says the wise smoker, when asked by the tobaccoist to try cigarettes of questionable merit.

There's a kind he knows is good—

That same insistence on purity and real value that has made Tuckett's cigars and tobacco famous, is steadily building up a similar reputation for the Tuckett cigarette brands.

Tell the man behind the counter nothing but Tuckett's is good enough for you.

### BIG GRIST OF COUNTY AND SUBURBAN NEWS

West and North Toronto—Maple News Items—County Council Meets Tuesday.

**NORTH TORONTO, Jan. 30.**—(Special.)—In Eglington Methodist Church this morning and evening Rev. Mr. Balfour preached effective sermons to large and deeply interested congregations. The musical services were as usual in charge of Mr. Kirby, the choirmaster, and added greatly to the interest of the occasion.

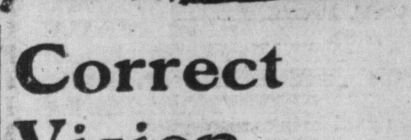

For the first time in the history of the Eglington Methodist Church the "duplex" system of church envelopes was adopted to-day, which provides at once for the giving of special mission as well as the regular church offering. This system is being generally adopted in the progressive churches, and is said to be highly satisfactory.

A gratifying feature is the fact that the offerings in connection with this church have increased by comparison with last year fully 65 per cent, a wonderful showing.

Chief Collins and the members of the brigade got a hurry call yesterday afternoon to a fire in the home of E. T. Law on Glenwood-avenue, where an overheated furnace caused a blaze, which did damage to the amount of about \$100.

Miss Inez Douglas has passed a most successful intermediate examination at Toronto Conservatory. Miss Douglas is the gifted young lady who at the same time discharges with such acceptance the duties of organist of Eglington Methodist in attendance at the skating rink on Saturday night.

Town council meets on Tuesday evening. In Zion Baptist Church this morning.

The West York Farmers' Institute held their meeting on Friday afternoon and evening in the Masonic Hall.

The speakers were interesting and instructive. The chairman, Wm. Walkington, did his part well. The ladies were entertained in McLean's Hall by ladies from the Agricultural College, Guelph.

People from a distance were lunched by the Maple and vicinity ladies.

Our open rink is being well patronized. Some of the old boys of twenty years ago are renewing their youth by this beautiful pastime.

Alfred Reaman, lot 10, con. 2, Vaughan, purposes holding a credit sale of his entire farm stock and implements on Tuesday, Feb. 1. The stock is in first-class condition and the implements are good.

Mr. Osler, inspector of the Crown Life, spent the day with the local agent, J. T. Salgeon, in this vicinity. They report business good.

Alex Bryson of Vaughan had a valuable horse drop dead while hauling an engine.

A hockey match between the hockey teams of Kleinburg and Maple was held on the rink on Saturday afternoon. The home team defeated the hitherto invincibles of Kleinburg by six goals to three.

### WEST TORONTO.

**WEST TORONTO, Jan. 30.**—The services both morning and evening, today at Victoria Presbyterian Church were taken by Rev. Dr. Fidgeon, former pastor of the church at both services was crowded to the doors.

In the afternoon Dr. Fidgeon gave a stirring address on the "Bible Class on 'The Moral Reform Situation in Canada.' Dr. Fidgeon lectured on the 'Sovereignty of the Word for British Columbia.'

Mr. Margaret MacGillchrist, wife of the proprietor of the St. Clair Foundry, on Junction-road, died early Saturday morning at her home, 315 Medford-street, she was 45 years old and leaves a grown-up family. The funeral will take place at 2 p.m. to-morrow to Prospect Cemetery.

The contract for the building of the new public school at Runnymede has been let to Samuel Clouston. The work will be commenced immediately.

Charles Joseph Watts, marshal, was taken to Grace Hospital on Saturday with a broken hip, which is a result of a fall from a sidewalk. She was attended by Dr. Macnamara. The Junction Teamsters will meet to-morrow.

### Acid Dyspepsia

Nervous People Are Frequent Sufferers From Too Much Hydrochloric Acid in the Stomach.

A Trial Package of Stuart's Dyspepsia Tablets Sent Free.

"Stomach" or acid dyspepsia is a form of indigestion in which the stomach is overloaded with hydrochloric acid. A sour taste in the mouth is the most common symptom of acid dyspepsia, and the saliva, which is normally alkaline, is found, when tested, to be changed to acid, or just the opposite of what it should be, and is a state of the secretion which causes pain and extensive indigestion of the teeth.

Everything eaten turns more or less sour in the stomach, but sweets and acid fruits are far worse than other food. If the eructa of liquids from the stomach occurs, they have such an extremely sour taste as to set the teeth on edge.

Hydrochloric acid is an important constituent in the gastric juice, but when too much of it is secreted, it does positive harm to the mucous lining of the stomach and indigestion and dyspepsia continued it often sets up chronic gastritis, gastric ulcer, and other serious diseases. The premature loss of all the teeth has been caused by the acid saliva, which was dependent upon the excessively acid condition of the stomach.

STUART'S DYSPEPSIA TABLETS, by neutralizing the excess of hydrochloric acid, and to digest poorly and albuminous foods very thoroughly also contain bismuth subnitrate and calcium carbonate, which are antagonistic to the acid, and therefore neutralize the effect of the excessive amount of acid in the stomach and the continued use of these tablets will change the perverted condition of the secretions to a normal state.

## The February Furniture Sale Begins Tuesday, February First

The Feature of this Sale will be the Clearing Out of Our Own Furniture Warehouse to Make Room for Entirely New Stock

We announce to-day that our Semi-Annual Break from Conservative Furniture Prices will date Tuesday, February 1st, and continue until the end of the month. The department, as you know, is a far different furniture department to that of a year ago, when we held our last February Furniture Sale.

