the defeat of Wright and Thompson, the Argonaut champion pair oared shell crew. They were looked upon as sure winners, but Exley and Scott of the Pennsylvania Barge Club defeated them quite easily. H. W. Garfield of the Albany Rowing Cllub, Albany, acted as umpire of to-day's races. James Pilkington of the Harlem Rowing Club, New York, was the starter.

In the pair oared shell event there were but two starters, Wright and Thompson of Toronto and Exley and Scott of Philadelphia. They rowed but a short distance, when it was seen that the Argonaut pair had met their masters. By the time they reached the turning stake, three-quarter mile away the Quakers were three lengths in front. On the home stretch they fairly ran away from the Canadians, winning by about 15 lengths. Ten Eyck of Henley fame and his club mate, Lewis, won the senior double sculls in fine style. The other crews entered were: Marsh and Monoghan and Margorum and Halstead of Philadelphia. Ten Eyck and Lewis started out in the lead, but Marsh and Monoghan quickly caught them. The Wachusetts pair then began to row as pretty a race as has been seen in a long time. The blade work was perfect, and they soon had the lead again. At the three-quarters stake Ten Eyck and Lewis were a length in front of Marsh and Monoghan. They kept their pretty sculling and won by two lengths.

There were three starters in the senior four-oared shell race—Argonaut of Toronto, Ariel of Baltimore and Western of St. Louis. The Ariels got the worst of the start by over half a length. The St. Louis men did considerable splashing, while the Argonauts showed fine rowing, by which enabled them to take the lead. At the turning stake, the Argonauts led by a length, while the Ariels were a half length in front of the Western crew. By a fine rush did spurt the Ariels caught and passed the Canucks, but could not hold the lead, and the Canadians won by a length. Summaries:

Last Two Performances.

Doubtless there will be a large attendance at the Toronto Opera House to-day at both performances of Beryl Hope's Stock Company, as they will be the last to be given here by this popular organization, and the respective members have made legions of friends here who will wish to bid them god speed. The play, "Ten Nights in a Bar-Room," has proved to be one of the most enjoyable presented during the summer season. At the matinee the usual 10-cent prices will prevail. The advance sale indicates splendid attendance.

I was told that my lungs were affected, and my heart and kidneys were in a bad condition. In fact, it seemed as though every organ was out of order. I felt that something must be done and my brother advised me to try Hood's Sarsaparilla. I procured a bottle and began taking it. Before it was half gone I felt that it was helping me.
