Annual Report of Association For Prevention of Tuberculosis

THE WORK OF THE YEAR

Detailed Report of Dispensary and Work of Nurse---The Matter of The New Hospital in East St. John

At the annual meeting of the St. John Association for the Prevention of Tuberculosis, held this afternoon, the executive presented their report of the work done since the last annual meeting in November, 1914, as follows:—

Dispensary.

The work of the dispensary has been carried on steadily during the year under our experienced nurse, but with this change, viz.:—that owing to the doctors on the staff being so busy it was deemed advisable to employ one doctor on a small salary. Dr. A. E. Logie was appointed in June and since then has been at the dispensary three afternoons a week for the examination and treatment of the cases that present themselves.

The dispensary has been open 177 days in all, fifty-four for children and 128 for adults, with attendance of 566—ninety-two children and 474 adults, and 490 prescriptions were filled. At the beginning of the year there were twenty-three children and sixty-two adults on the books, a total of eighty-five. One hundred and forty-nine new cases were reported during the year—forty-five children and 104 adults. Of these ninety were discharged and nineteen died, leaving 125 on the list at the present time.

A good many of these cases come for examination and observation and are often discharged as non-tubercular. While the number of attendances has not been so large as last year, especially amongst the children, there are on the books a larger number of patients. Your committee feel that there are a large number of cases in St. John that do not come to the dispensary, and we again ask anyone knowing of such cases to bring them under the notice of the nurse or any member of the executive.

During the last year six cases have been sent to River Glade, three children and three young girls. The children have all been sent home cured and the other cases discharged much improved. As we have very little funds for the board of such cases, the member of the executive in charge at the dispensary at the time has had to solicit help from private subscriptions. In this work we have been helped by the Brunswick and De Monts chapters I. O. D. E., St. Vincent de Paul, St. Monica's, St. Andrew's societies and many generous citizens.

The dispensary is still the examiner's centre for River Glade and Dr. Townsend is there the first Thursday in every month, also Dr. Ferris, the physician in charge of the new hospital in East St. John, on the third Thursday, so all patients presenting themselves can be roughly examined. It was hoped that this new hospital would have been opened long ere this, but delay has been caused by difficulties in procuring laundrys and electric plants. Dr. Ferris is, moreover, already in residence and sometime in December the hospital will be ready to receive the patients. There are a number of cases which have been waiting some time to go there. It has always been a great question to know what to do with advanced cases.

Nurse.

We have still Miss Sutherland with us and she has been invaluable, doing a large amount of work during the year, making over 1,500 visits to the homes of the patients during the year, to all of whom she has greatly endeared herself by her bright manner and cheerful sympathy. It is through these visits the most important work of the association is done, for it is then that the instruction is given for the care of the patient, so as to prevent the spread of the disease. Miss Sutherland is at the dispensary three afternoons a week and also when Dr. Townsend and Dr. Ferris examine the patients.

Funds.

Since our last annual meeting we have received a bequest from the late Robert Thomson of $3,000. The tag-day fund, amounting to $2,499.74, which has been at interest in the Bank of Nova Scotia for five years has been handed over to the dispensary committee. These amounts have been invested in the provincial bonds and yield us an annual income of $375 without which it would have been impossible to run the dispensary during the last year, for instead of our number of subscribers increasing, as we had hoped, it has fallen off from 311 to sixty-five, and the amount subscribed from $680 in 1914 to $281 in 1915. At one time the finances were at such a low ebb as to leave only $.12 in the treasury when the monthly bills were paid. The total amount collected during the year for dispensary work was $442.41, and of this amount over $150 was given by the Loyalists and De Monts chapters I. O. D. E. Our milk and egg fund, part of which has been used for paying the board of patients sent to River Glade, has been helped by sources before mentioned. In conclusion, the executive beg to thank the following:—The commissioners of the General Public Hospital, for the board and lodging of our nurse; the city commissioners for the use of the dispensary rooms; the Saint John Press for the printing of reports, etc., from time to time and all those who have contributed during the year to the support of the association.

