eedings of the Synod of Toront The proceedings of the Synod of Toronto and Kingston excited much interest yester day. The discussions, though animated, gave Moderator Gilray no judicial trouble. Toronto was selected for next year's sede runts. A committee was appointed to report on the varying judicial interpretations of the Lord's Day Act, which Principal Caven asserted is practically a dead letter. **Matters Financial.** Treasurer A. F. Cromble, at the morning session, submitted the report of the Finance Committee. It showed the amount levied on each Presbytery for Synod expenses, at the ratio of 70 cents per 100 members, as follows: Whitby \$15, North Bay \$5; Saugeen \$22, Orangeville \$25, Kingston \$25, Guelph \$52, Barrie \$35, Peterborough \$22, Toronto \$115, Owen Sound \$24, Algoma \$8, Lindsay \$18; total \$606, including a balance for last year of \$200, and leaving \$8, Lindsay \$18; total \$606, including a balance for last year of \$200, and leaving and \$109. Will Meet in Toronto Next Year. It was unanimously agreed that the next meeting of the Synod be held in Toronto, in May, 1900. This will be the second year in succession the Synod has met in this city, and Dr. Somerville hoped it might lead to Toronto being the permanent meet-ing place. On the suggestion of the Mod-erator, the meeting will be in College-street Church.

## Cries of Oppression.

These were detected by the speaker in the oppression of Mammon and great cor-porations, the power of combination, which seems to have almost dethroned God, and wrung from many a suffering heart wails and moans. Here were open doors for turn-ing back the onrushing tide. Saint Abroad; Devil at Home.

It is, said he, our doom if we forget the ten doors, the work at home, and devote a attention and energy to missions road, to the regions beyond, and the ten-ney to act the part of saint abroad and with at berge

dency to act the part of saint abroad and devil at home. In the new phase of affairs in the west is an open door for urgent work. Here are gathered people from every country under the sun, of every creed, not only those known in Canada, but the Greek Church, and the Mormons with their seun-sual creed, and pagans from the far east. In this strange mixture of races and creeds, there is prevalent lack of respect for things sacred; they neither fear God nor regard man. Modern Upheaxals.

The committee recommended that mem-bers and adherents show their practical sympathy with the poor and unemployed by helping them to help themselves, and by supporting any just measures calculated to amelioa. On this property he will immedi-tamelion. A further recommendation was that the people be especially warned and instructed regarding the dangers of worldiness and Modern Upheavals. The speaker then outlined the recent ex-ansion by England and America. It is aid he, a time of upheaval, a time of hange, and here are abundant open doors. The Church needs a fuller conviction of the cardinal doctrines of God's word. There are, said he, indications that fill us rith apprehension. nervous system exercised by clover

A devotional paper on "Prayer in Public Worship" was read by Rev. J. McD. Dun-can, B.D., of Woodville. e case. Church Life and Work.

 Church Life and Work.
 Rev. John Neil of Westminster Church, Toronto, presented the report of the committee on this topic. As to family worship the reports were exceedingly encouraging, showing that the fire on the family attar is not dying out. As to home training, too many families regarded the church and Sabbath school as more than auxiliaries.
 Of Optimistic Character.
 The majority of the reports on the life and work of the congregation were of an optimistic character. It was evident that the church will do much the same time it was confersed by Rev. Mr. Neil that the prayer-meeting is not well attended.
 Moservance of the Sabbath.
 The reports show that the two dominant hindrances to this are the love of pleasure to this are the love of pleasure to this are the love of pleasure to the sabbath. Railway corporations were condemned for disregarding the conselent tons scruples of their employes. A tribute was puid to the work of the Lord's Day Alliance, and regret was expressed that iferislators and judges showed little sympath with Sabbath observance.
 Beports from Presbyteries show that the 'smore and to effect and the sympath. pathy with Sabbath observance. Intemperature Decreasing. Reports from Presbyteries show that 'n-temperance is not as great a hindrance to church work as formerly. There was a de-cided improvement 'n the country districts. But not in regard to cities and towns. In Toronto intemperance still has a great stronghold. It was gratifying that almost every session spoke of the high moral and religious character of the public "school teachers.
