

DUNNING MADE RAIL MINISTER VICE GRAHAM

Saskatchewan Premier To
Stand For Federal Post
In Regina

NOMINATION MARCH 16,
VOTING WEEK LATER

Candidate Will Be Youngest
Member With Portfolio
In King Cabinet

OTTAWA, Feb. 21.—Another "key" portfolio in the King ministry has been transferred from Ontario to Saskatchewan with the announcement last night by Rt. Hon. W. L. Mackenzie King, the prime minister, of the appointment of Premier Charles Dunning of the latter province to the position of minister of railways and canals in succession to Rt. Hon. George P. Graham, whose resignation of that post was also announced by Premier King.

It was also made known that Francis Darke, Liberal member for Regina, has placed in the hands of the Speaker the resignation of his seat in the House of Commons to make way for Premier Dunning. The Speaker, Hon. Rodolphe Lemieux, has in turn issued the warrant for a writ and the latter has been also issued. Nominations will take place in Regina on March 16 and the election on March 22.

TO CONTINUE IN CABINET.
Premier King stated, in connection with the resignation of Mr. Graham, that the latter will continue as a minister without portfolio, and that he will attend the meetings of the cabinet, exercising his prerogative as Prime Minister of inviting any privy councillor he chooses into consultation on matters of state business. While Mr. Graham will terminate his active association with parliamentary life, he will therefore continue his connection with the Government in an advisory capacity.

IS YOUNGEST MINISTER.
Premier Dunning will have the distinction of being the youngest member of the cabinet with portfolio, having not yet reached the age of 40 years. He was born in Leicester, England, on July 31, 1886. Hon. Lucien Cannon, Solicitor-General, is his junior by two years, but Mr. Cannon cannot properly be regarded as a minister with portfolio. It is an interesting coincidence, too, that Premier Dunning as leader of the Saskatchewan Government, was Minister of Railways for that province.

PROGRAM ENJOYED.
Under the auspices of the Good Cheer Circle of the King's Daughters a much enjoyed impromptu musical program was provided for the residents of the Old Ladies' Home yesterday afternoon. Solos, duets and trios were given by Miss Jessie Jamieson, Miss Smith, deaconess of the United Church, and Dr. J. G. Leonard. Miss Alice G. Rising was the accompanist and also gave piano solos.

The Real Cause Of Constipation Is A Bad Liver

Mrs. Jean Bocher, Nelson, B.C., writes:—"For many years I have been troubled with my liver, and suffered terribly with constipation."

I HEARD ABOUT
Milburn's

LAXA-LIVER
PILLS

and have been greatly improved since I started to take them.

I cannot recommend them too highly to any one who is troubled with their liver."

Milburn's Laxa-Liver Pills are not a new and untried remedy. They have been on the market for over 22 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

HON. C. A. DUNNING,
Premier of Saskatchewan, who has
been taken into the King Cabinet as
Minister of Railways and Canals.

THEOBALD M. BURNS DEAD AT BATHURST

Was One of Early Partners of
What is Now Bathurst
County

BATHURST, Feb. 21.—The death took place at an early hour this morning of Theobald M. Burns, in the sixty-fifth year of his age. Mr. Burns received early education in Chatham and came to locate in Bathurst about 50 years ago, where he completed his education and engaged in the lumbering business associated with the Hon. Kennedy F. Burns. The business subsequently became known as the St. Lawrence Lumber Co., and later transferred to Adams-Burns Co., of which the late Mr. Burns was a member and in which he took an active part until the business was sold to the Bathurst Lumber Company.

DISCOVERED IRON MINES.

Mr. Burns and the late William Hussey discovered the iron mines in the Parish of Bathurst and the former was responsible for this important industry being developed by the Canada Iron Corporation with whom he negotiated and completed the sale of these properties. In 1919 he incorporated and organized Burns and Alanson, Limited, which has developed into one of the most important wholesale grocery companies in northern New Brunswick.

In early life Mr. Burns took a keen interest in public affairs. He was a Conservative in politics and unsuccessfully contested the county for the House of Commons against the Hon. O. Turgeon. He first ran for the local legislature in 1899 and his ticket was elected by acclamation. He sat for a time and again appealed to the Gloucester electorate in 1904, when he was again returned. In the election of 1908 he was defeated and he then retired from politics.

A FORMER MAYOR.

Mr. Burns sat as a member of the Bathurst Town Council during 1917 and 1918. He was elected Mayor in 1919, which office he held for two years.

