Some Families Are Never III

FORTUNATE are the children I whose parents fully realize the seriousness of constipation. Hospital records prove that 75 per cent of all disease originates in bowel obstruction, or constipation. Young children cry because of it; school children are hampered in their studies; grown people are made 25 per cent less efficient; elderly people's blood pressure increases 28 per cent. Clara M. Smith, Big Valley, Alberta, recommends Dr. Caldwell's Laxative Syrup Pepsin for all, and especially for children and old folks; Mrs. Bettles, 8 Napanee St., Toronto, keeps it always in the house for family use.

We guarantee that if you will give Dr. Caldwell's Laxative Syrup Pepsin to a child or for a few nights to an adult it will relieve any case of constipation no matter how chronic, or your money will be refunded. 10 Million Bottles a Year

Largest Selling Laxative

Every up-to-date family medicine chest should contain a bottle of Dr. Caldwell's Laxative Syrup Pepsin, a compound of senna with pepsin and palatable aromatics, a prescription written 30 years ago by Dr. W. B. Caldwell, who practiced medicine 47 years. You can buy a bottle in any store where medicines are sold, and the cost is less than a cent a dose.

You million Bottles a Year

Use it once and you will never again take coal-tar drugs in candy form, calomel or salts. Dr. Caldwell's Laxative Syrup Pepsin is a vegetable laxative free from opiates and narcotics. It can be safely given to infants, yet it effectively moves the bowels of adults. It acts gently; does not cramp or gripe. Keep it in the house and use it for any indication of bowel obstruction such as constipation, biliousness, torpid liver, dyspepsia, pimples and like skin eruptions. Give it early and it will break up a fever or a cold overnight. A spoonful proves it.

HAPPIER, HEALTHIER WOMEN By thousands are known to exist in this country because they have been relieved from pain and suffering by taking Lydia E. Pinkham's Vegetable Compound. Science in surgery and electricity have advanced greatly during the last fifty years, but treatment of disease by old-fashioned root and herb medicines has never been improved upon. The leader of them all is Lydia E. Pinkham's Vegetable Compound which after fifty years of success is today recognized as the standard remedy for female ills and sold everywhere for that purpose. Replies o a questionnaire recently sent out to 0,000 women by the Lydia E. Pinkham Medicine Co., of Coooner, Onc., proved that it benefits 98 out of every 100 women who try it. Isn't this a marvelous record for any medicine to
