Charles Moodie Withdraws Million Dollar Suit Against Dominion Power.

HAS NOTHING TO SAY

The Lid is Down Unless the Crown Decides to Probe Dealings.

Hamilton, Wednesday, Oct. 4.-The lid will not be lifted and the public will not be allowed to learn the inside history of the Dominion Power & Transmission Company. The suit of Charles William Moodie against the company, the heating of which began yesterday before Mr. Justice Middleton, was settled this afternoon. Mr. Moodie had promised to uncover some interesting dealings in the securities interesting dealings in the securities issued by the big electric trust, but his counsel had nothing to say this evening beyond the statement that Mr. Moodie had sold out his stock. Evidently the plainting got what he considered to be his due, but the public will not get much enlightenment.

Astounding Charge.

If the plaintiff had gone ahead with his case and made good the sensational averments contained in his bill of particulars the people of Hamilton would have been treated to a fine dis-play of high finance, and would have would have been treated to a fine dis-play of high finance, and would have learned a great deal of interest to them respecting the big electric combine. Just what Mr. Moodie could have proved had the case been fought to a finish is at best only a matter of sur-mise. The defendants have settled with him, and that is the end of the matter so far as he is concerned Whether the crown will take any notice Whether the crown will take any notice of the astounding charges made by Mr. Moodie and institute a probe to establish their truth or show that they have no foundation remains to be seen. It is due to the defendants to say that they indignantly denied the charges of the plaintiff and it was generally believed here yesterday that neither side would give up until the judgment of the privy council had been obtained. The sudden settlement, therefore, came as a surprise.

The sudden settlement, therefore, came as a surprise.

Harris Company Transfers.

Some of the evidence submitted by Mr. Tilley, acting for the plaintiff, showed that considerable stock interests had been transferred from the D. P. and T. Company to the Harris Company. One letter, signed by W. C. Hawkins, showed that \$600,000 had been paid to the Harris Company up to the time of the sending of the letter, and that a further transaction of \$800,000 was being considered.

Over one thousand questions were put to Mr. Hawkins, but thruout the examination his memory was very poor. During the discussion it was brought out that Sir Jahn Gibson had received \$166 for spending three days in Montreal on business for the D. P. and T. Company. When asked to ex-

The big athletic rooms were crowded to the doors, and from the first to the last there was not a dull moment in the proceedings. Amos Alpress was in the chair and the prizes were presented to the winners in turn by Mrs. Harry Sitton, John A. Macdonald and George Davies, the two lajtier members of the Torrens Avenue School Board. W. F. Maclean, M.P., was present during the evening, and warmly congratulated the committee which had charge of the sports, and the children for the splendid success of the undertaking. Others who spoke briefly were George Davies, John Galbrath and J. A. Macdonald. George Moses gave a number of patriotic songs in fine style, and Miss Pranks delighted the big crowd with her vocal and musical selections. The gathering was voted the best over held in Todmorden and will be an annual event. More than \$400 was raised in cash for the purchase of prizes for the children.

York Township Council to Inspect Route of Spur Line

On Thursday afternoon the members of the York Township Council in company with the engineer and a number of interested parties, whose farms are more or less affected by the proposed new Canadian Northern spur line from Duncan to the C.P.R., will go over the routes surveyed, meeting for this purpose at the home of Joseph White at 3.30. A number of road crossings are affected by the spur line, and the idea of the inspection is to arrive at the best means of overcoming the crossing. Farmers interested along the route are invited to join the party.

The roads are as good in the new districts as in the old, and as taxes are as high here as in the heart of the city you can readily see the injustice. To allow the companies to continue as they are is a liberty that they unjustly take advantage of, and a hindrance to growing and prospering communities. RIVERDALE

Horticultural Society Wanted In North Riverdale District

In spite of the vagaries of the weather man thruout the season, North Riverdale garden enthusiasts have had a fairly good summer. Increased interest is yearly being taken in utilizing the back yards, either for growing flowers or useful vegetables, and considerable pride is taken by householders in general in the result of their efforts along this line.

As a natural outcome of this growth of garden work a demand for a horticultural society for the district has arisen, and, as this is the proper time to got arrangements made for next season, a meeting to this end was held on Saturday. A number of enthusiasts got together, and it was agreed to proceed with the formation of such an association, the district to be served being from Broadview to Woodbine avanue, and from Don Mills road to Gorrard street. There is every indication that suc ha society will de well in this area, and a further meeting will be held in a week or so, when all interested in this movement will be invited to attend. An Unfailing Way To Banish Hairs

(Beauty Notes)

Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough and down on the green floor of the aerodrome, where a score of other new planes fresh from England had been marshaled in ranks after their arrival. When storms have prevented migration for a period, fifty have come in from England in one day.

"Good night," said the pilot, after he general delatone, and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.
