It Was a Great Inning.

Every cricketer who was not present at the Toronto-Parkdale match on Saturday last missed the treat of the season. Mr. Elmsley gave a magnificent display of batting in his innings of 74 (not out). Chambers and Lightfoot were both bowling wonderfully well, but the batsman had the mastery of the trundling almost from the start. He took every advantage of his great reach, playing balls that he could treat in no other way, and hitting and cutting at every opportunity. It was a grand exhibition, and, as the captain of the opposing eleven generously remarked, "it was a swell innings." Mr. Elmsley is one of the soundest bats in Canada to-day, and lovers of cricket will look for his name in the Canadian eleven later on. It Was a Great Inning.

Canadian Tennis Championships. The Canadian tennis championships which begin at Niagara-on-the-Lake this afternoon bring, together a gathering of players which in quality has never been surpassed in America this season and probably breaks the record for any tournament held on Canadian soil. With the four acknowledged leaders in American tennis, M. D. Whitman, Clarence Hobart, W. A. Larned and Beals Wright, meeting on the same courts one can understand the character of the playing. Among the other cracks who are present are: E P Fischer of New York, William J Clothier, Waiter Folk, N P Stouffer of Philadelphia, L Schroeder of Toledo, H E Avery and J D Farbes of New York and a number of others. Play will begin this afternoon at 2 o'clock on the Niagara courts, and will continue for the remainder of the week. In connection with the tournament there will be held the usual evening festivities, including a dance on Wednesday evening, an entertainment by Zanoui, the famous mind reader, on Thursday, refined variety on Friday and the presentation of prizes and the tournament ball on Saturday evening.

A. The Company owns iron and limest one lands in Ontario.

The iron ore is of a superior Bessemer quality.

B. The Company's site at Collingwood contains valuable deposits of limestone,

B. The Company site at configuration of the Company also owns coal mines, which are situated in Wise and Dickenson Counties, Virginia, which embrace an area of fifteen square miles. Five seams of coal are available, three of which are above water level; and can be opened by drifts. Two of the seams contain coaking coal of exceptional merit, ranking with

With respect to the character and quantity of the coal, reference is made to the reports of the well-known experts, McCreath and D'Invilliers, Philadelphia, and P. L. McCully of Pittsburg. It is estimated that there are 147,000,000 tons of coking coal available in these

Mr. Walter Kennedy of Pittsburg, the well-known engineer, in a letter to the "I believe that Pittsburg is at present the greatest steel manufacturing city in the world, and is now shipping a great deal of its product by way of the Great Lakes to foreign markets. I believe that Colling wood would be more advantageously situated for this trade than Pittsburg, and for any local market would have a great advantage.

Mr. George R. Waite, Consulting Engineer, Philadelphia, after making a careful and conservative estimate, speaking of the Company's plant at Collingwood, says:
"A careful estimate of the annual profits of your plant at Collingwood, Ontario, producing 250 billets per day, under present conditions of trade, gives a profit of \$810,000, without considering bounties." In addition to the ordinary profits, the Company will receive a bounty of \$6.00 per ton from the Government of the Dominion of Canada on all steel produced during the year ending June 30, 1902. After June 30, 1902, the bounty will be reduced on a silding scale until June 30, 1907, when it will be discontinued. The Government of the Province of Ontario at present is paying a bounty of \$1.00 per ton on pig iron manufactured in the Province. The latter bounty is continued at the pleasure of the Government.

It is estimated that the bounty from the Dominion Government will increase the Company's ordinary trade profits as follows:

6 months ending June 30, 1902 \$270,000
Year ending June 30, 1903 486,000
Year ending June 30, 1904 405,000
Year ending June 30, 1904 297,000
Year ending June 30, 1905 189,000
Year ending June 30, 1906 189,000
Year ending June 30, 1907 108,000

The Town of Collingwood has granted the Company: A. A cash bonus of \$115,000. A. A cash bonus of \$115,000.

B. A free site consisting of 80 acres of land, with 800 feet frontage on Collingwood Harbor, also water lots suitable for dockage and terminals.

The imports of iron and steel into Canada during the year ending June 30, 1899, amounted in value to \$19,768,725, on which a duty of \$3,495,712 was collected. The average duty on steel and iron entering the country is about 20 per cent.
