### STORM DOES DAMAGE FOUR FIRES STARTED

Lightning Deranges Circuit and Blazes Result-Wires Blown Down-Arrest in Assault Case.

HAMILTON, June 19.—(Special.)—A storm of the tornado variety, with brilliant lightning and violent wind, broke over the city at 7.15 this evening and did much damage. Four buildings in the centre of the city were set on fire, many trees were blown down, and the electric system was badly damaged, leaving much of the city in darkness. The officers commented in pleased The lightning played havoc with one terms on this last night. of the circuits on King-street, just west of James street, and fires were started in the cellar of The Herald office, Mrs. committee. The standing committees Kennedy's millinery store, 23 West were not elected yesterday either, ow-King-street; James Crawford's confectionery store, and R. A. Campbell's tend to this. Niagara Falls, the home tailor-shop, 35 West King-street. The town of the president-elect, Ottawa firemen were called out promptly, and and Quebec were spoken of yesterday altho they had their hands full for in connection with next year's con some time the damage was not heavy. nab and Hunter-streets was also struck as the members could hardly be expected to come west two years in successful.

Seems to be that it ought to go east, as the members could hardly be expected to come west two years in successful. telephone wires in all parts of the city were blown down. A fence on the south side of Main-street, near Catharine-street, was blown down.

Sewers Committee.

The sewers committee decided this evening to hold a joint session with the harbor and beach committee to consider a scheme to raise enough money to extend the Catharine-street and Ferguson-avenue sewers to the revert-ment wall. The cost will be about \$20,-00, and it is likely that a bylaw will

Detective Reburn and Chief Twiss of Durdas have not yet been able yet to find information to substantiate the charge that the barns of J. L. Lyons and two other Ancaster farmers were et on fire by anti-temperance people.

The condition of Jossince, the Italian injured in a fight last night, is improv-ing. In addition to Harry Amsborough

and Leo Barry, the police have arrest-ed John Ferguson. All are charged with

The company wanted to furnish new cars of the type now used by the com-pany, and the aldermen want firstclass cars. They also want the company bound to spend whatever it will take give a first-class system. It was ally agreed that the committee should visit Buffalo to see if a type of car could be agreed upon, and the company will estimate what it will cost to fix up the road.

any case the agreement cannot be ready by next Monday evening. ready by next Monday evening.

James McQuarrie's store was broken into last night, and some groceries stolen. James Alfier and William Clushstolen. James Alfier and William Clushstolen. man were arrested on the charge of

of Throat Trouble, not a symptom of swer them. Bronchitis or Catarrh it won't cure.
Nothing like Catarrhozone for colds; get it to-day. The dollar size is guaranteed; smaller sizes 25 and 50 cents.

## THE ELECTRICIANS WIND UP BUSINESS

Next Place of Meeting Not Decided Upon-Proceedings on Final Day.

The Canadian electrical convention is over, the last event being a baseball match at the island yesterday afternoon between the manufacturing and operating companies, the latter winoperating companies, the latter winning out by 11 to 10 in a full nine inning game. The manufacturers made an excellent impression at the start, getting four tallies before the operators settled down to work.

The membership of the association is well up to 450, some fifty new members being added to the roll during the convention, and the register showed about 250 present during the sessions. This is a very satisfactory condition of affairs, as last year at Montreal, while there was an attendance of 265, this to-tal was swelled by American electrical there. The interest taken in all the lectures was real, too, some of the delegates going into the lecture-room in the morning and staying right thru.

The next place of meeting was not decided upon yesterday and the se-lection will be left to the managing vention, and the president would like it to be the Falls, but the impression seems to be that it ought to go east, cession. Papers read yesterday were: "Grounding of Transformer Secondaries," by W. L. MacFarlane; "The National Electrical Code," by H. F. Strickland; "The Oscillograph," H. W. Price; and "Large Power Plants of America," by R. J. Clarke.

Mr. Strickland's talk was about wir-

ing of buildings as viewed from the fire underwriters' point of view. He touched lightly on the different ways of handling men whose work was con-sidered to be defective by the inspectors, and commented scathingly upon the work of the cheap contractor, who has to depend entirely upon cheap lanest."

"They are making a mountain out of a mole hill and stirring up a mare's nest." bor for the work done and who enlarges upon the good recommendations they receive from the undewriters, kingsfird on the action of the board knowing quite well that people having of control yesterday in passing a rework done seldom if ever see the in-

surance inspectors. Stealing electricity in Montreal is not apparently among the list of criminal prevailing in connection with the coloffences as yet and R. S. Kilsch, consulting engineer of the Montreal Light, the Italian recovers.

The incline railway at the head of James street is installing two new cars. Burton Birks, 626 East Barton-street, had three fingers on his left hand taken off this afternoon in the machinery at the International Harvester Works.

Almost a Deadlock.

There is a chance of the street railway negotiations being called off. The committee almost reached a deadlock this morning when the company refused to be bound to spend more than \$500,000 in improving the system, and the committee declined to accept the company's specifications for the fifty new cars.

The company wanted to furnish new offences as yet and R. S. Kilsch, consulting engineer of the Montreal Light, theat and Power Co., related to the delegate at the convent delegates in attendance at the convent tion just closed many amusing insuch delegates in attendance at the convent tion just closed many amusing insuch delegates in attendance at the convent tion just closed many amusing insuch delegates in attendance at the convent delegates in attendance at the convent delegates in attendance at the convent tion just closed many amusing insuch delegates in attendance at the convent tion just closed many amusing insuch delegates in attendance at the convent tion just closed many amusing insuch delegates in attendance at the convent tion just closed many amusing insuch delegates in attendance at the convent delegate in delegate in dispersion for police force or offices, the disposal thereof, and the law governing the same, with any suggestions that he may think it well to make in relation to the matter set out and the information published in his enquiry.

"I am a peaceful citizen," said the magistrate genially when asked what he thought of the new turn to the situation, "I do offences as yet and R. S. Kilsch, con-
