A fire last night in a cooper shop in Indiantown is believed to have been set. Traces of oiled paper and cloths were found about the shed, and a can found nearby smelled strongly of oil.

DETECTIVE HOME FROM WEST WITH PRISONER

Geo. F. Menzies Brought Here on Charge of Embezzlement

Detective Killen returned to the city this morning, bringing with him George F. Menzies, wanted here on a charge of embezzlement from the Metropolitan Life Insurance Company while in their employ last year.

Menzies moved from St. John last fall and has since been engaged with a Winnipeg firm as a traveler. The detective said this morning that the prisoner had been looked on by his employers as one of their best men on the road.

Detective Killen, with his prisoner, arrived on the Maritime express, having made the journey from Montreal by I. C. R., so that it would not be necessary to pass through the United States, as would have been the case via C. P. R.

Menzies was brought before the magistrate just after his arrival, and the charge was read over to him, and he was remanded until Tuesday afternoon.

Rev. P. McKim met Menzies at the depot and was in conversation with him in the guard room.

SMASHED LARGE WINDOWS IN EASTON'S SO THAT HE WOULD BE SENT BACK HOME

Toronto, May 22.—Thomas Ward, an Englishman recently arrived, appeared in the police court, charged with a minor offence. Ward pleaded guilty and asked the magistrate to deport him, because he was tired of Canadian life and methods. His plea was refused, the case against him dismissed, and Ward was told to go and get some work.

That night about 10.30 Ward armed himself with three half bricks, and waiting till a constable appeared in sight, proceeded to smash in the plate glass windows in Easton's store in Yonge street. Before policeman Whitley could run to him from the corner of Queen and Yonge, Ward had smashed three large panes, which will cost Easton's \$300 to replace.

Ward said he was disgusted at not being granted deportation and decided to adopt militant methods to gain a free passage back to the old country.

THE HUGH CAMPBELL BENEFIT WAS SUCCESSFUL

Enjoyed By Large Audience—Professional Visitors Make Sacrifice to Assist

The testimonial concert tendered Hugh Campbell, well known local singer, in the York Theatre last evening was a pronounced success and much credit is due to the energetic committee which had the matter in hand for the able manner in which they fulfilled their obligations. Possibly the greatest share of thanks goes to the talent who gave their services free, and this was referred to in a brief address made by H. H. Golding, manager of the Imperial, who has been largely instrumental in the success of the undertaking. He expressed gratitude in behalf of the committee for the co-operation of the talent and the public in general. The theatre was also given free.

It was not an easy matter for all those taking part to do so. Sam A. Meharry, leading man with the Thompson-Woods Stock, left his bed, to which he had been confined all day with a most severe cold, and drove to the York Theatre, to give a reading. He chose as his selection a burlesque soliloquy on Edgar Allan Poe's "The Raven," and received a flattering reception. Immediately afterwards he was driven back to the Opera House and went on with his part in the stock production.

Another performer who labored under difficulties was Arthur Huskins. He made a fine impression upon the audience, despite the fact that he had not been able to appear at the Imperial yesterday, owing to his being under the care of a physician. He is suffering from a heavy cold. The quartette in which he appeared last night gave a most enjoyable number. The rest of his taking part under such conditions, and of Mr. Meharry who has not been well all week, is a credit of much better thanks from all concerned. It showed the goodwill of each of them, though more or less strangers to St. John. Each of the numbers on the programme was well received. The playing of the new brass quartette from the City Cornet Band was most favorably commented upon. The programme was nicely varied and gave delight to the audience assembled. It was carried out as already published. The fancy sword swinging act was by Walter Brown and children and was well received.

IS BUT THE BEGINNING

Fairville Tag Day Start of Progressive Plan

A GLANCE AHEAD

Suggested That Firemen's Park Be Bought From City—Clean-up Day, Band Stand and Other Matters For Immediate Future

Next week Fairville will initiate its first effort to better itself and people, in the launching of a tag day campaign in aid of public playgrounds for the children. While this would seem to be the beginning and end of the movement by those who have not taken a vital interest in the recent meetings and discussions, it is in reality likely to be merely the starting point of more extensive town improvements that should attract the prospective home builder to this section as a desirable place to live in.

