DOROTHY GISH, star in "The Hun Within," showing at the Majestic DOROTHY GISH, star in "The Hun Within," showing at the Majestic Theatre today and Thursday. The story deals with spies, and tells how a young patriotic American girl, aided by secret service operatives, frustrates the designs of German plotters and brings them to justice. The story by Granville Warwick is one of exceptional beauty and dramatic strength, and its direction by Chester Withey, was in every way masterly and artistic. The leading feminine role is portrayed by Dorothy Gish, the charming Griffith star, while George Fawcett, a veteran actor of wide popularity and talent, is seen in the role of a patriotic German-American.

GARDENING LOTS NOT LEFT IN GOOD CONDITION BY WORKERS THIS YEAR

People do not leave their gardening lots in their proper condition, according to contract. This was taken up at a meeting of the London Vacant Lot Gardening Association last night in the city hall. There is considerable rubbish left on some of the lots, and if this were cleaned up it would give the property a far better appearance, and also would make things better for whoever had the occasion to work the lot next year. If it is possible, it is best to have the ground plowed.

Soldiers' Aid Commission Organizes Foraging Trips-Cars Are Needed.

That every bit of food grown by the farmers of the country should be gathered in to feed the people during the winter is admitted by all, but few know how bountiful the harvest has been this year, and especially is this true of the apple crop. In the district surrounding London there are whole orchards waiting to be stripped of their load of fruit. It is with the intention

It is with the intention of saving as much as possible of the surplus crop that the relief committee of the Soldiers' Aid Commission, under the leadership of Mrs. S. F. Lawrason, has started a campaign to collect and distribute any vegetables and fruit donated by patriotic farmers of the country.

A stall has been secured in the basement of the Market House, where the farmers will be able to leave their contributions. The committee feels very optimistic regarding the results, as a