Signed on behalf of the executive,
HELEN SIDNEY SMITH,
Sec.-Treas.
JOSEPH A. LIKELY, President.

MRS. S. E. CHAMBERS

The death of Mrs. Samuel E. Chambers took place yesterday at her home, 91 Hawthorne avenue, after a brief illness. She was a native of St. John, and before her marriage was Miss Sarah Bissett. She is survived by her husband and one daughter, Miss May, at home; two sisters, Mrs. Thorne of Charles street and Mrs. Wells of Boston, and four brothers, H. H. Bissett of this city and three in Boston.

HARRY LAUDER WELCOMED; A VISIT TO MAYOR FRINK

St. John today has a distinguished visitor, Harry Lauder, and he was given a hearty welcome. In his private car, "Olympia," attached to the Boston express, he arrived at noon with the members of his company and a special escort of pipers in Highland regalia. At the depot a large gathering had assembled, and a delegation from St. Andrew's Society, composed of H. C. Rankine, president; F. W. Fraser, secretary, and Charles Bell, visited him in his car and tendered him an invitation to a reception in Bond's cafe this evening, which Mr. Lauder accepted.

The skirl of the pipes was heard through the streets as the distinguished Scot proceeded to City Hall to pay his respects to the mayor. In a motor car driven by J. A. Pugsley, and in which were seated with Mr. Lauder, his manager, L. W. Murray and W. H. Golding, manager of the Imperial, Mr. Lauder was conveyed to the city building, his approach being heralded by the pipers playing spirited Scottish airs.

"I'm glad to visit this part of the world," said Mr. Lauder in acknowledging the introduction to and greetings from Mayor Frink, Commissioners Russell and Potts, "for I know there are some fine people here, and I know it is a part of our great British Empire which is well doing its share in the country's hour of need. I have anticipated this visit with much pleasure. I know there are some good Scots here, too, and I have felt sure of the true welcome which has been given me."

His Worship assured Mr. Lauder that the city was proud of his visit, and expressed the pleasure of himself, the commissioners and the city in general at being privileged to have him come. "We have heard much about you in these parts," he said. "In fact, wherever one goes, the name of Lauder is known. You have attained great success, Sir, and it is our best wish that your success and prosperity will continue for many years to come."

This afternoon at 5 o'clock Mrs. Lauder will be the guest at a tea to be given by Mrs. James F. Robertson, at which her two sisters, who accompany her, the Misses Wallance, will also be guests.

ST. JOHN'S WELCOME TO 69TH GREATLY APPRECIATED

To The Editor of The Times:

Sir:—Would you allow me to use a space in your paper to thank the mayor and the people of the city of St. John for the magnificent reception tendered to us on our arrival here Saturday morning.

You may assure the people of St. John that this warm welcome has been greatly appreciated by my battalion. My officers and men, though already far from home, have found this city of yours full of sympathy and patriotism, and it will greatly help them to undertake with more energy and interest their training before going overseas.

Thanking you, Dear Sir, for the space allowed me in your paper, I remain,

Yours very Truly,
J. A. DANSEREAU,
Lieut.-Colonel
O. C. 69th Overseas Battalion, C. E. F.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions, requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system, thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THEY JOIN FORD

New York, Nov. 30—The Tribune says:

Old Dr. Pease, the terror of tobacconists, Richard Bartoldt, the hyphenated United States representative from Missouri and Dr. Moses Stearn, the perrennial candidate for mayor in Philadelphia, all enlisted under the Ford banner of peace yesterday.

At present the plan of campaign against the embattled nations begins with the departure of the Oscar II. on December 4. The vessel will sail northwest under cover of a curtain of Marconigrams, "out of the trenches on Christmas, never to return."

These messages will rake the hostile territory as soon as it comes within range. The second offensive will be launched on December 8, when an overflow meeting will sail on the Frederick VIII.