The late Mr. Burns is survived by his wife, who was a daughter of the late Henry White, and three children, Miss Patricia and Miss Mary, and five sisters, Mrs. Maria McKenna, Mrs. Ellen White, Miss Josie Burns and Mrs. Pauline, all of whom are in Bathurst. The funeral will be held on Tuesday morning from his late residence, King street, to the Sacred Heart church, where a high mass of requiem will be celebrated.

N. S. MINERS REJECT BESCO AGREEMENT

Large Majority Insist on Check-
off Clause in Wage
Contract

SYDNEY, N. S., Feb. 21.—The United Mine Workers of America, District 26, have voted against the proposed agreement with the British Empire Steel Corporation by a majority of 8,705. In each of the five sub-districts the referendum was overwhelmingly against acceptance and clearly indicated the attitude of the miners regarding the "check-off" clause, to which the corporation takes exception. The result of the polling shows that a large majority insist upon its inclusion in any agreement.

Following is the result of the referendum given out by the United Mine Workers' headquarters at Glace Bay tonight:
Sub-district No. 1, Glace Bay, 801 for, 2,228 against.
Sub-district No. 2, Sydney Mines, 242 for, 790 against.
Sub-district No. 3, Cumberland (Springhill), 97 for, 831 against.
Sub-district No. 4, New Waterford, 165 for, 985 against.
Sub-district No. 5, Pictou (Stellarton and Thorburn), 65 for, 831 against.
Total vote, 6,073. For, 1,170; against, 4,903; majority against, 3,733.

\$2,000 Fine Imposed On Rum Schooner

CHATHAM, N. B., Feb. 19.—Three thousand dollars worth of liquor, comprising the cargo of the schooner Annie B. M., owned by George E. LeBlanc, of St. Pierre, which was seized in October, 1924, while lying in Lyons Cove, has been confiscated by the Customs Department.
In addition to the loss of the cargo, a fine of \$2,000, with costs, amounting to an additional \$400, has been assessed against the schooner. The announcement has been made in a ruling received from the department as the final disposition of the case. A vigorous protest was entered by the owner following the seizure.

TALKS TO K. P. AND ROTARIANS

Rev. J. S. Bonnell Preaches
at Annual Church
Services

Organizations Attend at St. An-
drew's—Urged to Work For
Good of Community

IN splendidly inspirational addresses delivered at the annual services of the Pythian order and the Rotary Club held yesterday in St. Andrew's church, Rev. J. S. Bonnell exhorted the members of the two organizations to carry into their daily lives the lofty ideals for which those organizations stood. He pictured for the large congregations how great would be the good accomplished if these ideals were carried into daily practice in human intercourse by all of the increasing membership of the two bodies wherever they are found throughout the world.

PYTHIAN SERVICES.

The large auditorium and gallery were filled almost to capacity for the annual service of the four lodges of Knights of Pythias and the two temples of Pythian Sisters and the hearty singing of that great congregation was specially impressive.
Mrs. F. J. Hodgson, the organist, played for prelude and postlude hymns, "The Curfew" and "Lemmens." The "Triumphal March." Stirling hymns were sung and as anthems Miss Ermie Climo and Miss Blenda Thomson sang Faure's "Crucifix" and the full choir rendered "The Triumphal March from Dances by Costa. Rev. J. J. Pinkerton offered prayer and led in the responsive reading.
"The inherent worth of a man" was the theme upon which Mr. Bonnell addressed the Pythians and his text was Matthew 12:12: "How much then is a man better than a sheep."

IDEALS OF ORDER.

Mr. Bonnell declared that the ideals of their order challenged the members of the Pythian order to combat the spirit of commercialism and the spirit of materialism, which were at variance with those ideals and were gaining headway in the world today. Commercialism he found to be rampant in the daily life of the people and he spoke of those who calculated a man's worth in money, who spoke of workmen as "hands" and considered a man no better than a sheep except in so far as he could bring greater financial returns.

The illicit sale of liquor even in the streets of Saint John, the nefarious drug traffic and the white slave traffic, which were eating at the vitals of our civilization, Mr. Bonnell said, were evidence of the spread of the spirit of commercialism in national life but the most pitiful thing was to see that spirit working in the hearts and lives of men and women.

based firmly on the ideal of service they could revolutionize this city. But if the members were not perfect exemplifications of the ideal it was certainly very worth while to have a group of men in the community struggling towards that ideal.

Mr. Bonnell spoke of the wide spread of the Rotary Club movement in the little more than 20 years since its formation. It was now established in 33 countries and had 115,000 members. At the disarmament conference in Washington a short time ago the two Japanese delegates were Rotarians, and it was the past president of the Rotary Club in Tokio who had successfully negotiated the recent Japanese loan.