To begin with, it is more than twice the old size. It extends from Yonge to James Street, and from Queen to Richmond.

And, further, our stock is new—in design, in style and in actuality. We have cleared out all the old stock of the old department, and filled the space of a city block with new, modern, tasteful furniture such as the best factories on this continent produce.

We make February a month of substantial reductions in Furniture prices.

### NORWAY.

**Well-Known York Township Resident Passes Away Suddenly.**

**NORWAY, Jan. 30.**—(Special.)—One of the old and highly respected residents of Norway, in the person of Dennis O'Connor, passed away at St. Michael's Hospital yesterday morning.

Mr. O'Connor was well known in the east end of the city, having for many years been in the blacksmith and livery business at Little York and later at Norway.

His death was quite unexpected, he having been ill only two weeks. He was taken to the hospital on Wednesday, where pneumonia set in, and in weakened condition from a severe attack of asthma, his system was not strong enough to overcome it.

Mr. O'Connor leaves a widow, three sons and two daughters to mourn his loss. The funeral will take place on Wednesday next at Fickering, his old home.

### KETTLEBY.

**KETTLEBY, Jan. 30.**—(Special.)—A grand concert will be held in the hall here on Tuesday evening, Feb. 1, under the auspices of the I.O.O.F. A number of well-known and city artists will appear, and the program, which is expected to be decidedly interesting, Mr. Mitchell of the high court will be present and the admission is free.

### CHESTER.

**Popular York Township Couple Are Wedded.**

**CHESTER, Jan. 30.**—(Special.)—A large congregation assembled in St. Barnabas' Church on Wednesday afternoon, the occasion being the marriage of Bowers Downs, township assessor, and Miss Sarah Boyd, who for several years has been a chorister and Sunday school teacher at St. Barnabas.

**Believe Young Woman Has Evil Spirit.**

**HALIFAX, Jan. 30.**—(Special.)—Word comes from New Zealand, a remote island in Eastern Prince Edward Island, of a demand by the simple farmer and fisher folk that Father and Mother should be exorcised from the house of an evil spirit. Her name is Chenese, and she is 20 years of age. Her parents, Mr. and Mrs. James, who have been keeping house for a brother. When he announced that he was getting married, she declared she would soon have a devil in the house, and her subsequent demeanor has convinced her neighbors that she should be exorcised by the church.

**Early Sunday Fire.**

**Fire from causes unknown broke out in the partition between houses at 712 and 714 West King-street, occupied by William Moody and Alex. Miller, early yesterday morning and caused about \$125 damage to its contents of each of the dwellings and \$500 to the buildings. The houses are two-story structures and are owned by the Otto Higel Co. Moody carried no insurance on his contents, but Miller's loss is covered by a policy for \$300.**

### NEW Y.M.C.A. BUILDING

**Amalgamation Movement Started—Four Boards Elect Representatives.**

An organic union of the Central Y.M.C.A., West End Y.M.C.A. and the Broadview Boys' Institute for a new buildings campaign has been effected, with the strong probability that a permanent amalgamation of the Y.M.C. Associations within the city will be the ultimate outcome. The respective boards have elected seven prominent representative citizens to form a building campaign committee, and three more will be appointed. These representatives are not all members of the boards appointing them, but are regarded as especially well qualified for the position. When the additional members have been appointed, an organization meeting of the committee will be called.

The interchange of views between the boards of the Central, West End, University Y.M.C.A., and Broadview Institute has elicited a concurrence in the holding of a joint new buildings campaign within the next few months, with a view to raising a sum sufficient with the sale of some of the present buildings and sites to erect four Y.M.C.A. buildings of adequate capacity for the next decade. This is estimated to need a cash addition of \$600,000.

In the eastern portion of the city a branch Y.M.C.A. is proposed. It will be located in a new building to cost \$40,000 on the site of the Broadview Boys' Institute. This will afford an amendment to the city secured by the members of the Boys' Institute as at present organized in addition to the new Y.M.C.A.

The Central Y.M.C.A. will occupy the present building until a new home on Dr. Palmer's property recently purchased has been completed. The Yonge-street building and site has not yet been placed on the market.

The West End Y.M.C.A., which has been conducted of late as an independent association, is likely to decide to amalgamate with the central and the new east end branch.

The committee so far elected are: E. F. Wood, S. J. Moore, H. E. E. E. Bradshaw, Wm. Garfield and T. Mindley.

### FIGHTING THE RADIALS

**Board of Control to Send Deputation to Ottawa Next Thursday.**

The board of control will be represented before the private bills committee at Ottawa next Thursday when the Hamilton, Waterloo and Guelph radial bill comes up, and also the Montreal Central Terminal bill.

The former bill seeks to secure for the radial railway running rights over the Hamilton Radial Railway line or an independent right of way. When the Hamilton radial bill was before the committee, it was proposed that an amendment whereby the company could not get a right of way within the city's limits without the city's consent. A similar amendment is sought by the city regarding the new radial bill.

Toronto is interested in Montreal's Terminal Company bill, because the city solicitor of Montreal and W. D. Lightland, secretary of the Canadian Union of Municipalities assisted in defeating the Toronto Terminal Company bill last week. That one good turn deserves another is the belief of the board of control.

The Ontario Government, thru Provincial Agent Code at Ottawa, has also been asked to help defeat the radial bill, as the city contends the question of provincial rights is involved.

### New Brunswick's Rhodes Scholar.

**ST. JOHN, N.B., Jan. 30.**—(Special.)—Lloyd Dixon, M.A., has been appointed Rhodes scholar for New Brunswick for 1910. The appointment was made by Mount Allison University, Dixon being the choice from six candidates. He graduated in 1909 and later took the Ph. D. degree at Harvard.