The expedition will sail around the north of Ireland and Scotland to Christiania, all the while bombarding the belligerents with wireless ultimatums. After calling at Scandinavian ports to gather recruits, the invaders will occupy the Hague. If Europe has not become completely subdued by then, they will hold a peace meeting there.

DEATH OF CHARLES PYNE

Coates, of this city, and Miss Ellen, at home, and two brothers, Andrew and William, both of this city. He was well known and respected, and his death will be heard with regret by a wide circle of friends.

On Wednesday afternoon "The Goddess" will be repeated for those who were unable to see it on Monday. The 14th chapter is a very exciting one and those who have been following the story should not miss it. Miss Gertrude LeRoy in the latest New York song hits.

AUTOMOBILE DRAWING AT THE RINK FRIDAY EVENING

Band Concert Will Begin at 8 O'clock and Col. Dansereau Will Probably Draw the Lucky Ticket

The Nurses' Association have, through the courtesy of the St. Andrews' Club, arranged the drawing for the automobile for which they have been selling tickets for the last few weeks, in the interests of the British Red Cross Fund, at St. Andrew's Rink at sharp nine o'clock next Friday evening. A large number are interested in this event as many tickets have been purchased, and so as to avoid an unmanagable crowd, the nurses have decided to charge the small sum of ten cents for admission to the rink.

The band of the 104th have very kindly volunteered their services and will give a concert beginning at eight o'clock and possibly assisted by another regimental band. It is also hoped that Lieut.-Col. Dansereau can make it convenient to attend for the purpose of drawing the lucky ticket, and announcement of this and other particulars will be made tomorrow.

ST. ANDREW'S DAY
Flags were flying throughout the city today in honor of St. Andrew, patron saint of Scotland. Special services were held in Trinity and St. Luke's churches. This evening members of St. Andrew's Society will assemble in Bond's, where a programme will be carried out. Owing to conditions brought on by the war the celebration will be informal.

EVENING WITH LONGFELLOW.
The Young People's Society of St. John Presbyterian Church held their regular meeting in the school room of the church last evening. The programme was under the direction of the educational committee and provided a most interesting evening with the poet Longfellow. A life sketch of the poet, readings from Evangeline and others of his more popular poems, with appropriate music, made a profitable hour. The readings were accompanied with tableaux illustrating life scenes described by the poet. Reflectroscope views of the Land of Evangeline were shown, and the singing of Longfellow's well known poem, The Bridge, was accompanied by illustrative pictures on the screen. Those taking part in the programme included Misses Lyle Kennedy, Emma Rubins and Jean McAfee, Messrs. T. W. Foulkes, George McKinney, F. G. Jones, J. B. Hamm, Aubrey Armstrong and Rev. Mr. Anderson.

STILL CRITICAL

Chester Johnston, the six year old boy who was accidently shot on last Sunday, and who is in the hospital in a critical condition, showed no signs of improvement today. To the Times today it was said he was not a chum of Roland Lobb, who fired the shot. The little lad left home about 2.30 o'clock Sunday afternoon and went to visit the little Lobb children, and it was said he had only arrived at the door when the shot was fired. He had not been away from home twenty minutes. Roland Lobb is still held in custody at central police station. No charge has been laid.

A. and Fairville Baseball League attended the funeral. Many beautiful floral tributes were received.

You can all show interest in the families of our brave Canadian defenders by patronizing the "Mother Goose Fair" in the Knights of Columbus hall tomorrow afternoon and evening. The proceeds are for the Patriotic Fund and the members of the Royal Standard Chapter Daughters of Empire have spared no effort in making this fair one of unusual interest. Outside friends have already sent in many saleable donations. Do your part by attending and making your Christmas purchases. What you spend is going into the Patriotic Fund. Don't fail to attend either afternoon or evening tomorrow. A tea room is one of the attractions at the "fair." Admission 10 cents.