These things come slowly, partly through education and also because the present time demands more up to date means and methods that life may be enjoyed to the best advantage, content with surroundings, and, judging by the spirit manifested of late, Lancaster would now appear to have said "We have many natural endowments lying dormant, which could be made into a beautiful suburb, let's get together, Citizens, and develop our possessions."

When the children have been seen to the older boys and girls must be provided for. The Firemen's Park has only three more years to run on lease, and before that expires, arrangements should be made to secure the whole plot outright from the city. Coming generations sharing in the benefits of a suitable park would not only cheerfully bear their part of the financial obligation, but have every reason to bless the name of the citizens whose foresight provided a fund ground before all land near the town became absorbed for industrial and residential purposes. Once the property was absolutely owned by the community, improvements could be added that could never be molested or taken away. Then a local band stand ought to be secured, and besides ownership would foster pride in the fixing up of a pleasure spot in the best manner possible. This of course is all future talk but is perhaps worthy a little meditation as within the bounds of possibility for much town betterment.

Close at hand, however, the cleaning up day appeals strongly, one sufficient means are in the treasury to pay the moderate expenses such an effort involves. Then a local band stand ought to come, and surely a section that ten years ago boasted one of the finest musical organizations in the province did not turn up a detour bearing favorable comparison with what we hear in the streets today.

Securing a team of horses controlled by the highway board was advocated in the board of trade recently and met with approval and along with that a watering cart to lay the dust in summer, and a snow plough to clear the main street, at least in winter. Why not?

All that is required to carry through successfully any reform movement is loyal community spirit. The campaign for a public playground have led the way and it is for Lancaster as a whole to lift together for better conditions, which will not only make things more pleasant and happy for the population now, but if surroundings count for anything, ought to give the next generation a better chance to expand their more congenial influences and helpful facilities.

WILL COME FIRST TO ST. JOHN

Excursion From Boston to Starr Family Re-union Near Wolfville

The annual reunion of the Starr Family will be held on July 1 and 2 at Starr's Point, near Wolfville, N. S. Descendants of Samuel and David Starr (sons of Samuel, Jonathan, Samuel, Thomas, Doctor Comfort)—the original grantees of these Acadian lands under the Cornwallis grants of 1761 and 1764, respectively—still living at Starr's Point, cordially invite a limited number to their hospitable homes, with drives to Blomidon and through the beautiful Gaspereau Valley to Grand Pre, to the ruins of the old French Church, Evangeline Well, and other points made famous by the poet Longfellow. Accommodations may also be reserved at the Hotel, Wolfville, N. S., for thirty persons.

It is proposed that all meet in Boston and come together by express steamer of the Eastern Steamship Corporation direct to St. John. As now planned, the steamer will leave Central Wharf, Boston, on Monday, June 29, at 9 a. m., and on June 30 the party will leave St. John about noon for Digby and Wolfville. Returning, they plan to leave St. John at seven p. m. on July 4, and reach Boston about two p. m. on July 5; or a steamer may be taken from Yarmouth.

COMPLIMENT TO F. NEIL BRODIE

Yesterday Fredericton Gleaner says—"Mr. B. Emerson, chairman of the Board of School Trustees of St. John, and H. Claire Mott, architect, of St. John, are here today inspecting the St. Dunstan's school building. The school trustees of St. John are considering the erection of a new school building, and are looking over buildings in other places with the idea of incorporating some suggestions thus acquired in their plans." The delegation from St. John are understood to have expressed themselves as entirely pleased with St. Dunstan's School, finding it more suited to St. John's needs in its general design than the great school building in Bangor. It is worthy of note that St. Dunstan's School was designed by F. Neil Brodie, of St. John, and it must be somewhat flattering to him to know that a delegation from his own city went to Fredericton to examine and approve of a sample of his work. Another of Fredericton's schools was designed by G. Ernest Fairweather of St. John.
